**JOB OVERVIEW**

UVic Residence Services is seeking to hire students interested in fostering supportive relationships and engaging in personal growth and development for the position of residence Community Leader (CL) in the 2022-2023 Academic Year. The foundation of this position is to develop a community support system that enhances the experience of living in residence.

Residence Services is a unit within the division of Student Affairs that provides accommodation, programming, support, and education to the on-campus student community as well as a summer conferences operation for off-campus customers. Residence Life & Education, the department within Residence Services for which CLs work, aims to support the learning and personal development of all residents within a safe and welcoming community.

The CL is a part-time live-in student leadership position integral to building community within UVic student residences. CLs are the primary peer support for residents and they work as a team to assist with residents’ academic and social transition to university life through facilitating programming and participating in a regular in-night rotation. This role involves managing issues within the community to support the security and wellbeing of residents including serving as the first point of contact during critical incident and/or crisis situations. CLs are trained accordingly to appropriately respond to situations of a serious or sensitive nature as required with the support of Senior Community Leaders (SCLs) and Neighbourhood Managers (NMs), to whom CLs report.

*Cluster CLs live in a shared 4-bedroom staff apartment unit. Please note the Cluster neighbourhood will comprise primarily upper year students in 2022-23; most first-year students will reside in Traditional style housing. Some student needs differ between first and upper-year students; applicants wishing to work in Cluster housing should be prepared to support the needs of upper year students.*

The Community Leader is an eight month appointment (August 2022 – April 2023) working up to 590 hours over the course of the academic year.
