RECLs are the primary peer support for residents and they work as a team to assist with residents' academic and social transition to university life through facilitating programming and participating in a regular in-night rotation. RECLs are responsible for implementing educational programming aligned with their unique LLC curriculum while supporting residents to be leaders within their own community. This role involves managing issues within the community to support the security and wellbeing of residents including serving as the first point of contact during critical incident and/or crisis situations. RECLs are trained accordingly to appropriately respond to situations of a serious or sensitive nature as required with the support of Senior Community Leaders (SCLs), the Coordinator, Residence Education, and Neighbourhood Managers (NMs), to whom RECLs report.
