Evaluation Tool	Percent of Grade	Date(s)
Syllabus Quiz	0%	Access denied until complete
Mid-term #1	25%	Monday Feb 8 <sup>th</sup>
Mid-term #2	25%	Monday Mar 15 <sup>th</sup>
Mid-term #3	25%	TBD Final Examination Period
Research Proposal	15%	Feb 11 <sup>th</sup> or Mar 8 <sup>th</sup> or Apr 6 <sup>th</sup> (See syllabus calendar for topics)

## Criteria

A+	A	A-	B+	B	B-	C+	C	D	F
90-100	85-89	80-84	77-79	73-76	70-72	65-69	60-64	50-59	0-49

- You must complete all three exams to receive credit for the course. **Students who do not complete all three exams will receive an "N" grade** (see below for exam policies).
- If you do not complete other course assignments, you will be given a grade of 0 (zero) for that component and this will be used in calculating your final grade.

## Midterms (75%)

Midterms will consist of a mixture of multiple choice, fill in the blank & short answer. Please note that vacations, weddings, trips, or other courses are not acceptable excuses for missing midterms. Content will be derived from both the text *and* lecture materials.

- *"The Iris Special"*: In order to alleviate some test anxiety, the weight of your best midterm will be increased by 5% (i.e. from 25% to 30%) while the weight of your worst midterm will be decreased by 5% (i.e. from 25% to 20%).

## Midterm Absences

You are responsible for attending exams as scheduled. If you miss an exam due to illness/accident or a death in the family, you must e-mail me as soon as possible to indicate that you were absent and the reason for it. Whereas you are not required to provide *medical* documentation for academic concessions during the Spring 2022 term, *other circumstances will require verification*.

A make-up examination will be scheduled within 7 days of the missed exam. Make-up exams will not necessarily have the same format as the midterm. Should the student be unable to take the remake, further discussion will be required.

**Students who do not contact me in regards to a midterm absence will receive an "N" in this course.**

The Final Exam is subject to the University's policy on missed examinations; please see "[What to do if you miss the final exam scheduled during the formal exam period](#)" below.

### **Research Proposal (15%)**

In order to develop a sense for weighing research claims and thinking critically, you will be asked to propose a research study investigating the effects of a specific drug or drug-related topic. Students will be allowed to select their own topic however the submission deadline will coincide with class lecture (see schedule for dates). Detailed instructions will be posted on Brightspaces.

- All submissions must be typed into Brightspaces or submitted as .docx OR .pdf; *submissions in any other format will not be accepted* and given "0".
- **No make-ups or substitutions will be permitted**; students will be penalized 10% for every day their submission is late. Failure to complete the proposal will result in a "0" for the associated 16%.

### **In-Class Discussion (5 x 2% = 10%)**

The purpose of these activities is to have you apply knowledge by relating course content to current events, and question "pop knowledge". There will be 7 opportunities of which students only need to complete 5. There is **no** best-of opportunity, and only the first 5 submissions will count toward the student's grade. Submission will be graded on quality and depth of application.

- All submissions must be delivered in .docx OR .pdf; *submissions in any other format will not be accepted* and given "0".
- **No extensions or re-makes will be permitted**; failure to complete a specific activity will result in a "0" for the associated 2%.

We are all committed to creating an environment that is safe and inclusive for everyone despite differences in gender, sexuality, age, ability, socioeconomic status, ethnicity, and culture.

***In the Event of Illness, Accident or Family Affliction***

- *What to do if you miss the final exam scheduled during the formal exam period*

Apply at Records Services for a "Request for Academic Concession", normally within 10 working days of the date of the exam. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation (for example, a deferred exam). Where a concession is not applied for or where such application is denied, an N grade will be entered on the student's academic record.

OR, you can download the Request for Academic Concession form here:

<http://www.uvic.ca/registrar/assets/docs/record-forms/rac.pdf>

- *What to do if you miss an exam other than one scheduled during the formal exam period*

Do not apply at Records Services for a "Request for Academic Concession". Instead submit documentation of the illness, accident or family affliction directly to your course instructor (or designated teaching assistant).

- *What to do if you require additional time to complete course requirements*

Apply at Records Services for a "Request for Academic Concession", normally within 10 working days of the end of the formal examination period. Records Services will forward the form to the instructor. If the concession is granted the instructor will determine how to deal with the situation. Where a concession is not applied for or where such application is denied, an N grade will be entered on the student's academic record.

***Policy on Academic Integrity including Plagiarism and Cheating***

The Department of Psychology fully endorses and intends to enforce rigorously the Senate Policy on Academic integrity [https://www.uvic.ca/calendar/future/undergrad/#/policy/Sk\\_0xsM\\_V?bc=true&bcCurrent=08%20-%20Policy%20on%20Academic%20Integrity&bcGroup=Undergraduate%20Academic%20Regulations&bcItemType=policies](https://www.uvic.ca/calendar/future/undergrad/#/policy/Sk_0xsM_V?bc=true&bcCurrent=08%20-%20Policy%20on%20Academic%20Integrity&bcGroup=Undergraduate%20Academic%20Regulations&bcItemType=policies). It is of utmost importance that students who do their work honestly be protected from those who do not. Because this policy is in place to ensure that students carry out and benefit from the learning activities assigned in each course, it is expected that students will cooperate in its implementation.

The offences defined by the policy can be summarized briefly as follows:

1. **Plagiarism.** You must make sure that the work you submit is your work and not someone

else's. There are proper procedures for citing the works of others. The student is responsible for being aware of and using these procedures.

2. **Unauthorized Use of an Editor.** The use of an editor is prohibited unless the instructor grants explicit written authorization.
3. **Multiple Submission.** Only under exceptional circumstances may a work submitted to fulfill an academic requirement be used to satisfy another similar requirement. The student is responsible for clarifying this with the instructor(s) involved.
4. **Falsifying Materials Subject to Academic Evaluation.** This includes falsification of data, use of commercially prepared essays, using information from the Internet without proper citation, citing sources from which material is not actually obtained, etc.
5. **Cheating on Assignments, Tests, and Examinations.** You may not copy the work of others in or out of class; you may not give your work to others for the purpose of copying; you may not use unauthorized material or equipment during examinations or tests; and you may not impersonate or allow yourself to be impersonated by another at an examination. The Department of Psychology has a policy of not making old examinations available for study purposes. Therefore, use of old exams without the express written permission of the instructor constitutes cheating by the user, and abetting of cheating by the person who provided the exam.
6. **Being an Accessory to Offences.** This means that helping another student to cheat (for instance, by showing or communicating to them answers to an assignment, or by allowing them to view answers on an exam) is an academic offence.

Instructors are expected to make every effort to prevent cheating and plagiarism. This may include the assignment of seating for examinations, asking students to move during examinations, requests to see student identification cards, and other measures as appropriate. Instructors also have available to them a variety of tools and procedures to check for Internet and electronic media-based cheating. In instances of suspected or actual plagiarism or cheating, instructors, following prescribed procedures, are authorized to take steps consistent with the degree of the offence. These measures will range from a zero on the test or assignment or a failing grade for the course, probation within a program to temporary or even permanent suspension from the University.

Rights of Appeal are described in the Policy on Academic Integrity in the University calendar September 2021.
