Addendum for online instruction until Jan 24

Dear PSYC 100 Students,

Per [University guidelines](#), classes will begin Monday January 10th (Tuesday January 11th for PSYC 100B) and instruction will be online until Monday January 24th. For the first two weeks of class, Tuesday and Wednesday classes will be accessed using zoom (see links for class on Brightspace) and **Friday classes will not be “live”** and instead there will be activities posted in the chapter Brightspace module that you should complete either during Friday class time or at another time convenient for you. The activities posted on Brightspace will be testable on exams.

Therefore, the PSYC 100B (A01-A03) online schedule will be as follows:

Class dates

Tuesday Jan 11: Class during your regular class time (Zoom link will be provided on Brightspace)

Wednesday Jan 12: Class during your regular class time (Zoom link will be provided on Brightspace)

Friday Jan 14: No class (complete Ch. 5 Development mini-activities in Brightspace)

Tuesday Jan 18: Class during your regular class time (Zoom link will be provided on Brightspace)

Wednesday Jan 19: Class during your regular class time (Zoom link will be provided on Brightspace; Chapter 5 Quiz due by 10pm)

Friday Jan 21: No class (complete Ch. 10 Intelligence mini-activities in Brightspace; APA assignment due by 10pm)

Office hours will also be on zoom for the first two weeks of class (January 10-21) and the links to office hours will be posted on Brightspace.

We anticipate being back in person for PSYC 100B starting Tuesday January 25 and will go back to our regular schedule of class during your regular class time on Tuesdays, Wednesdays, and Fridays.

Thank you for your flexibility and support during this shift to online learning. If you can't find the answer to your questions in our course syllabus or on Brightspace, please stop by our office hours or e-mail us with your questions.
