

University
of Victoria

Presented by the University of Victoria, Department of Chemistry:

Professional Development Workshop for High School Science Teachers - “Chemistry activities and information to inspire future scientists.”

Date: Friday, February 23, 2018

Location: University of Victoria, Elliott Building

- 9:00 – 9:30 AM: Check-in and coffee. Elliott third floor lobby.
- 9:30 – 9:50 AM: Introduction and program information with the Chair, Neil Burford and Chemistry advisors, David Berg and Peter Wan. Elliott 230. ...Or, you could opt to attend a lecture – either Chem 102 with Rob Lipson (BWC B150) or Chem 437 with Fraser Hof (MAC D288). Lectures run until 10:20 AM.
- 10:00 – 10:20 AM: Coffee break. Elliott third floor lobby
- 10:30 – 11:20 AM: First year lecture demonstrations with learning goals explained. A selection of typical first year lecture demonstrations with information about how they support the lecture material. Elliott 230.
- 11:30 AM – 12:20 PM: Cool experiments for your classroom. Fun with “gin and tonic” and other acid/ base ideas you can use in your classroom. Elliott 227. ...Or you could opt to attend a Chem 102 lecture (BWC B150) with Irina Paci.
- 12:30 – 2:00 PM: Lunch and graduate student poster session. Enjoy lunch while reviewing some of the current research being pursued by our graduate students. Teachers are invited to vote for their favourite posters, followed by the presentation of prizes to the top three. Cadboro Commons Building.
- 2:10 – 3:15 PM: Discussion panel: “Changes to curriculum and assessment for Chemistry 11 and 12 in British Columbia.” Panel members are chemistry teachers and professors. Elliott 226/ 228.

Cost: \$55.00. Contact rpulez@uvic.ca to register.
