Reading this worksheet

For requirements that offer a selection of courses, there is not always room on the worksheet to include all options. Where a course range is not explicitly listed or includes an ellipsis ("…") you should refer to the entry for your program in the Academic Calendar for a complete list of options.

Courses already complete

You can find a list of the courses you have already taken at UVic, as well as a list of courses for which you have received transfer credit by reviewing your Administrative Transcript from your My Page account.

Pre- and corequisites

Course prerequisites are listed in the Academic Calendar and must be satisfied before beginning any given course. Any listed corequisites must be completed before or at the same time as a given course. Make sure you review the requirements carefully before registering.

Choosing electives

UVic requires all students to take a minimum of 60.0 units of post-secondary coursework as part of their degree. In most cases, you'll need only 18.0 to 30.0 units to satisfy the specific course requirements of your major and "elective courses" will make up the difference.

Electives can be chosen from any area of study and taken in any year, as long as you meet the prerequisites. Use these courses to explore different areas of study or include a minor or second major.

declaring your program

After completing 12.0 units of coursework (including transfer credit), you are eligible to declare your program. To declare, complete a program request form through My Page by visiting www.uvic.ca/declareme. Once your request has been approved, you'll be given access to an online degree evaluation (CAPP) report that shows your progress towards the requirements for your program and the university. You can continue to use this worksheet for planning purposes, but the degree report is your official record.

Student responsibility

You are responsible for the completeness and accuracy of your registration and for determining the requirements of your program.

Always read course descriptions before you register to determine if you have the necessary prerequisites, and pay attention to notes on mutually-exclusive and cross-listed courses (pairs of courses in which credit will be awarded for only one).

Program notes

1. If you take ENGL 101 before attempting a course that satisfies the Academic Writing Requirement, it will count ONLY as an elective and not towards English literature program requirements.

2. ACWR 100-level transfer credit can be used instead of 1.5 units of first-year English coursework.

5. Students in the Faculty of Humanities are required to complete courses in three areas of Humanities (including your program area) as well as 6.0 units of coursework outside the Faculty of Humanities to be eligible for graduation. When choosing electives, make sure to plan for these two requirements.

6. Professional Communication courses offered by the Department of English, ENGL 393, ENGL 395 will NOT count towards the requirements for an English major; make sure you read course descriptions carefully.
