COURSE INSPIRATION & GOALS

“In general, we’re least aware of what our minds do best.”

Marvin Minsky, p. 29, The Society of Mind, 1986

My primary goals for this course are for you to:

Improve your knowledge of the field of cognitive psychology.

Develop your ability to critically evaluate research about cognition.

Gain a deeper understanding of the methods used to study cognitive processes.

Increase your appreciation for how cognitive psychology is applicable to everyday life.

TERRITORY ACKNOWLEDGEMENT

We acknowledge and respect the Ləkʷəŋən (Songhees and Xwsepsəm/Esquimalt) Peoples on whose territory the university stands, and the Ləkʷəŋən and WSÁNEĆ Peoples whose historical relationships with the land continue to this day.

RESPECT FOR DIVERSITY & FEEDBACK

I intend that students from all backgrounds and perspectives be well-served by this course, that students' learning needs be addressed both in and out of class, and that students' diversity be viewed as a resource, strength, and benefit. I intend to present materials and activities that are respectful of diversity, including gender, sexuality, disability, age, socio-economic status, ethnicity, race, and culture

(<https://www.uvic.ca/calendar/undergrad/index.php#/policy/HkQ0pzdAN>)

If any of our class meetings conflict with your religious events, please let me know so that we can make arrangements for you (<https://www.uvic.ca/calendar/undergrad/index.php#/policy/r1q0gofdN>)

Please suggest ways to improve the effectiveness of this course for you and your fellow students. You can email me, speak to me in office hours, arrange a meeting, or even slip an anonymous note under my door.

UNITS, PREREQUISITES, & REGISTRATION

UNITS: 1.5 **PREREQUISITES:** PSYC 201 and PSYC 251.

REGISTRATION: Students are responsible for their own registration status. **Add deadline: Fri., Sep. 25.**

Drop deadlines: Tue., Sep. 22 (100% fee reduction); Tue., Oct. 13 (50% fee reduction); Sat., Oct. 31 (no fee reduction, academic drop deadline). Refer to the Department of Psychology Important Course Policy Information and the UVic Calendar (<https://www.uvic.ca/calendar/dates/>) for details.

CLASS RECORDINGS

I will do my best to record each class session and make it available in Echo360 through Brightspace. This is intended as a supplement to regular class attendance, **NOT** a replacement. The evidence is overwhelming that regular attendance is strongly correlated with student success. **To access the recordings in Echo360, you must first use the Activate Echo360 link in Brightspace.** Please refer to the Department of Psychology Important Course Policy Information for statements on privacy, auto-captioning, and copyright.

NOTE: The recording process is unreliable, so recordings of each class are **NOT** guaranteed. Borrowing notes from a fellow student is another good way to handle a missed class session.

Textbook bundled with MindTap for sale at UVic Bookstore (Digital: \$108.95)

Note that you can sign up and access MindTap with eText for free for 14 days before buying!

APP/WEBSITE: Vevox

We will be using Vevox instead of iClicker as part of a UVic LTI pilot project.

The biggest immediate benefit is that our use this term is free for all students!

No purchase necessary! Details will be provided in class.

GRADES

Your final letter grade in the course will be determined by your total percentage score according to the standard UVic grading scale. Refer to the Department of Psychology Important Course Policy Information and the UVic Calendar (<https://www.uvic.ca/calendar/undergrad/index.php#/policy/S1AAgoGuV>) for details.

EVALUATION

Your grade is based on the following items:

<u>ITEM</u>	<u>DATE</u>	<u>% OF GRADE</u>	
Vevox Participation	throughout	5	} = 100%
MindTap & CogLab	throughout	20	
Research Report	Mon., Nov. 30	5	
Midterm Exam 1	Mon., Oct. 5	15	
Midterm Exam 2	Thu., Oct. 29	15	
Midterm Exam 3	Mon., Nov. 23	15	
Final Exam	(Exam Period)	25	
Extra Credit	by Mon., Dec. 7	(up to 2)	

Students who complete all three Midterm Exams and the Final Exam are considered to have completed the course. Failure to complete one or more of these exams will result in a grade of N regardless of the cumulative percentage of all other elements of the course. N is a failing grade and factors into GPA as a value of 0.

In accordance with the University's policy on academic concessions, "A student who completes all course requirements is not eligible for an academic concession". Consequently, students can only request deferrals for the completion of required course components and not for non-essential course components.

VEVOX PARTICIPATION (5%): The use of Vevox will give you opportunities to participate in class and compare your thoughts with those of other students, and it provides me with feedback on your level of understanding. **You are not evaluated on the answers you give, just on participation.** Vevox participation credit for a class is earned by making at least one Vevox response that day. Credit is given for each class, except for the first week and exam days, thus there are 30 available classes.

POLICY ON MISSED VEVOX PARTICIPATION: You can miss Vevox participation in up to 6 classes and still receive full credit. No communication with the instructor is necessary. If you miss participation in more than 6 classes, your grade will be based on the number of days you participated divided by 24.

PSYCHOLOGY 351A A01 (13050) – COGNITIVE PSYCHOLOGY – FALL 2026

COURSE OUTLINE

MINDTAP & COGLAB (20%): Throughout the term, MindTap Activities provide active engagement with the material, MindTap Quizzes help you stay current with the readings, and CogLabs give you hands-on experience with experimental tasks and let us look at the aggregate results of our data. Detailed instructions on how to access and complete the assigned items will be provided in class and on Brightspace. **Each assigned item has a due date listed in MindTap (all assigned items are due at 11:59pm).**

POLICY ON MISSED AND LATE MINDTAP AND COGLABS: If you experience an obstacle that will prevent on-time completion, you must contact the instructor **BEFORE** the deadline to receive credit. **Unexcused missed or late submissions receive a 0.**

RESEARCH REPORT (5%): The research report will give you experience searching the scientific literature, reading an original research article, and understanding how studies incrementally build our knowledge of cognition. You will write a brief report (~2 pages) that summarizes an experiment in a peer-reviewed article. The experiment should follow-up on a CogLab experiment assigned through MindTap. Details will be discussed in class and posted on Brightspace. The report will be submitted via Brightspace and is due **on Monday, November 30.**

POLICY ON LATE RESEARCH REPORTS: Late Research Reports are penalized 25% and are not accepted after **Monday, December 7.**

EXAMS (70%): Exams evaluate your understanding of the material presented in lectures, in MindTap and CogLabs, and the textbook. The Exams will contain questions on the following topics:

Midterm Exam 1: History & Methods and Perception

Midterm Exam 2: Visual Imagery and Attention

Midterm Exam 3: Short-Term & Working Memory and Long-Term Memory

Final Exam: cumulative, including Knowledge and Problem Solving

The Midterm Exams are in-person during class, while the Final Exam is in-person during the examination period. You are responsible for taking examinations as scheduled. This responsibility includes the Final Exam, so **DO NOT plan your travel until the exam schedule is finalized.**

POLICY ON MISSED EXAMS: If you miss an exam for a valid reason (e.g., illness, accident, family affliction, or conflicting responsibilities) you must send me an email as soon as possible indicating that you will/have missed the exam and the reason for it. Students are not required to provide documentation to support their request for academic concession, unless it is for conflicting responsibilities. **For missed Midterm Exams you will be scheduled for a make-up exam. If you are unable to attend the Final Exam, you must make a Request for Academic Concession through the Office of the Registrar** (see the UVic Calendar for guidelines: <https://www.uvic.ca/calendar/undergrad/index.php#/policy/HjAxiGO4>). If an academic concession is granted for the Final Exam, an alternative date to write the make-up exam **MUST** be arranged with the instructor. **Students who do not take all four exams will receive a grade of N in the course.**

EXTRA CREDIT (UP TO 2%):

RESEARCH PARTICIPATION: Experience research being carried out here at UVic, while simultaneously helping our scientific community with data collection. Earn up to 2% toward your final grade by participating in research studies in the Department of Psychology. One hour of participation earns students one SONA credit, with credits given in 0.5 increments. Each credit increases your final grade by 1%, thus 2 credits earns the full 2%. There is a one credit bonus for in-person experiments regardless of the participation time.

For details, go to the Psychology Research Participation System web page (<https://www.uvic.ca/socialsciences/psychology/research/participants>) and follow the instructions for students. You are encouraged, but not required, to participate in studies pertaining to this class. The last day for earning and assigning credits towards this course is **Monday, December 7.**

PSYCHOLOGY 351A A01 (13050) – COGNITIVE PSYCHOLOGY – FALL 2026

COURSE OUTLINE

ALTERNATIVE ACTIVITY (ARTICLE REVIEWS): If you want to earn extra credit without being a research participant, article reviews are an alternative. You will gain research experience by writing reviews of recent journal articles reporting original research relevant to our course. Each review is worth 1% extra credit and a maximum of 2 reviews are accepted. You must send an email to our TA to submit your chosen journal article(s) for approval. Completed reviews must be submitted via Brightspace no later than **Monday, December 7**. Details and requirements are on Brightspace.

NOTE: You can combine Research Participation and an Article Review, but the total cannot exceed 2%.

POLICY ON LATE EXTRA CREDIT: Late submissions will not be accepted.

INTENDED LEARNING OUTCOMES

By the end of the course, you will be able to:

1. Identify cognitive processes from domains including perception, visual imagery, attention, short-term and working memory, long-term memory, knowledge, problem solving, and judgement and reasoning
2. Provide explanations of experimental tasks used to study cognition, such as Posner's cueing task, Sternberg's memory scanning task, and Treisman's visual search task
3. Explain behavioral methods used to study different cognitive processes, such as mental chronometry, eye tracking, and the forgetting curve
4. Articulate different theories of cognition and the logic of how they account for observed behavioral data
5. Discuss both the central tendencies and variability typically found in behavioral data and how they can inform our understanding of both shared cognitive architecture and diverse individual differences
6. Write effectively about cognitive psychology using your base of knowledge and your ability to comprehend, critique, and integrate the primary research literature
7. Provide examples of how an understanding of cognitive processes can be applied to everyday life
8. Show awareness of how the study of cognition intersects with other areas of psychology and other fields

TIPS FOR SUCCESS

Please consider the following suggestions for maximizing success:

Take care of yourself and do your best to maintain a **healthy lifestyle** by eating well, exercising, getting enough sleep, and taking some time to relax.

Attend, participate, and engage in **class**.

Use the posted **lecture slides and class recordings** for notetaking, reference, and studying.

Perform the **MindTap Activities, MindTap Quizzes, and CogLab experiments** and understand their purpose and results.

Read the **book chapters** to augment the lecture material.

When you are studying, don't just reread, actively **self-test**.

Focus not just on facts, but also on **concepts, methods, and relationships** between ideas.

Don't cram, rather, spread out your study time over days and weeks.

Organize a **study group** using the Student Discussion Forum on Brightspace.

If you struggle in the course, **seek help sooner rather than later** – we want you to succeed!

STUDENT EXPERIENCE OF LEARNING (SEL) SURVEY

Near the end of the term, you will receive an email inviting you to complete the SEL survey online. **Please complete the SEL survey before the deadline, because it provides valuable feedback for improving the course and is used to evaluate my teaching.** Refer to the Department of Psychology Important Course Policy Information for further details.

Sexualized Violence Prevention and Response at UVic

UVic takes sexualized violence seriously, and has raised the bar for what is considered acceptable behaviour. We encourage students to learn more about how the university defines sexualized violence and its overall approach by visiting www.uvic.ca/svp. If you or someone you know has been impacted by sexualized violence and needs information, advice, and/or support please contact the sexualized violence resource office in Equity and Human Rights (EQHR). Whether or not you have been directly impacted, if you want to take part in the important prevention work taking place on campus, you can also reach out:

Where: Office of Equity and Human Rights, Sedgewick Building, Room C133

Phone: 250 721 8021

Email: eqhr01@uvic.ca

Web: <https://www.uvic.ca/sexualizedviolence/>

BE WELL

A note to remind you to take care of yourself. Do your best to maintain a healthy lifestyle this semester by eating well, exercising, getting enough sleep and taking some time to relax. This will help you achieve your goals and cope with stress. All of us benefit from support during times of struggle. You are not alone.

Social Life, Friends, & Community at UVic:

Having a social network is an extremely important foundation for positive mental health. There are lots of benefits to joining clubs, course unions, intramurals and teams on campus.

<https://www.uvic.ca/undergraduate/housing-student-life/student-life/index.php>

Counselling Services:

The Student Wellness Centre can help you make the most of your university experience. They offer free professional, confidential, inclusive support to currently registered UVic students. <https://www.uvic.ca/student-wellness/contacts/student-wellness-team/index.php#ipn-counsellors>

Health Services:

The Student Wellness Centre also provides a full service primary health clinic for students. <https://www.uvic.ca/student-wellness/contacts/student-wellness-team/index.php#ipn-physicians>

Centre for Accessible Learning:

The CAL staff are available by appointment to assess specific needs, provide referrals and arrange appropriate accommodations <https://www.uvic.ca/accessible-learning/index.php>. The sooner you let us know your needs, the quicker we can assist you in achieving your learning goals in this course.

Elders' Voices:

The Office of Indigenous Academic and Community Engagement (IACE) has the privilege of assembling a group of Elders from local communities to guide students, staff, faculty and administration in Indigenous ways of knowing and being. www.uvic.ca/services/indigenous/students/programming/elders/

Mental Health Supports and Services:

Mental health supports and services are available to students from all areas of the UVic community: <https://www.uvic.ca/student-wellness/wellness-resources/mental-health/>

UNIVERSITY OF VICTORIA

Department of Psychology Important Course Policy Information Fall Session 2026

Accessible Learning

The University of Victoria is committed to creating a learning experience that is as [accessible as possible](#). If you are registered with the [Centre for Accessible Learning](#) and anticipate or experience any barriers to learning in this course, please feel welcome to discuss your concerns with me. If you are a student with a disability or chronic health condition, you can meet with a CAL advisor to discuss access and accommodations.

Attendance and Absences

Attendance is important. Students who do not attend their classes during the first two weeks (and do not inform the instructor of valid circumstances that prevent their attendance) may be dropped from both class registration and the waitlist.

Students are expected to attend all classes in which they are enrolled. Students may be assigned a final grade of N or debarred from writing final examinations if they fail to satisfy a minimum attendance requirement set by the instructor for lectures, laboratories, online course discussions or learning activities, tutorials, or other learning activities set out in the course outline.

Medical documentation for short-term absences is **not required** (approved by Senate). Students who cannot attend due to illness are asked to notify their instructors immediately. If illness, accident, or family affliction causes a student to miss the final exam or to fail to complete any required assignment/assessment by the end of the term students are required to submit a request for academic concession (see below).

Children and Pets

If you need to bring your children or pet to class, please do not hesitate to do so. It is understood that sometimes this is necessary due to care circumstances. However, please aim to have minimal class disturbance so that student learning is not impacted.

Class Recording and Auto-Captioning Statement

The instructor may record class sessions and those recordings may be made available to all students in the class via Brightspace. If you have questions or concerns regarding class recording and privacy, please contact privacyinfo@uvic.ca

Auto-generated captioning may be enabled in this course. Auto-captioning is highly error-prone, especially for specialized terminology and proper names. Students are asked to refer to the audio feed for clarification of any errors. If you find captioning errors that are offensive, please contact your instructor and/or teaching assistant so that they are aware. If you require captions as part of an academic accommodation, please contact [CAL](#).

Commitment to Inclusivity, Diversity, and Respectful Environments in the Classroom and Online

The University of Victoria is committed to providing a positive and supportive and safe learning and working environment for all its members. All members of the university community have the right to this experience and the responsibility to help *create* such an environment. The University will not tolerate racism, sexualized violence, or any form of discrimination, bullying, or harassment.

Please be advised that, by logging into UVic's learning systems or interacting with online resources and course-related communication platforms, you are engaging in a University activity.

All interactions within this environment are subject to the university expectations and policies. Any concerns about student conduct may be reviewed and responded to in accordance with the appropriate university policy.

To report concerns about online student conduct: onlineconduct@uvic.ca

Copyright

All course content and materials are made available by instructors for educational purposes and for the exclusive use of students registered in their class¹. The material is protected under copyright law, even if not marked with ©. Any further use or distribution of materials to others requires the written permission of the instructor, except under fair dealing or another exception in the Copyright Act. Violations may result in disciplinary action under the [Resolution of Non-Academic Misconduct Allegations policy \(AC1300\)](#) or the [Academic Integrity Policy](#), whichever is more appropriate for the situation.

Student Experience of Learning (SEL) Survey

I value your feedback on this course. Toward the end of term, you will have the opportunity to complete a confidential Student Experience of Learning (SEL) survey regarding your learning experience. The survey is vital to providing feedback to the instructor regarding the course and their teaching, as well as to help the department improve the overall program for students in the future. When it is time for you to complete the survey, you will receive an email inviting you to do so. If you do not receive an email invitation, you can go directly to <http://sel.uvic.ca>. You will need to use your UVic NetLink ID to access the survey, which can be done on your laptop, tablet or mobile device. You will be reminded nearer the time, but please be thinking about this important activity, especially the following three questions, during the course.

1. What strengths did your instructor demonstrate that helped you learn in this course?
2. Please provide specific suggestions as to how the instructor could have helped you learn more effectively.
3. Please provide specific suggestions as to how this course could be improved.

Disclaimer

The schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances.

Grading

In classes that are based on a percentage grading scheme, the following [Undergraduate Grading Scale](#) is used

Grade	A+	A	A-	B+	B	B-	C+	C	D	F
Percentage	90-100	85-89	80-84	77-79	73-76	70-72	65-69	60-64	51-59	< 50
GP Value	9	8	7	6	5	4	3	2	1	0

Rounding is only applied to the final grade and is rounded up at the 0.5% level (e.g., 84.49% is rounded to 84% and 84.50% is rounded to 85%).

Medical Documentation for absences

No medical documentation for short-term absences is required (Approved by Senate).

If you are seeking a Withdrawal Extenuating Circumstances or an Aegrotat grade, medical documentation may be required if relevant.

Ombudsperson and Academic Concerns

From the course calendar: *Depending on the nature of the academic matter of concern to the student, the order in which the student should normally try to resolve the matter is: first, the course instructor; second, the Chair of the department; third, the Dean of the faculty; and finally, the Senate.*

If you have an academic concern or problem that cannot be resolved with your instructor or the Department Associate Chair, you may wish to consult with the Office of the Ombudsperson (<https://uvicombudsperson.ca>). Current contact information for the office can be found here <https://uvicombudsperson.ca/contact/>.

Policy on Academic Integrity including Plagiarism and Cheating

The Department of Psychology fully endorses and intends to adhere to the [Senate Policy on Academic Integrity](#).

¹ Syllabi belong to the department through which the course is administered.

As per the student academic integrity [website](#):

“Academic integrity is built on honesty, respect, and fairness. Students, faculty, and staff at UVic are members of an intellectual community. As such, it’s expected that we’ll adhere to ethical values in all our learning, teaching, and research.”

This policy is in place to ensure that students’ work is being evaluated fairly and that students carry out and benefit from the learning activities assigned in each course.

The offences defined by the policy can be summarized briefly as follows:

1. **Plagiarism.** You must make sure that the work you submit is your work and not another person or a Content Generator. There are proper procedures for [citing the works of others](#). The student is responsible for being aware of and using these procedures.
2. **Unauthorized Use of an Editor or Content Generator.** The use of an Editor or Content Generator is prohibited unless the instructor grants explicit written authorization.
3. **Multiple Submission without Prior Permission.** Only under exceptional circumstances may a work submitted to fulfill an academic requirement be used to satisfy another similar requirement. The student is responsible for clarifying this with the instructor(s) involved.
4. **Falsifying Materials Subject to Academic Evaluation.** This includes falsification of data, use of commercially prepared essays, using information from the Internet without proper citation, citing sources from which material is not actually obtained, etc.
5. **Cheating on Work, Tests, and Examinations.** You may not copy the work of others in or out of class; you may not give your work to others for the purpose of copying; you may not use unauthorized material or equipment during examinations or tests; and you may not impersonate or allow yourself to be impersonated by another at an examination. The Department of Psychology has a policy of not making old examinations available for study purposes. Therefore, use of old exams without the express written permission of the instructor constitutes cheating by the user, and abetting of cheating by the person who provided the exam.
6. **Aiding Others.** It is a violation to help others or attempt to help others to engage in any of the conduct described above.

The use of a generative artificial intelligence (AI) is strictly prohibited in any submitted work (unless expressly endorsed by the instructor as part of an assignment).

Instructors can take actions to prevent cheating and plagiarism. This may include the assignment of seating for examinations, asking students to move during examinations, requests to see student identification cards, and other measures as appropriate. Instructors also have available to them a variety of university approved tools and procedures to check for Internet and electronic media-based cheating. In instances of suspected academic integrity violations, instructors will follow prescribed procedures for alleged academic dishonesty. If academic dishonesty is likely, instructors can take steps consistent with the degree of the offence (see the academic integrity section on [policy violations](#)).

Rights of Appeal are described in the Policy on Academic Integrity in the University calendar September 2026.

The definitive source for information on Academic Integrity is the University Calendar

Other useful resources on Plagiarism and Cheating include:

1. The student academic integrity website: <https://www.uvic.ca/students/academics/academic-integrity/>
2. The Ombudsperson’s office: <https://uvicombudsperson.ca/academic-integrity/>
The [Office of the Ombudsperson](#) is an independent and impartial resource to assist with the fair resolution of student issues. A confidential consultation can help you understand your rights and responsibilities. The Ombudsperson can also clarify information, help navigate procedures, assist with problem-solving, facilitate communication, provide feedback on an appeal, investigate and make recommendations. Prerequisites

Students who remain in courses for which they do not have the prerequisites do so at their own risk. Students who complete courses without prerequisites ARE NOT exempt from having to complete the prerequisite course(s) if such courses are required for the degree program.

Program Requirements

For more information see the [UVic Calendar](#).

Registration Status

Students are responsible for verifying their registration status. Registration status may be verified using My Page, View Schedule. Course adds and drops will not be processed after the [deadlines](#) set out in the current UVic Calendar.

Students who do not attend classes must not assume that they have been dropped from a course by an academic unit or an instructor. Courses that are not formally dropped will be given a failing grade, students may be required to withdraw and will be required to pay the tuition fee for the course.

Request for [Academic Concessions](#)

Students can apply for [academic concessions](#) if their course requirements are affected by (i) unexpected and/or unavoidable circumstances (e.g., illness, family affliction, Indigenous cultural or community obligations, etc.), or (ii) conflicting responsibilities (e.g., service in the armed forces or first responder, representing the university).

- **Request an in-course extension**
If you require more time to complete a course requirement or miss a test or midterm exam, then you will need to complete the “[In-Course Extension Form](#)” and submit it directly to your course instructor. All course requirements must be completed prior to the submission of final grades.
- **What to do if you miss the final exam scheduled during the formal exam period**
Apply at Records Services for a “[Request for Academic Concession](#)”, normally within 10 working days of the date of the exam. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation (for example, a deferred exam). Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record.
- **What to do if you require additional time to complete course requirements beyond the normal term.**
Apply at Records Services for a “[Request for Academic Concession](#)”, normally within 10 working days of the end of the course. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation. Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record if the missing work has been deemed required. Note, only required course components may be deferred.

Research Participation Opportunities with the Department of Psychology

The Department of Psychology offers multiple opportunities to participate in research studies over the year. Students are encouraged to learn more about the field of psychology by volunteering in these studies. Information about studies can often be found posted on notice boards around the Department as well as through our Participant Pool webpage at <https://www.uvic.ca/socialsciences/psychology/research/participants/>.

Student Code of Conduct

The [Student Code of Conduct](#) explains how University policies regarding student behaviour are interpreted and applied within the Faculties of Humanities, Science and Social Sciences.

Student Support Services

[UVic LEARN](#) is the student support portal for a full range of student academic and support services. Other resources for students include: [Centre for Academic Communication](#), [Math & Stats Assistance Centre](#), [Student Wellness Centre](#), [Indigenous Student Services](#), [Library](#), [Community Engaged Learning](#), [Ombudsperson](#), and [Computer Help Desk](#)

This classroom is a trans-inclusive space

Please indicate if you have a preferred name and pronoun that you'd like to be used in the classroom. Please e-mail your instructor or your TA if you would like to discuss the climate of this classroom for trans students. Gender neutral bathrooms are available at UVic.

University of Victoria Students' Society (UVSS)

The [UVSS](#) is a social justice based non-profit run by students, for students and is entirely separate from UVic. As an undergrad student, you are already a member! We work on issues affecting students such as affordability, public transit, sexualized violence, sustainability, student employment, and much more. We fund clubs and course unions, and have several advocacy groups. We also have a Food Bank and Free Store, a Peer Support Centre, and run your health and dental plan. We are here to support you, so please reach out to us at uvss.ca!
