The Department/School of Biochemistry and Microbiology has 1 position.1,2

APPOINTMENT, From: 5 Sept, 2017 To: 30 April, 2018

TOTAL HOURS: 574 AVERAGE WEEKLY HOURS: 17.5

POSITION TITLE: Jr. Laboratory Assistant COURSE: BCMB 301A and 301B

DUTIES AND RESPONSIBILITIES
The Jr. Laboratory Assistant, under the instruction and guidance of the Laboratory Instructor, is responsible for the set-up of the undergraduate student laboratories. Duties include ensuring equipment and reagents are in place for the student labs and general lab maintenance. In addition, the Jr. Laboratory Assistant will be involved in the pretesting and preparation of buffers, reagents and cultures (bacterial, eukaryotic) to be used in the student labs.

REQUIRED QUALIFICATIONS AND EXPERIENCE
Candidates must have completed their third year in a BIOC or MICR program or have equivalent experience. The ability to be organized, follow protocols and work independently is essential. Previous laboratory or research experience is an asset.

Appointments will be made in accordance with Article 13.02 (Appointment Procedures) and Appendix A of the CUPE 4163 Collective Agreement. Selection criteria will include: qualifications and ability based on academic merit and related experience, the career and/or pedagogical value that the experience in a particular position will provide the student, the student's preferences, and other sources of graduate student financial support.

Submit the completed application form to: Administrative Officer (Biochemistry) by Chair/Director/Designate Date 24-Jul-17

1. Number of available positions subject to funding availability and/or course cancellation.
2. See Schedule 1 in the Collective Agreement for wages.
