COURSE DESCRIPTION & LEARNING OUTCOMES

Welcome to *Personality*! We all have ways of describing our own and others' personality. We use language to describe personality (e.g., "outgoing", "pessimistic"). These are the colloquial ways we use to describe personality. In this course, we will take these things we do in everyday life and look at personality from a more *scientific perspective*. We will explore what personality is, the basis of it, how it is studied, and how we can see it in everyone around us. Personality theory will be presented from several perspectives including biological, phenomenological, learning/cognitive, and psychoanalytic.

Learning Outcomes

After completing this course, you will be able to:

- *Describe* what personality psychology is and how it is studied.
- *Explain* and evaluate major personality theories and approaches (e.g., traits, psychodynamics, social-cognitive, humanistic, biological).
- *Differentiate* personality assessment techniques and discuss their reliability and validity.
- *Discuss* personality stability and change, situational influences on personality, and the impact of personality on important life outcomes.
- *Examine* of the importance of culture and diversity for all research, including personality psychology.
- *Apply* insights from personality psychology towards better understand yourself and others at work and at play.

PREREQUISITE(S):

- Complete all of:
 - [PSYC 201](#) – Research Methods in Psychology (1.5)
- Complete 1 of:
 - [PSYC 231](#) – Introduction to Social Psychology (1.5)
 - [PSYC 260](#) – Introduction to Mental Health and Well-Being (1.5)

REQUIRED MATERIALS & RECOMMENDED PREPARATION / INFORMATION

**(a) Textbook (required)**

Twenge, J. M., Campbell, W. K., & Matsuba, M. K. (2022). *Personality Psychology – Understanding Yourself and Others*. Canadian Edition. Pearson.

You can purchase a copy of this text through the UVic bookstore at:

<https://www.uvicbookstore.ca/text/>.

Additionally, optional course materials may be uploaded to Brightspace for some topics. Each exam module will include a multiple-choice questions and short answer prompts to aid in exam preparation.

Course Website

All course materials, including summary notes, supplementary materials, quizzes, and assignments will be available through Brightspace (<https://bright.uvic.ca>). This site will be your guide on what needs to get done each week. The course outline, online quizzes, and other material will be posted on the course website. You can sign into Brightspace using your NetLink ID.

EVALUATION OF LEARNING

DESCRIPTION	DUE DATE	WEIGHTING
Exams (3 non-cumulative exams)	Oct 7, Nov 18, Dec 7	55%
Personality Vignette Activities	Oct 16, 30, Nov 27	30%
Personality Measurement Tools (best 3 of 4)	Sept 18, 25, Nov 6, 20	15%
Bonus: Personality Vignette Creation OR Article Review	Sept 25 OR Dec 7	+2%
If you have a concern about a grade you have received for an evaluation, please arrange a meeting with the TA or instructor as soon as possible.		TOTAL 100% +2%

BREAKDOWN OF STUDENT ASSESSMENT

Note: In accordance with the University's policy on academic concessions, **"A student who completes all course requirements is not eligible for an academic concession"**. Consequently, students can **only** request deferrals for the completion of required course components (i.e., the exams) and not for non-essential course components.

Exams (Exam 1 = 20%; Exam 2 = 20%; Exam 3 = 15%) = 55% of final grade

***NOTE: You must complete at least two exams; failure to do so means you have not completed a major course requirement and will receive a N mark (failure due to not completing a course requirement) for the course regardless of the cumulative percentage of all other elements in the course. N is a failing grade and factors into GPA as a value of 0.**

You will write three in-class exams during this course. **All course material is testable** (lectures, textbook chapters, additional course readings). The format of all three exams will be a combination of multiple choice and short or long answer questions. Each exam will cover only material since the previous exam (i.e., they are not cumulative) though exam #3 may feature a long answer question that highlights broader themes covered throughout the course. All grades will be posted on Brightspace ~1 week following each exam. Note: there is no exam during the final exam period.

What to do if I miss an exam? (PLEASE READ AS THIS IS IMPORTANT!)

You are responsible for attending midterms as scheduled. **No make-up exams will be scheduled**. If you miss a midterm due to illness, accident, or family affliction, you must send me an email as soon as possible indicating that you have missed the midterm, and the reason for it. Students are not required to provide documentation to support their request for academic concession, unless it is for conflicting responsibilities. A grade for the missing midterm will be generated by proportionally weighting the performance on the remaining exams. **Students who miss two midterms will receive a grade of "N" in the course.**

The last exam in the class (scheduled for Dec 7) is considered a final exam and must be written. If you are unable to attend the final test you must apply for a "Request for Academic Concession" through the Office of the Registrar, typically within 10 working days of the test date. If an academic concession is granted for the final test, an alternative date to write the make-up test **MUST** be arranged with the instructor. **Any student who does not take the final test will receive an "N" in this course.**

Personality Vignette Activities = 30% of final grade

***NOTE: You must complete at least one of these activities; failure to do so means you have not completed a major course requirement and will receive a N mark (failure due to not completing a course requirement) for the course regardless of the cumulative percentage of all other elements in the course. N is a failing grade and factors into GPA as a value of 0.**

This assignment is to be completed individually without reliance on AI tools.

An important part of this course requires you to think critically about the course materials and to integrate information from the course and the textbook in a concise manner. You will be asked to apply personality theory to a provided personality vignette and critically evaluate the perspective. Personality Vignette Activities will be provided through the **Discussions** feature in Brightspace and will be provided at the beginning of the chapter that they relate to. Additional information will be provided in class and on Brightspace. If you prefer, you may create a personality vignette as bonus credit in the course (see below) and use it to complete the assignments.

Extensions and Late Policy

Every student will be provided with an **automatic 24 extension on all assignments and quizzes**. For instance, all assignments in the course have a deadline of Friday at 10PM, however, you will have until Saturday at 10PM to submit them. Additionally, **once per term**, each student can request a **“no questions asked” 48-hour extension on an assignment** (i.e., until the following Monday at 10PM). To receive this extension, you **MUST request the extension no later than 3PM** on the Friday the assignment is due. Extensions can be requested through the form: . If you require an extension beyond 48 hours please complete the same form, however you must fill in the reason for the extension and receive instructor permission for an extension.

Please note that it is **not possible to submit the vignette activities late due to the nature of the Discussions feature on Brightspace**, so there is no late submissions accepted.

Personality Measurement Tools (best 3 of 4) = 15% of final grade

This assignment is to be completed individually without reliance on AI tools.

Students will have the opportunity to utilize different personality measurement tools. Personality Measurement Tools will be provided through the **Quizzes** feature in Brightspace and will be provided at the beginning of the chapter that they relate to. Note that for these activities, students are encouraged to answer the tools by reflecting on their own personality. However, some students may prefer not to share aspects of their personality. In this instance, you are welcome to use one of the provided personality vignettes (from the Personality Vignette Activities) to complete the measurement tool. After completing the measurement tool, students will briefly reflect on what the tool reveal about their personality/vignette. Each measurement tool will take approximately 20-30 minutes; additional instructions will be provided in class and on Brightspace.

Extensions and Late Policy

Every student will be provided with an **automatic 24 extension on all assignments and quizzes**. For instance, all assignments in the course have a deadline of Friday at 10PM, however, you will have until Saturday at 10PM to submit them. Additionally, **once per term**, each student can request a **“no questions asked” 48-hour extension on an assignment** (i.e., until the following Monday at 10PM). To receive this extension, you **MUST request the extension no later than 3PM** on the Friday the assignment is due. Extensions can be requested through the form: . If you require an extension beyond 48 hours please complete the same form, however you must fill in the reason for the extension and receive instructor permission for an extension.

Please note that **no makeup activities will be provided**. If you miss a Personality Measurement Tool past the extended deadline for any reason (including due to illness), it will be the lowest grade dropped from your final mark.

BONUS Vignette Creation OR Article Review = +2% Bonus

Vignette Creation

Do you play D&D? Are you an aspiring writer? Do you have a character in mind that you'd like to develop? Students in this course may earn up to 2% extra credit toward their final grade by creating their own personality vignette to be used with the Personality Vignette Activities. If you choose to create your own personality vignette, you must complete the required components and submit for grading by **Friday, Sept 25th at 10pm**.

To complete the assignment, you are required to fill in a Big Five inventory *from the perspective of your character*. Then, write a paragraph that summarizes the essential features and characteristics of your character. The written paragraph should include **all** the following information:

- notable experiences in childhood
- how the character interacts with others
- the character's hobbies
- how the character views themselves (e.g., values, self-esteem, etc.)
- written from the character's perspective

****Please note that you are welcome to use GenAI tools to create the paragraph summary of your character.** However, you must cite any use of AI sources, including all prompts and include the original output. For more information on how to cite GenAI tools see

https://libguides.uvic.ca/AI_Tools/citing_AI_text

An example of a character vignette will be provided in Brightspace. Submit your completed character vignette and Big Five inventory via the Assignments section on Brightspace. **Please do not use movie/book characters for this assignment.** This should be a character that you are creating from scratch. Some students may like to include some of their own personality traits within the character; this is completely fine but please be sure to name your character something else. If you do not wish to create a character vignette, but still wish to have the opportunity to earn the extra 2%, you may contact me no later than **October 30th** to arrange for an alternative option involving a written article review (see below).

Article Review

Students are not required to create a personality vignette, and not all students wish to do so. As an alternative, students may instead opt to gain research experience by writing a review (2 pages double spaced) of a journal article reporting original research relevant to the *practical application of personality psychology*. **Journal articles must be from 2024 or newer, older articles will not be accepted.** The review will be worth 2% of extra credit and only one review will be accepted. Please email me by October 30th if you wish to choose this option and include your chosen research article so that I can approve it.

NOTE: The same journal article must **NOT** be used for any other assignments in this course. You will **NOT** receive any extra credit if the same article is used for another assignment. To receive credit, you must follow these guidelines:

- Completed reviews must be submitted to me via email no later than 8:00pm on the last day of class (**Dec 7th**). Late submissions will NOT be accepted under ANY circumstances.
- Reviews must be typed and be formatted in APA style.

- Fully identify the title, author(s), source, and year of the article. The article must be included as a stable link in your References section.
- Clearly summarize the psychological concepts in the article, the reported results, and the implications of the results. Critically evaluate the application or treatment of the concepts in the article. If you discover something that is incorrect, identify the error and its implications for the validity of the article. You may find, for example, misleading headings, faulty research procedures, alternative explanations that are ignored, failures to distinguish factual findings from opinions, faulty statements of cause-effect relations, errors in reasoning, etc.

COURSE GUIDELINES & EXPECTATIONS

Part of my role in this course is ensuring that students are succeeding! If you have questions about the course material, please ask me during or after class, contact me via email, or arrange for a one-on-one meeting (in person or via Zoom).

What Students can Expect from Me

I am available to help: I am available to help via e-mail and during office hours. For e-mail, please include **“PSYC 330: [brief description of your email]”** in your subject heading and **before you compose your e-mail, check the course syllabus, notes, with your classmates, and on Brightspace for the answer to your question.** During the week, expect a response from me within ~24 hours (~48 hours on weekends). If you have not heard back, please send me a gentle reminder email 48 hours after your initial inquiry or catch me in class.

Please attend office hours for your more detailed or complicated questions. I will be available during office hours to discuss your grades, understanding of the material, or discuss more generally your interest in Psychology. **Remember: It is better to contact me earlier in the term rather than later if you are struggling so we can work on an education plan together.**

***NOTE:** Please DO NOT email me through Brightspace, as emails do not always make it to my inbox.

I will upload summary notes/slides and supplementary material on Brightspace. Summary notes and course slides that cover core concepts from the textbook will be uploaded. Supplementary material, which is designed to provide more in-depth examples and information related to core concepts, will also be uploaded. Materials will be released on a per-chapter basis.

We will give and receive feedback. The TA and I will provide feedback (typically through grading rubrics) and we are happy to meet with you during office hours to discuss the feedback. We’re also open to receiving constructive feedback about your experiences within the course.

What I Expect from Students

Psychology is a scientific discipline, and as such it requires considerable thought and time to develop an understanding of psychological research and principles. I expect students to complete the assigned readings, to attend and engage in office hours when needed, and to spend time each week working to understand the course material.

Conduct yourself appropriately. You should listen to and interact with others in a respectful manner. We are all very diverse and have different values, beliefs, and opinions. Please maintain an open mind to

these differences. You may argue with others who hold opinions different from your own, but you must always remain respectful.

Provide constructive feedback. We are always looking for ways to improve the course to facilitate learning. You are highly encouraged to provide constructive feedback about your experiences in the course. Please see us in office hours to discuss your concerns or suggestions.

Course Experience Survey

I value your feedback on this course. Near the end of term, you will have an opportunity to complete an anonymous survey regarding your learning experience in this class. The CES provides vital information that I will use to improve future courses. The survey will also be used by the Department of Psychology to evaluate my performance as an instructor. I will not receive the results until after I have submitted marks for this course. Responses are anonymous unless you choose to say things in optional open-ended comments that identify you (which I do not recommend). The more students complete the survey, the more meaningful and informative the results. Please ensure that your current email address is listed on MyPage (<http://uvic.ca/mypage>). You can complete the CES at a time of your choosing during the last two weeks of classes.

Attend office hours regularly. Attending office hours regularly will help to increase your understanding of the material will provide you with opportunities to engage with and discuss the material with the instructor and your classmates. Bring your questions and ask for clarification. Or, bring examples that illustrate some of the concepts that were helpful to you (this could be a video, article, or your own knowledge).

Let us know if there are any special circumstances. We learn in different ways and with varying degrees of success. If you know of any factors in your life that hinder your ability to learn up to your potential in this course, please contact the Centre for Accessible Learning, <https://www.uvic.ca/services/cal/online-services/register/index.php>. The CAL staff are available by appointment to assess specific needs, provide referrals and arrange appropriate accommodations.

SUPPORTING AN EFFECTIVE LEARNING ENVIRONMENT

Please read through the course outline carefully. It contains a lot of useful information and likely answers a lot of questions related to what is expected for this course. If you still have questions or any other concerns about this course, please approach us as soon as possible! We are happy to assist you wherever possible and we want all students in this course to feel supported. For any concerns that are urgent or of a sensitive nature please contact us via email and we can arrange a meeting which is most comfortable for you (email, text-chat, audio call, or video conference). If sending an email, remember to please include "PSYC 330" along with other relevant information in the subject line to prevent emails from being accidentally sent to an incorrect folder. We will respond as promptly as possible, if you do not hear from us within 48 hours, please send a gentle reminder email.

RESPECT FOR DIVERSITY

It is my intent that students from all diverse backgrounds and perspectives be well-served by this course, that students' learning needs be addressed, and that the diversity that students bring to this class be viewed as a resource, strength, and benefit. It is our intent to present materials and activities that are respectful of diversity: gender, sexuality, disability, age, socio-economic status, ethnicity, race, and culture. Your suggestions are encouraged and appreciated. Please let us know ways to improve the effectiveness of the course for you personally or for other students or student groups. In addition, if any

of our class meetings conflict with your religious events, please let me know so we can make arrangements for you.

The University of Victoria is committed to creating a learning experience that is as accessible as possible. If you are registered with the Centre for Accessible Learning and anticipate or experience any barriers to learning in this course, please feel welcome to discuss your concerns with me. If you are a student with a disability or chronic health condition, you can meet with a CAL advisor to discuss access and accommodations.

Changes to this syllabus: Every effort has been made to ensure that information in this syllabus is accurate at the time of publication. There may be dates or topics that change based on the needs of the course. If this occurs, the instructor will communicate these changes in a timely manner to students through the appropriate channels (e.g., class announcements, posted to Brightspace).

Accessible Learning

The University of Victoria is committed to creating a learning experience that is as [accessible as possible](#). If you are registered with the [Centre for Accessible Learning](#) and anticipate or experience any barriers to learning in this course, please feel welcome to discuss your concerns with me. If you are a student with a disability or chronic health condition, you can meet with a CAL advisor to discuss access and accommodations.

Attendance and Absences

[Attendance is important](#). Students who do not attend their classes during the first two weeks (and do not inform the instructor of valid circumstances that prevent their attendance) may be dropped from both class registration and the waitlist.

Students are expected to attend all classes in which they are enrolled. Students may be assigned a final grade of N or debarred from writing final examinations if they fail to satisfy a minimum attendance requirement set by the instructor for lectures, laboratories, online course discussions or learning activities, tutorials, or other learning activities set out in the course outline.

Medical documentation for short-term absences is **not required** (approved by Senate). Students who cannot attend due to illness are asked to notify their instructors immediately. If illness, accident, or family affliction causes a student to miss the final exam or to fail to complete any required assignment/assessment by the end of the term students are required to submit a request for academic concession (see below).

Children and Pets

If you need to bring your children or pet to class, please do not hesitate to do so. It is understood that sometimes this is necessary due to care circumstances. However, please aim to have minimal class disturbance so that student learning is not impacted.

Class Recording and Auto-Captioning Statement

The instructor may record class sessions and those recordings may be made available to all students in the class via Brightspace. If you have questions or concerns regarding class recording and privacy, please contact privacyinfo@uvic.ca

Auto-generated captioning may be enabled in this course. Auto-captioning is highly error-prone, especially for specialized terminology and proper names. Students are asked to refer to the audio feed for clarification of any errors. If you find captioning errors that are offensive, please contact your instructor and/or teaching assistant so that they are aware. If you require captions as part of an academic accommodation, please contact [CAL](#).

Commitment to Inclusivity, Diversity, and Respectful Environments in the Classroom and Online

The University of Victoria is committed to providing a positive and supportive and safe learning and working environment for all its members. All members of the university community have the right to this experience and the responsibility to help *create* such an environment. The University will not tolerate racism, sexualized violence, or any form of discrimination, bullying, or harassment.

Please be advised that, by logging into UVic's learning systems or interacting with online resources and course-related communication platforms, you are engaging in a University activity.

All interactions within this environment are subject to the university expectations and policies. Any concerns about student conduct may be reviewed and responded to in accordance with the appropriate university policy.

Violations may result in disciplinary action under the [Resolution of Non-Academic Misconduct Allegations policy \(AC1300\)](#) or the [Academic Integrity Policy](#), whichever is more appropriate for the situation.

Student Experience of Learning (SEL) Survey

I value your feedback on this course. Toward the end of term, you will have the opportunity to complete a confidential Student Experience of Learning (SEL) survey regarding your learning experience. The survey is vital to providing feedback to the instructor regarding the course and their teaching, as well as to help the department improve the overall program for students in the future. When it is time for you to complete the survey, you will receive an email inviting you to do so. If you do not receive an email invitation, you can go directly to <http://sel.uvic.ca>. You will need to use your UVic NetLink ID to access the survey, which can be done on your laptop, tablet or mobile device. You will be reminded nearer the time, but please be thinking about this important activity, especially the following three questions, during the course.

1. What strengths did your instructor demonstrate that helped you learn in this course?
2. Please provide specific suggestions as to how the instructor could have helped you learn more effectively.
3. Please provide specific suggestions as to how this course could be improved.

Disclaimer

The schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances.

Grading

In classes that are based on a percentage grading scheme, the following [Undergraduate Grading Scale](#) is used

Grade	A+	A	A-	B+	B	B-	C+	C	D	F
Percentage	90-100	85-89	80-84	77-79	73-76	70-72	65-69	60-64	51-59	< 50
GP Value	9	8	7	6	5	4	3	2	1	0

Rounding is only applied to the final grade and is rounded up at the 0.5% level (e.g., 84.49% is rounded to 84% and 84.50% is rounded to 85%).

Medical Documentation for absences

No medical documentation for short-term absences is required (Approved by Senate).

If you are seeking a Withdrawal Extenuating Circumstances or an Aegrotat grade, medical documentation may be required if relevant.

Ombudsperson and Academic Concerns

From the course calendar: *Depending on the nature of the academic matter of concern to the student, the order in which the student should normally try to resolve the matter is: first, the course instructor; second, the Chair of the department; third, the Dean of the faculty; and finally, the Senate.*

If you have an academic concern or problem that cannot be resolved with your instructor or the Department Associate Chair, you may wish to consult with the Office of the Ombudsperson (<https://uvicombudsperson.ca>). Current contact information for the office can be found here <https://uvicombudsperson.ca/contact/>.

Policy on Academic Integrity including Plagiarism and Cheating

The Department of Psychology fully endorses and intends to adhere to the [Senate Policy on Academic Integrity](#).

As per the student academic integrity [website](#):

¹ Syllabi belong to the department through which the course is administered.

“Academic integrity is built on honesty, respect, and fairness. Students, faculty, and staff at UVic are members of an intellectual community. As such, it’s expected that we’ll adhere to ethical values in all our learning, teaching, and research.”

This policy is in place to ensure that students’ work is being evaluated fairly and that students carry out and benefit from the learning activities assigned in each course.

The offences defined by the policy can be summarized briefly as follows:

1. **Plagiarism.** You must make sure that the work you submit is your work and not another person or a Content Generator. There are proper procedures for [citing the works of others](#). The student is responsible for being aware of and using these procedures.
2. **Unauthorized Use of an Editor or Content Generator.** The use of an Editor or Content Generator is prohibited unless the instructor grants explicit written authorization.
3. **Multiple Submission without Prior Permission.** Only under exceptional circumstances may a work submitted to fulfill an academic requirement be used to satisfy another similar requirement. The student is responsible for clarifying this with the instructor(s) involved.
4. **Falsifying Materials Subject to Academic Evaluation.** This includes falsification of data, use of commercially prepared essays, using information from the Internet without proper citation, citing sources from which material is not actually obtained, etc.
5. **Cheating on Work, Tests, and Examinations.** You may not copy the work of others in or out of class; you may not give your work to others for the purpose of copying; you may not use unauthorized material or equipment during examinations or tests; and you may not impersonate or allow yourself to be impersonated by another at an examination. The Department of Psychology has a policy of not making old examinations available for study purposes. Therefore, use of old exams without the express written permission of the instructor constitutes cheating by the user, and abetting of cheating by the person who provided the exam.
6. **Aiding Others.** It is a violation to help others or attempt to help others to engage in any of the conduct described above.

The use of a generative artificial intelligence (AI) is strictly prohibited in any submitted work (unless expressly endorsed by the instructor as part of an assignment).

Instructors can take actions to prevent cheating and plagiarism. This may include the assignment of seating for examinations, asking students to move during examinations, requests to see student identification cards, and other measures as appropriate. Instructors also have available to them a variety of university approved tools and procedures to check for Internet and electronic media-based cheating. In instances of suspected academic integrity violations, instructors will follow prescribed procedures for alleged academic dishonesty. If academic dishonesty is likely, instructors can take steps consistent with the degree of the offence (see the academic integrity section on [policy violations](#)).

Rights of Appeal are described in the Policy on Academic Integrity in the University calendar September 2026.

For more information see the [UVic Calendar](#).

Registration Status

Students are responsible for verifying their registration status. Registration status may be verified using My Page, View Schedule. Course adds and drops will not be processed after the [deadlines](#) set out in the current UVic Calendar.

Students who do not attend classes must not assume that they have been dropped from a course by an academic unit or an instructor. Courses that are not formally dropped will be given a failing grade, students may be required to withdraw and will be required to pay the tuition fee for the course.

Request for [Academic Concessions](#)

Students can apply for [academic concessions](#) if their course requirements are affected by (i) unexpected and/or unavoidable circumstances (e.g., illness, family affliction, Indigenous cultural or community obligations, etc.), or (ii) conflicting responsibilities (e.g., service in the armed forces or first responder, representing the university).

- **Request an in-course extension**
If you require more time to complete a course requirement or miss a test or midterm exam, then you will need to complete the [“In-Course Extension Form”](#) and submit it directly to your course instructor. All course requirements must be completed prior to the submission of final grades.
- **What to do if you miss the final exam scheduled during the formal exam period**
Apply at Records Services for a [“Request for Academic Concession”](#), normally within 10 working days of the date of the exam. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation (for example, a deferred exam). Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record.
- **What to do if you require additional time to complete course requirements beyond the normal term.**
Apply at Records Services for a [“Request for Academic Concession”](#), normally within 10 working days of the end of the course. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation. Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record if the missing work has been deemed required. Note, only required course components may be deferred.

Research Participation Opportunities with the Department of Psychology

The Department of Psychology offers multiple opportunities to participate in research studies over the year. Students are encouraged to learn more about the field of psychology by volunteering in these studies. Information about studies can often be found posted on notice boards around the Department as well as through our Participant Pool webpage at <https://www.uvic.ca/socialsciences/psychology/research/participants/>.

Student Code of Conduct

The [Student Code of Conduct](#) explains how University policies regarding student behaviour are interpreted and applied within the Faculties of Humanities, Science and Social Sciences.

Student Support Services

[UVic LEARN](#) is the student support portal for a full range of student academic and support services. Other resources for students include: [Centre for Academic Communication](#), [Math & Stats Assistance Centre](#), [Student Wellness Centre](#), [Indigenous Student Services](#), [Library](#), [Community Engaged Learning](#), [Ombudsperson](#), and [Computer Help Desk](#)

This classroom is a trans-inclusive space

Please indicate if you have a preferred name and pronoun that you'd like to be used in the classroom. Please e-mail your instructor or your TA if you would like to discuss the climate of this classroom for trans students. Gender neutral bathrooms are available at UVic.

University of Victoria Students' Society (UVSS)

The [UVSS](#) is a social justice based non-profit run by students, for students and is entirely separate from UVic. As an undergrad student, you are already a member! We work on issues affecting students such as affordability, public transit, sexualized violence, sustainability, student employment, and much more. We fund clubs and course unions, and have several advocacy groups. We also have a Food Bank and Free Store, a Peer Support Centre, and run your health and dental plan. We are here to support you, so please reach out to us at [uvss.ca](#)!

BE WELL

A note to remind you to take care of yourself. Do your best to maintain a healthy lifestyle this semester by eating well, exercising, getting enough sleep and taking some time to relax. This will help you achieve your goals and cope with stress. All of us benefit from support during times of struggle. You are not alone.

Social Life, Friends, & Community at UVic:

Having a social network is an extremely important foundation for positive mental health. There are lots of benefits to joining clubs, course unions, intramurals and teams on campus.

Mental Health Supports and Services:

Mental health supports and services are available to students from all areas of the UVic community: <https://www.uvic.ca/student-wellness/wellness-resources/mental-health/>

Sexualized Violence Prevention and Response at UVic

UVic takes sexualized violence seriously and has raised the bar for what is considered acceptable behaviour. We encourage students to learn more about how the university defines sexualized violence and its overall approach by visiting www.uvic.ca/svp. If you or someone you know has been impacted by sexualized violence and needs information, advice, and/or support please contact the sexualized violence resource office in Equity and Human Rights (EQHR). Whether or not you have been directly impacted, if you want to take part in the important prevention work taking place on campus, you can also reach out:
