As always, it is my privilege to:

acknowledge and respect the lək'wəŋən peoples on whose traditional territory the university stands and the Songhees, Esquimalt, and WSÁNEĆ peoples whose historical relationships with the land continue to this day.

The University of Victoria is committed to promoting, providing, and protecting a positive and supportive and safe learning and working environment for all its members. We will continue this spirit and intent during this course; keeping all feeling secure as we discuss difficult and challenging ideas.

Text : There is no required text book for this intensive 4th year course. The expectations are for attendance in every class as well as ongoing participation in class activities. When appropriate, handouts will be distributed by the instructor.

Please submit all work on time. I will NOT be permitting any extensions and I am also not available to students in the month of August.

Course Description "Forensic Psychology - Forensic psychology is the interface between psychology and the law, so all psychological services provided for the legal community are forensic psychological services. However, most forensic psychologists provide services which are both clinical and forensic in nature. When a psychologist treats an individual who was emotionally traumatized by an accident, the treatment is clinical in nature ... But, when the psychologist is asked to provide a report for the court, regarding the extent of the trauma, and to assess the psychological damage incurred, then the psychologist is providing forensic services" (Franklin, 2006). Topics covered in this course will include but not be limited to: victimizers and victims, anger management, violence and violent offenders, abuse and sexual offenders, juvenile offenders, male offenders, female offenders, mental health, mental handicap, and dual diagnoses. Crime, deviance, and justice issues will be examined.

Prerequisites

The prerequisites for this course are PSYC 300A, and 300B as a co-requisite. Students who remain in courses for which they do not have the prerequisites do so at their own risk. Those who complete courses without prerequisites are not exempt from having to complete the prerequisite course(s) at some later date if such courses are required for the degree program.

The Add/Drop dates are: July 5 for 100% fee reduction; July 5 ADD deadline; July 11 50% fee reduction; July 17, 2025 academic DROP no fee reduction.

Evaluation and Grading Policy

Students will be graded on their performance on 3 exams, a number of group assignments and a major paper.

<u>Evaluation</u>	<u>Date</u>	<u>Percentage of Grade</u>
Exam 1	Take Home July 14 Due July 17	30%
Exam 2	Take Home July 21 Due July 24	30%
Reflections and Round Tables	July 7, 9, 11, 14, 16, 18, 21, 24	20%
Presentation and review paper	Paper due by July 24	20%

1. Exams

Knowledge of any relevant readings / handouts and lectures will be assessed through **TWO** exams. The take-home exams will include questions based on case studies, concepts from lectures, and ideas from student presentations. It is the student's responsibility to attend class since the take-home exams are distributed in class.

TOTAL VALUE: 60%

2. Individual Presentation and Reflection Paper

Each student will have an oral presentation of no more than 20 minutes on a topic of their choice as related to the broad field of forensic psychology. A short reflection paper (2-3 pages, double-spaced) is due by **July 24**; this is an informal paper summarizing your sources for the presentation and any difficulties you had finding suitable information **ALONG WITH 3 TO 4 KEY TAKEAWAYS THAT YOU WANTED AS A FOCUS FOR CO-STUDENTS..** I will be able to print copies of any class handouts as well as any overheads you may need. The classroom is fully AV equipped for Power Point slides, etc.

THE DATES OF THE PRESENTATION ARE CHOSEN BY RANDOM ON THE FIRST DAY OF CLASS (i.e., the student does not choose a possible date).

TOTAL VALUE: 20%

3. Reflections and Round Tables

Beginning July 7 and continuing on July 9,11,14,16,18, 21 and 24, each student will submit, at the end of class, responses to specific questions raised by the instructor in class (2.5% each). These may include responding to items in a handout. These discussions cannot be made up if a class is missed.

TOTAL VALUE: 20%

Note: Students who have completed the following elements will be considered to have completed the course:

- **element a: 2/2 exams (Total Value 60%)**
- **element b: oral presentation with reflection paper (Total Value 20%)**

Failure to complete one or more of these elements will result in a grade of “N” regardless of the cumulative percentage of all other elements of the course.

N is a failing grade and factors into GPA as a value of 0. In accordance with the [University's policy on academic concessions](#), “A student who completes all course requirements is not eligible for an academic concession”. Consequently, students can only request deferrals for the completion of required course components and not for non-essential course components.

Note: You are responsible for materials in lectures you do not attend. If you miss an examination due to illness, accident, or family affliction, you must notify Dr. Bain immediately. Missed examinations without a valid reason will receive a score of zero. Letter grades will be assigned as follows with scores.

TOTAL VALUE 24%

The final letter grade in the course will be based on total percent score rounded to the third decimal point as shown:

A+ =	90 - 100	B+ =	77 - 79	C+ =	65 - 69	F =	0 - 49
A =	85 - 89	B =	73 - 76	C =	60 - 64		
A- =	80 - 84	B- =	70 - 72	D =	50 - 59

Accessible Learning

The University of Victoria is committed to creating a learning experience that is as accessible as possible. If you are registered with the [Centre for Accessible Learning](#) and anticipate or experience any barriers to learning in this course, please feel welcome to discuss your concerns with me. If you are a student with a disability or chronic health condition, you can meet with a CAL advisor to discuss access and accommodations.

Attendance and Absences

Attendance is important. Students are expected to attend all classes in which they are enrolled. Students may be assigned a final grade of N or debarred from writing final examinations if they fail to satisfy a minimum attendance requirement set by the instructor for lectures, laboratories, online course discussions or learning activities, tutorials, or other learning activities set out in the course outline.

Medical documentation for short-term absences is **not required** (approved by Senate). Students who cannot attend due to illness are asked to notify their instructors immediately. If illness, accident, or family affliction causes a student to miss the final exam or to fail to complete any required assignment/assessment by the end of the term students are required to submit a request for academic concession (see below).

Children and Pets

If you need to bring your children or pet to class, please do not hesitate to do so. It is understood that sometimes this is necessary due to care circumstances. However, please aim to have minimal class disturbance so that student learning is not impacted.

Class Recording and Auto-Captioning Statement

The instructor may record class sessions and those recordings may be made available to all students in the class via Brightspace. If you have questions or concerns regarding class recording and privacy, please contact privacyinfo@uvic.ca

Auto-generated captioning may be enabled in this course. Auto-captioning is highly error-prone, especially for specialized terminology and proper names. Students are asked to refer to the audio feed for clarification of any errors. If you find captioning errors that are offensive, please contact your instructor and/or teaching assistant so that they are aware. If you require captions as part of an academic accommodation, please contact [CAL](#).

Commitment to Inclusivity, Diversity, and Respectful Environments in the Classroom and Online

The University of Victoria is committed to providing a positive and supportive and safe learning and working environment for all its members. All members of the university community have the right to this experience and the responsibility to help *create* such an environment. The University will not tolerate racism, sexualized violence, or any form of discrimination, bullying, or harassment.

Please be advised that, by logging into UVic's learning systems or interacting with online resources and course-related communication platforms, you are engaging in a University activity.

All interactions within this environment are subject to the university expectations and policies. Any concerns about student conduct may be reviewed and responded to in accordance with the appropriate university policy.

Course Experience Survey (CES)

I value your feedback on this course. Toward the end of term, you will have the opportunity to complete a confidential course experience survey (CES) regarding your learning experience. The survey is vital to providing feedback to the instructor regarding the course and their teaching, as well as to help the department improve the overall program for students in the future. When it is time for you to complete the survey, you will receive an email inviting you to do so. If you do not receive an email invitation, you can go directly to <http://ces.uvic.ca>. You will need to use your UVic NetLink ID to access the survey, which can be done on your laptop, tablet or mobile device. You will be reminded nearer the time, but please be thinking about this important activity, especially the following three questions, during the course.

1. What strengths did your instructor demonstrate that helped you learn in this course?
2. Please provide specific suggestions as to how the instructor could have helped you learn more effectively.
3. Please provide specific suggestions as to how this course could be improved.

Disclaimer

The above schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances.

Grading

In classes that are based on a percentage grading scheme, the following [Undergraduate Grading Scale](#) is used

Grade	A+	A	A-	B+	B	B-	C+	C	D	F
Percentage	90-100	85-89	80-84	77-79	73-76	70-72	65-69	60-64	51-59	< 50
GP Value	9	8	7	6	5	4	3	2	1	0

Rounding is only applied to the final grade and is rounded up at the 0.5% level (e.g., 84.49% is rounded to 84% and 84.50% is rounded to 85%).

Medical Documentation for absences

No medical documentation for short-term absences is required (Approved by Senate).

If you are seeking a Withdrawal Extenuating Circumstances or an Aegrotat grade, medical documentation may be required if relevant.

Ombudsperson and Academic Concerns

From the course calendar...

Depending on the nature of the academic matter of concern to the student, the order in which the student should normally try to resolve the matter is: first, the course instructor; second, the Chair of the department; third, the Dean of the faculty; and finally, the Senate.

If you are having an academic concern or problem that cannot be resolved with your instructor or the Department Associate Chair, you may wish to consult with the Office of the Ombudsperson (<https://uvicombudsperson.ca>). Current contact information for the office can be found here <https://uvicombudsperson.ca/contact/>.

Policy on Academic Integrity including Plagiarism and Cheating

The Department of Psychology fully endorses and intends to enforce rigorously the [Senate Policy on Academic Integrity](#). It is of utmost importance that students who do their work honestly be protected from those who do not. Because this policy is in place to ensure that students carry out and benefit from the learning activities assigned in each course, it is expected that students will cooperate in its implementation.

The offences defined by the policy can be summarized briefly as follows:

1. **Plagiarism.** You must make sure that the work you submit is your work and not someone else's. There are proper procedures for citing the works of others. The student is responsible for being aware of and using these procedures.
2. **Unauthorized Use of an Editor.** The use of an editor is prohibited unless the instructor grants explicit written authorization.
3. **Multiple Submission.** Only under exceptional circumstances may a work submitted to fulfill an academic requirement be used to satisfy another similar requirement. The student is responsible for clarifying this with the instructor(s) involved.
4. **Falsifying Materials Subject to Academic Evaluation.** This includes falsification of data, use of commercially prepared essays, using information from the Internet without proper citation, citing sources from which material is not actually obtained, etc.
5. **Cheating on Assignments, Tests, and Examinations.** You may not copy the work of others in or out of class; you may not give your work to others for the purpose of copying; you may not use unauthorized material or equipment during examinations or tests; and you may not impersonate or allow yourself to be impersonated by another at an examination. The Department of Psychology has a policy of not making old examinations available for study purposes. Therefore, use of old exams without the express written permission of the instructor constitutes cheating by the user, and abetting of cheating by the person who provided the exam.
6. **Aiding Others to Cheat.** It is a violation to help others or attempt to help others to engage in any of the conduct described above.

The use of a generative artificial intelligence (AI) is strictly prohibited in any submitted work (unless expressly endorsed by the instructor as part of an assignment).

Instructors are expected to make every effort to prevent cheating and plagiarism. This may include the assignment of seating for examinations, asking students to move during examinations, requests to see student identification cards, and other measures as appropriate. Instructors also have available to them a variety of tools and procedures to check for Internet and electronic media-based cheating. In instances of suspected or actual plagiarism or cheating, instructors, following prescribed procedures, are authorized to take steps consistent with the degree of the offence. These measures will range from a zero on the test or assignment or a failing grade for the course, probation within a program to temporary or even permanent suspension from the University.

Rights of Appeal are described in the Policy on Academic Integrity in the University calendar Spring 2025.

Prerequisites

Students who remain in courses for which they do not have the prerequisites do so at their own risk. Students who complete courses without prerequisites ARE NOT exempt from having to complete the prerequisite course(s) if such courses are required for the degree program.

Program Requirements

For more information see the [UVic Calendar](#).

Registration Status

Students are responsible for verifying their registration status. Registration status may be verified using My Page, View Schedule. Course adds and drops will not be processed after the [deadlines](#) set out in the current UVic Calendar.

Students who do not attend classes must not assume that they have been dropped from a course by an academic unit or an instructor. Courses that are not formally dropped will be given a failing grade, students may be required to withdraw and will be required to pay the tuition fee for the course.

Request for Academic Concessions

Students can apply for [academic concessions](#) if their course requirements are affected by (i) unexpected and/or unavoidable circumstances (e.g., illness, family affliction, etc.), or (ii) conflicting responsibilities (e.g., service in the armed forces or first responder, representing the university).

- **Request an in-course extension**
If you require more time to complete a course requirement or miss a test or midterm exam, then you will need to complete the [“In-Course Extension Form”](#) and submit it directly to your course instructor. All course requirements must be completed prior to the submission of final grades.
- **What to do if you miss the final exam scheduled during the formal exam period**
Apply at Records Services for a [“Request for Academic Concession”](#), normally within 10 working days of the date of the exam. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation (for example, a deferred exam). Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record.
- **What to do if you require additional time to complete course requirements beyond the normal term.**
Apply at Records Services for a [“Request for Academic Concession”](#), normally within 10 working days of the end of the course. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation. Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record if the missing work has been deemed required. Note, only required course components may be deferred.

Research Participation Opportunities with the Department of Psychology

Students are encouraged to learn more about the field of psychology by volunteering in these studies. Information about studies can often be found posted on notice boards around the Department as well as through our Participant Pool webpage at <https://www.uvic.ca/socialsciences/psychology/research/participants/>.
