SUGGESTED TEXT: Child Psychopathology 8th Edition by Mash, Wolfe, Williams

As always, it is my privilege to:

Acknowledge and respect the ləkʷəŋən peoples on whose traditional territory the university stands and the Songhees, Esquimalt, and W̱SÁNEĆ peoples whose historical relationships with the land continue to this day.

The University of Victoria is committed to promoting, providing, and protecting a positive and supportive and safe learning and working environment for all its members. We will continue this spirit and intent during this course; keeping all feelings secure as we discuss difficult and challenging ideas.

Course Description

The purpose of this course is to introduce concepts, theory, and research findings central to the study of developmental psychopathology. Specifically the course will focus on reviewing the aetiology, classification, and treatment of number of disorders that present in children and adolescents (such as depression, anxiety, conduct disorder, and autism).

Prerequisites

The pre-requisites for this course are Psychology 201 and 260. Those who complete courses without prerequisites are not exempt from having to complete the prerequisite course(s) at some later date if such courses are required for the degree program. Students are responsible for checking their registration status before the end of the add period.

The Add/Drop dates are: September 22, 2026 for 100% fee reduction; September 25, 2026 ADD deadline; October 13, 2026 for 50% fee reduction; October 31, 2026 academic DROP no fee reduction.

This may include but is not limited to social media and current technology (e.g., cell phone, television, smart phones, etc.). **I am looking for the inclusion of personal opinion based on your experiences. You will be writing in first person. Therefore, do not rely on ideas generated by AI.**

- **element b: 1/1 major project (Total Value 15%)**

Failure to complete one or more of these elements will result in a grade of “N” regardless of the cumulative percentage of all other elements of the course.

N is a failing grade and factors into GPA as a value of 0. In accordance with the [University's policy on academic concessions](#), “A student who completes all course requirements is not eligible for an academic concession”. Consequently, students can only request deferrals for the completion of required course components and not for non-essential course components.

Note: You are responsible for materials in lectures you do not attend. Tests and examinations will contain short-answer questions. Missed examinations with a valid reason will be made up at the earliest convenient time. If you miss an examination due to illness, accident, or family affliction, you must notify Dr. Bain immediately. Missed examinations without a valid reason will receive a score of zero. Number grades will be assigned.

The University of Victoria is committed to creating a learning experience that is as accessible as possible. If you are registered with the Centre for Accessible Learning and anticipate or experience any barriers to learning in this course, please feel welcome to discuss your concerns with me. If you are a student with a disability or chronic health condition, you can meet with a CAL advisor to discuss access and accommodations.

PLEASE NOTE: My lecture materials are for teaching purposes only and therefore cannot be shared in any digital, media format with others. I will not be recording lectures, hence the expectation of class attendance.

Request for [Academic Concessions](#)

Students can apply for [academic concessions](#) if their course requirements are affected by (i) unexpected and/or unavoidable circumstances (e.g., illness, family affliction, Indigenous cultural or community obligations, etc.), or (ii) conflicting responsibilities (e.g., service in the armed forces or first responder, representing the university).

- **Request an in-course extension**

If you require more time to complete a course requirement or miss a test or midterm exam, then you will need to complete the “[In-Course Extension Form](#)” and submit it directly to your course instructor. All course requirements must be completed prior to the submission of final grades.

- **What to do if you miss the final exam scheduled during the formal exam period**

Apply at Records Services for a “[Request for Academic Concession](#)”, normally within 10 working days of the date of the exam. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation (for example, a deferred exam). Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record.

- **What to do if you require additional time to complete course requirements beyond the normal term.**

Apply at Records Services for a “[Request for Academic Concession](#)”, normally within 10 working days of the end of the course. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation. Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record if the missing work has been deemed required. Note, only required course components may be deferred.

UNIVERSITY OF VICTORIA

Department of Psychology Important Course Policy Information Fall Session 2026

Accessible Learning

The University of Victoria is committed to creating a learning experience that is as [accessible as possible](#). If you are registered with the [Centre for Accessible Learning](#) and anticipate or experience any barriers to learning in this course, please feel welcome to discuss your concerns with me. If you are a student with a disability or chronic health condition, you can meet with a CAL advisor to discuss access and accommodations.

Attendance and Absences

Attendance is important. Students who do not attend their classes during the first two weeks (and do not inform the instructor of valid circumstances that prevent their attendance) may be dropped from both class registration and the waitlist.

Students are expected to attend all classes in which they are enrolled. Students may be assigned a final grade of N or debarred from writing final examinations if they fail to satisfy a minimum attendance requirement set by the instructor for lectures, laboratories, online course discussions or learning activities, tutorials, or other learning activities set out in the course outline.

Medical documentation for short-term absences is **not required** (approved by Senate). Students who cannot attend due to illness are asked to notify their instructors immediately. If illness, accident, or family affliction causes a student to miss the final exam or to fail to complete any required assignment/assessment by the end of the term students are required to submit a request for academic concession (see below).

Children and Pets

If you need to bring your children or pet to class, please do not hesitate to do so. It is understood that sometimes this is necessary due to care circumstances. However, please aim to have minimal class disturbance so that student learning is not impacted.

Class Recording and Auto-Captioning Statement

The instructor may record class sessions and those recordings may be made available to all students in the class via Brightspace. If you have questions or concerns regarding class recording and privacy, please contact privacyinfo@uvic.ca

Auto-generated captioning may be enabled in this course. Auto-captioning is highly error-prone, especially for specialized terminology and proper names. Students are asked to refer to the audio feed for clarification of any errors. If you find captioning errors that are offensive, please contact your instructor and/or teaching assistant so that they are aware. If you require captions as part of an academic accommodation, please contact [CAL](#).

Commitment to Inclusivity, Diversity, and Respectful Environments in the Classroom and Online

The University of Victoria is committed to providing a positive and supportive and safe learning and working environment for all its members. All members of the university community have the right to this experience and the responsibility to help *create* such an environment. The University will not tolerate racism, sexualized violence, or any form of discrimination, bullying, or harassment.

Please be advised that, by logging into UVic's learning systems or interacting with online resources and course-related communication platforms, you are engaging in a University activity.

All interactions within this environment are subject to the university expectations and policies. Any concerns about student conduct may be reviewed and responded to in accordance with the appropriate university policy.

Student Experience of Learning (SEL) Survey

I value your feedback on this course. Toward the end of term, you will have the opportunity to complete a confidential Student Experience of Learning (SEL) survey regarding your learning experience. The survey is vital to providing feedback to the instructor regarding the course and their teaching, as well as to help the department improve the overall program for students in the future. When it is time for you to complete the survey, you will receive an email inviting you to do so. If you do not receive an email invitation, you can go directly to <http://sel.uvic.ca>. You will need to use your UVic NetLink ID to access the survey, which can be done on your laptop, tablet or mobile device. You will be reminded nearer the time, but please be thinking about this important activity, especially the following three questions, during the course.

1. What strengths did your instructor demonstrate that helped you learn in this course?
2. Please provide specific suggestions as to how the instructor could have helped you learn more effectively.
3. Please provide specific suggestions as to how this course could be improved.

Disclaimer

The schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances.

Grading

In classes that are based on a percentage grading scheme, the following [Undergraduate Grading Scale](#) is used

Grade	A+	A	A-	B+	B	B-	C+	C	D	F
Percentage	90-100	85-89	80-84	77-79	73-76	70-72	65-69	60-64	51-59	< 50
GP Value	9	8	7	6	5	4	3	2	1	0

Rounding is only applied to the final grade and is rounded up at the 0.5% level (e.g., 84.49% is rounded to 84% and 84.50% is rounded to 85%).

Medical Documentation for absences

No medical documentation for short-term absences is required (Approved by Senate).

If you are seeking a Withdrawal Extenuating Circumstances or an Aegrotat grade, medical documentation may be required if relevant.

Ombudsperson and Academic Concerns

From the course calendar: *Depending on the nature of the academic matter of concern to the student, the order in which the student should normally try to resolve the matter is: first, the course instructor; second, the Chair of the department; third, the Dean of the faculty; and finally, the Senate.*

If you have an academic concern or problem that cannot be resolved with your instructor or the Department Associate Chair, you may wish to consult with the Office of the Ombudsperson (<https://uvicombudsperson.ca>). Current contact information for the office can be found here <https://uvicombudsperson.ca/contact/>.

Policy on Academic Integrity including Plagiarism and Cheating

The Department of Psychology fully endorses and intends to adhere to the [Senate Policy on Academic Integrity](#).

¹ Syllabi belong to the department through which the course is administered.

As per the student academic integrity [website](#):

“Academic integrity is built on honesty, respect, and fairness. Students, faculty, and staff at UVic are members of an intellectual community. As such, it’s expected that we’ll adhere to ethical values in all our learning, teaching, and research.”

This policy is in place to ensure that students’ work is being evaluated fairly and that students carry out and benefit from the learning activities assigned in each course.

The offences defined by the policy can be summarized briefly as follows:

1. **Plagiarism.** You must make sure that the work you submit is your work and not another person or a Content Generator. There are proper procedures for [citing the works of others](#). The student is responsible for being aware of and using these procedures.
2. **Unauthorized Use of an Editor or Content Generator.** The use of an Editor or Content Generator is prohibited unless the instructor grants explicit written authorization.
3. **Multiple Submission without Prior Permission.** Only under exceptional circumstances may a work submitted to fulfill an academic requirement be used to satisfy another similar requirement. The student is responsible for clarifying this with the instructor(s) involved.
4. **Falsifying Materials Subject to Academic Evaluation.** This includes falsification of data, use of commercially prepared essays, using information from the Internet without proper citation, citing sources from which material is not actually obtained, etc.
5. **Cheating on Work, Tests, and Examinations.** You may not copy the work of others in or out of class; you may not give your work to others for the purpose of copying; you may not use unauthorized material or equipment during examinations or tests; and you may not impersonate or allow yourself to be impersonated by another at an examination. The Department of Psychology has a policy of not making old examinations available for study purposes. Therefore, use of old exams without the express written permission of the instructor constitutes cheating by the user, and abetting of cheating by the person who provided the exam.
6. **Aiding Others.** It is a violation to help others or attempt to help others to engage in any of the conduct described above.

The use of a generative artificial intelligence (AI) is strictly prohibited in any submitted work (unless expressly endorsed by the instructor as part of an assignment).

Instructors can take actions to prevent cheating and plagiarism. This may include the assignment of seating for examinations, asking students to move during examinations, requests to see student identification cards, and other measures as appropriate. Instructors also have available to them a variety of university approved tools and procedures to check for Internet and electronic media-based cheating. In instances of suspected academic integrity violations, instructors will follow prescribed procedures for alleged academic dishonesty. If academic dishonesty is likely, instructors can take steps consistent with the degree of the offence (see the academic integrity section on [policy violations](#)).

Rights of Appeal are described in the Policy on Academic Integrity in the University calendar September 2026.
