Cognition and Brain Sciences Seminars (CaBSSem)

**3:00 - 4:20 PM, Fridays
Cornett A228**

The CaBS Program hosts a weekly seminar series (CaBSSem) most Friday afternoons from September through April. About two thirds of the sessions are dedicated to presentations by faculty and/or grad students in our program; the remaining third feature talks by visiting researchers. Anyone with an interest in cognitive psychology, cognitive neuroscience, cognitive science, or generally anything cognitive, is welcome and encouraged to attend.

If you would like to receive the weekly CaBSSem announcement, which typically includes an abstract for the upcoming talk, and you are not already receiving it through the Psychat or Neuroscience mailing lists, you can [subscribe to the CaBSSem mailing list \(cabssem@lists.uvic.ca\)](mailto:cabssem@lists.uvic.ca).

Current Schedule:

Date	Speaker	Title
14th September, 2012		<i>Introduction</i>
21st September, 2012	Mike Masson	Trial History Modulates Additive and Interactive Effects in Lexical Decision
28th September, 2012	Mario Baldassari	Predicting Lineup Identifications
5th October, 2012	Adam Krawitz	Maintenance and Updating of Verbal Working Memory
12th October, 2012	Adam Krawitz	Are you ready for R?
19th October, 2012	Mike Dixon	Psychophysiological and Psychological Responses to Wins, Losses and Near-Misses in Slot Machine Gamblers
26th October, 2012	Rylie Moore	A Neurophysiological and Behavioral Marker of Anticipation, Error Monitoring, and Dopamine Dysregulation in Developmental Stuttering
2nd November, 2012	Helen Williams	Using Lay Conceptions to Explore Remembering and Knowing, and Finding Familiar
9th November, 2012	Iris Gordon	Putting the "Expert" in Perceptual Expertise
16th November, 2012		<i>Psychonomics (no seminar)</i>
23rd November, 2012	Daniel Bub	What John did with a cellphone and why: On the temporal dynamics of hand action representations evoked during sentence comprehension.
30th November, 2012	Danesh Shahnazian	Granger Causality: Notion and Application to Neuroimaging Data

Upcoming Psychology Events

Date	Speaker	Title
<i>Winter Holidays</i>		
11th January, 2013	Jeffrey Cockburn	What's served now and what's saved for later: The neural mechanisms of learning and decision making in complex environments.
18th January, 2013 Cornett A225	Craig McFarland	Prospective Memory: Identifying Mechanisms and Developing Interventions
25th January, 2013 Cornett A225	Anne Sophie Champod	Investigation of the Neural Correlates of Attention & Work Memory Processes for the Development of Assessment and Rehabilitation Tools Targeting These Cognitive Functions
1st February, 2013	Bernie Till	Hand and Mind: Applications of Conformal Geometry to the Temporal Dynamics of Reach and Grasp
8th February, 2013	Jon Wood	Abnormal Reward Processing in Polysubstance Drug Users: An ERP Study
15th February, 2013	Sepideh Heydari	An Introduction to Artificial Neural Networks and Simulation of the Retina with ANN
22nd February, 2013	<i>Reading Break (no seminar)</i>	
1st March, 2013	Simen Hagen	The color of perceptual expertise.
8th March, 2013	Tanjeem Azad	A different kind of misinformation effect: False reports of not seeing event details.
15th March, 2013	Azadeh HajiHosseini	Positive Results and Replicability
22nd March, 2013	Bryce Mulligan	Subjective Cognitive Impairment in Clinic, Laboratory, and Daily Life
29th March, 2013	<i>Good Friday (no seminar)</i>	
5th April, 2013	<i>Psychology Students of Vancouver Island Poster Session (no seminar)</i>	
12th April, 2013	Kaitlyn Fallow	The Materials-Based Bias Shift: A consistent and mysterious conservative bias for paintings.
19th April, 2013	Akina Umemoto and Carmen Lukie	Neural mechanisms of cognitive control and reward learning in children with Attention Deficit Hyperactivity Disorder.
26th April, 2013	Joseph Sheppard	Self-Constructed Social Engagement: Proposed autism intervention by Joseph Sheppard.
3rd May, 2013	Buyun Xu	You got rhythm?
17th May, 2013 MSB 160	Keith Yeates	Social outcomes of pediatric traumatic brain injury: Perspectives from social neuroscience and developmental psychology.
