COURSE FORMAT
Due to the Covid-19 pandemic and need for physical distancing, this course will be delivered primarily online. Course instruction and learning will involve a mixture of self-directed activities (asynchronous) and online live video lecture and discussion sessions (synchronous). This hybrid format is intended to prioritize real-time interaction while allowing for individual and group learning. As well, several classes early in the term will include outside field-trips (walk and bike tours).

Because of its online delivery there might be some additional challenges for you as a student. Please read the following carefully and keep in mind for the course:

• Useful information on online learning can be found at the UVic Learn Anywhere portal.

• Much of this course will be delivered “live” on Thursdays from 9:00-11:40am (Pacific Daylight Time) through the Zoom (video-conferencing) platform. All UVic students are automatically provisioned with access to Zoom. You log in with your regular Netlink ID and password and an access code for the class sessions (which will be posted on Brightspace and emailed to you prior to the first class).

• Several walk and bike tours will be hosted early in the term (likely weeks 2, 3 and 4, weather depending). These will be held on scheduled class hours (Thursday mornings) and with Covid protocols. We will meet downtown Victoria and be outside for the full class period. Equivalent activities will be arranged with students not residing in Victoria/South Island area.

• Attending the live lectures at designated times is expected. Real-time interaction with instructor and classmates during set times greatly enhances the learning experience. For students who are residing in distant time zones, attendance will not be strictly mandatory (or special arrangements will be made). Lectures will be recorded and posted on Brightspace, although live group discussions will not be recorded.

• Note: on some weeks, there will be self-directed learning components and we will not meet in live sessions, or the Thursday class will be shorter, ie. 90min (see updated course schedule).

• Brightspace (which has replaced CourseSpaces) is the main course hub where you will access materials (e.g. the course outline, readings, links), complete quizzes and exams, submit assignments, check your grades, and engage in discussions.

• Technology requirements: You will need reliable access to the internet and a computer (preferably with webcam/microphone) or a smartphone to connect with the class for the online lessons (through Zoom). You should be comfortable using a word processor such as MS Word
(Office 365) and will be required to submit some assignments in .doc or .pdf formats.

- The online format can seem strange and awkward at first, but we will do everything possible to make this a **comfortable and effective learning environment**. Keep in mind that we are all new to this format and we all need to be forgiving, open-minded and adaptable. We’re in it together.

- Ensure you have a **distraction-free** space at home (or elsewhere) for the online classes.

- To help **build community and learning**, you are encouraged to turn your video on during sessions. It is understood that in certain circumstances in which you may be unwilling or unable to do so which is perfectly acceptable. Remember when joining with video, your classmates will be able to see your background... so hide embarrassing things.

- Most days, the “live” portion of the course will involve lectures, break-out group sharing, class discussion, and time for questions and answers. Please listen carefully to directions given at the start of class around asking questions and effective dialogue through this format. When not actively contributing, please ensure you “mute” yourself to reduce ambient noise.

- Students less keen on sharing live will be able to participate through the **Brightspace forum**. Both in live class discussions and in the online forum, please be respectful, constructive, and professional in all your online interactions. Please no trolling or sideline digressions.

COURSE DESCRIPTION

*Urban Mobility: Cities and Transportation (Geog 491)* provides a unique applied learning experience for students to explore and creatively engage with a range of urban transportation issues in Canada and in the Victoria area specifically. Public transit, active transportation, road safety, bicycle planning and design and innovations in urban mobility will be addressed in the context of planning, policy and geography of Victoria and the Capital Region. The course will feature several guest presentations from local area city planners, professionals and community leaders. Special presentations and discussion groups as well as walk and bicycle tours will also take place during class or designated times.

**KEY THEMES:** Cities in the 20th & 21st century; urban transportation & development; transit planning and design; active transportation; walkable cities and urban design; bicycle planning and infrastructure

LEARNING OUTCOMES

By the end of this course successful students will be able to clearly articulate and explain:

1. The critical role of cities and their transportation networks in human history and civilization, and the more recent evolution of the 20th century modern city.

2. Multiple perspectives on urban planning, multi-modal transportation and active transportation in the context of urban and built environments – and the benefits and challenges of retrofitting transportation systems
3. The complexities of developing and implementing city planning initiatives and the challenges, barriers, politics, and strategies involved.

4. The rationale, assessment and analysis of recent or ongoing active transportation investments in City of Victoria, District of Saanich, UVic and other jurisdictions.

5. The extent to which active transport and related mobility investments support broader urban and regional sustainability efforts, e.g. climate change, road safety.

6. The importance of qualitative and quantitative data (and methods), including critical field observations, to support and assess urban planning initiatives.

EVALUATION

1. Student Participation & Quiz (20%)
2. Assignment #1 – Research Paper/Urban Field Diary - (30%)
3. Assignment #2 – Street/Corridor/Site Analysis and Design (30%)
4. Assignment #3 – Online Presentation (20%)

Further details on assignments to be provided early in fall term.

POLICY ON LATE ASSIGNMENTS
A deduction of 5% for late submission of two days. 15% for 5 days or more. Please contact me with any assignment issues or timing.

POLICY ON ATTENDANCE
Attendance is expected at all classes. Please advise in advance if you cannot make a class.

ACADEMIC INTEGRITY
It is every student’s responsibility to be aware of the university’s policies on academic integrity, including policies on cheating, plagiarism, unauthorized use of an editor, multiple submission, and aiding others to cheat.

Policy on Academic Integrity: web.uvic.ca/calendar/undergrad/info/regulations/academic-integrity.html

If you have any questions or doubts, talk to me, your course instructor. For more information, see uvic.ca/learningandteaching/cac/index.php.

ACCESSIBILITY
Students with diverse learning styles and needs are welcome in this course. In particular, if you have a documented disability or health consideration that may require accommodations, please feel free to approach me and/or the Centre for Accessible Learning (CAL) as soon as possible (uvic.ca/services/cal/). The CAL staff is available by appointment to assess specific needs, provide referrals, and arrange appropriate accommodations. The sooner you let us know your needs, the quicker we can assist you in achieving your learning goals in this course.

POSITIVITY AND SAFETY
The University of Victoria is committed to promoting, providing and protecting a positive and safe learning and working environment for all its members.

SEXUALIZED VIOLENCE PREVENTION AND RESPONSE AT UVIC
UVic takes sexualized violence seriously, and has raised the bar for what is considered acceptable behaviour. We encourage students to learn more about how the university defines sexualized violence and its overall approach by visiting uvic.ca/svp. If you or someone you know has been impacted by sexualized violence and needs information, advice, and/or support please contact the sexualized violence resource office in Equity and Human Rights (EQHR). Whether or not you have been directly impacted, if you want to take part in the important prevention work taking place on campus, you can also reach out:

COURSE EXPERIENCE SURVEY (CES)
I value your feedback on this course. Towards the end of term, as in all other courses at UVic, you will
have the opportunity to complete an anonymous survey regarding your learning experience (CES). The survey is vital to providing feedback to me regarding the course and my teaching, as well as to help the department improve the overall program for students in the future. The survey is accessed via MyPage and can be done on your laptop, tablet, or mobile device. I will remind you and provide you with more detailed information nearer the time but please be thinking about this important activity during the course.
