Grades that end with a decimal point of 0.5 or above will be rounded to the next higher whole number, and grades that end with a decimal point below 0.5 will be rounded to the next lower whole number:

A+ = 90 – 100%

B+ = 77 – 79%

C+ = 65 – 69%

F = 0 – 49%

A = 85 – 89%

B = 73 – 76%

C = 60 – 64%

N = incomplete

A- = 80 – 84%

B- = 70 – 72%

D = 50 – 59%

**Research Paper:** In order to be an informed consumer of research portrayed through the media, it is important to be able to critically evaluate your sources of information. This assignment will give you an opportunity to read and critique media coverage of topics related to adolescents. Select a current news story that is related to adolescent development or one that cites research related to adolescence. Use 5 additional primary sources (i.e., empirical research studies) to critique that news articles. These studies can support or negate (or both) that news article and must be published within the last 20 years. The paper should be at least 6 pages long, double-spaced and no more than 8 pages. Papers can be submitted at any time in the term but must be submitted by **Friday, February 17<sup>th</sup>**. Papers must be submitted through the Brightspace course website. This assignment is worth 20% of your total grade; 5% per day will be deducted for unexcused late papers.

**Group Podcast Submissions:** Throughout the course you are expected to work as a group with your classmates (up to 4 members, min. 2) to submit a recorded Podcast (via a video conferencing platform of your choosing; min 20 minutes, max 40 minutes; times will be adjusted depending on # of members in the group) to discuss a topic related to current issues in adolescent development. Topics can be of your own choosing (e.g., COVID-19 and youth mental health, substance use, youth civic engagement, social activism for racial justice, bullying and peer victimization etc.). Make sure to structure your discussion. For example: you may choose to identify and articulate the experiences/challenges/opportunities that adolescents face today and discuss how the current generation may differ from different generations by integrating how developmental theories and empirical research can help inform us to provide guidance to the current generation. At the end of your discussion you may choose to ultimately impart some “wisdom” from what you have learned from personal experiences and what you have learned from this course as young adults that you wish you would have known or would like this generation of adolescents to know to help them navigate through the present challenges they face. This assignment is worth 15% of your overall grade (due **Tuesday, April 11<sup>th</sup>**). You can find group members by posting on the discussion forum in Brightspace. To encourage group participation early in the semester, you must submit a short ‘test Podcast’ introducing members of your group, the topic that you will be discussing and your reasons for choosing this topic (length is 2 minutes or less). This initial submission is worth 5% of your overall grade (due **Friday, February 10<sup>th</sup>**). Introductions can be submitted on Brightspace.

**Extra Credit with Participation in Research Studies:** Students can earn up to 2% extra credit toward your final grade by participating in psychological studies that are posted on the research pool website. Visit <https://uvic.sona-systems.com> for more information. Note that you must complete your participation by the last day of the course to receive credit.

**Exams:** Knowledge of the readings and lectures will be assessed through 4, non-cumulative in-class exams worth 60% of your overall mark (15% each). Exams will include a combination of multiple choice and short answer questions based on both the readings and lectures. Exams will be in-class and you will have the option to complete it electronically (e.g., through your personal laptop that you bring into class) or on a paper copy which we will have on hand. It is the student’s responsibility to attend in-class exams as scheduled. Students who miss an in-class exam will receive a mark of zero unless they have a case of illness or family emergency. If you miss an exam due to these reasons, you must notify me on or before the exam date. You must write the final exam (Exam 4) to pass the course. Failure to write Exam 4 will result in an “N” for the course, even when a final grade of 50% or higher is achieved. N is a failing grade and factors into GPA as a value of 0. In accordance with the University’s policy on academic concessions, “A student who completes all course requirements is not eligible for an academic concession”. Consequently, students can only request deferrals for the completion of required course components and not for non-essential course components.

**Respect for Diversity:** The diversity that students bring to this class will be viewed as a resource, strength and benefit. It is my intent to create a safe and open space where all students from diverse backgrounds feel comfortable when expressing their worldviews. To maintain this environment, it is critical that each class member be respectful of others’ emotions, experiences, and perspectives, and to also be mindful of your own. Together, we can create a learning community that is inclusive and supportive.

# UNIVERSITY OF VICTORIA

## Department of Psychology Important Course Policy Information Winter Session 2022/23

### **Accessible Learning**

The University of Victoria is committed to creating a learning experience that is as accessible as possible. If you anticipate or experience any barriers to learning in this course, please feel welcome to discuss your concerns with me. If you have a disability or chronic health condition, or think you may have a disability, you may also want to meet with an advisor at the [Centre for Accessible Learning](#) (CAL).

### **Attendance and Absences**

**Attendance is important.** Students are expected to attend all classes in which they are enrolled. Students may be assigned a final grade of N or debarred from writing final examinations if they fail to satisfy a minimum attendance requirement set by the instructor for lectures, laboratories, online course discussions or learning activities, tutorials, or other learning activities set out in the course outline.

Medical documentation for short-term absences is **not required** (approved by Senate). Students who cannot attend due to illness are asked to notify their instructors immediately. If illness, accident, or family affliction causes a student to miss the final exam or to fail to complete any required assignment/assessment by the end of the term students are required to submit a request for academic concession (see below).

### **Children and Pets**

If you need to bring your children or pet to class, please do not hesitate to do so. It is understood that sometimes this is necessary due to care circumstances. However, please aim to have minimal class disturbance so that student learning is not impacted.

### **Class Recording and Auto-Captioning Statement**

The instructor may record class sessions and those recordings may be made available to all students in the class via Brightspace. If you have questions or concerns regarding class recording and privacy please contact [privacyinfo@uvic.ca](mailto:privacyinfo@uvic.ca)

Auto-generated captioning may be enabled in this course. Auto-captioning is highly error-prone, especially for specialized terminology and proper names. Students are asked to refer to the audio feed for clarification of any errors. If you find captioning errors that are offensive, please contact your instructor and/or teaching assistant so that they are aware. If you require captions as part of an academic accommodation, please contact [CAL](#).

### **Commitment to Inclusivity, Diversity, and Respectful Environments in the Classroom and Online**

All members of the university community have the right to this experience and the responsibility to help *create* such an environment. The University will not tolerate racism, sexualized violence, or any form of discrimination, bullying, or harassment.

Please be advised that, by logging into UVic's learning systems or interacting with online resources and course-related communication platforms, you are engaging in a University activity.

All interactions within this environment are subject to the university expectations and policies. Any concerns about student conduct may be reviewed and responded to in accordance with the appropriate university policy.

## Course Experience Survey (CES)

The instructor values your feedback on this course. Toward the end of term, you will have the opportunity to complete a confidential course experience survey (CES) regarding your learning experience. The survey is vital to providing feedback to the instructor regarding the course and their teaching, as well as to help the department improve the overall program for students in the future. When it is time for you to complete the survey, you will receive an email inviting you to do so. If you do not receive an email invitation, you can go directly to <http://ces.uvic.ca>. You will need to use your UVic NetLink ID to access the survey, which can be done on your laptop, tablet or mobile device. You will be reminded nearer the time, but please be thinking about this important activity, especially the following three questions, during the course.

1. What strengths did your instructor demonstrate that helped you learn in this course?
2. Please provide specific suggestions as to how the instructor could have helped you learn more effectively.
3. Please provide specific suggestions as to how this course could be improved.

## Disclaimer

The above schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances.

## Medical Documentation for absences

No medical documentation for short-term absences is required (Approved by Senate).

If you are seeking a Withdrawal Extenuating Circumstances or an Aegrotat grade, medical documentation may be required if relevant.

## Ombudsperson and Academic Concerns

From the course calendar...

*Depending on the nature of the academic matter of concern to the student, the order in which the student should normally try to resolve the matter is: first, the course instructor; second, the Department Associate Chair; third, the Dean of the faculty; and finally, the Senate.*

If you are having an academic concern or problem that cannot be resolved with your instructor or the Department Associate Chair, you may wish to consult with the Office of the Ombudsperson (<https://uvicombudsperson.ca>). ## Policy on Academic Integrity including Plagiarism and Cheating

The Department of Psychology fully endorses and intends to enforce rigorously the [Senate Policy on Academic Integrity](#). It is of utmost importance that students who do their work honestly be protected from those who do not. Because this policy is in place to ensure that students carry out and benefit from the learning activities assigned in each course, it is expected that students will cooperate in its implementation.

The offences defined by the policy can be summarized briefly as follows:

1. **Plagiarism.** You must make sure that the work you submit is your work and not someone else's. There are proper procedures for citing the works of others. The student is responsible for being aware of and using these procedures.
2. **Unauthorized Use of an Editor.** The use of an editor is prohibited unless the instructor grants explicit written authorization.
3. **Multiple Submission.** Only under exceptional circumstances may a work submitted to fulfill an academic requirement be used to satisfy another similar requirement. The student is responsible for clarifying this with the instructor(s) involved.
4. **Falsifying Materials Subject to Academic Evaluation.** This includes falsification of data, use of commercially prepared essays, using information from the Internet without proper citation, citing sources from which material is not actually obtained, etc.
5. **Cheating on Assignments, Tests, and Examinations.** You may not copy the work of others in or out of class; you may not give your work to others for the purpose of copying; you may not use unauthorized material or equipment during examinations or tests; and you may not impersonate or allow yourself to be impersonated by another at an examination. The Department of Psychology has a policy of not making old examinations available for study purposes. Therefore, use of old exams without the express written permission of the instructor constitutes cheating by the user, and abetting of cheating by the person who provided the exam.
6. **Aiding Others to Cheat.** It is a violation to help others or attempt to help others to engage in any of the conduct described above.

Instructors are expected to make every effort to prevent cheating and plagiarism. This may include the assignment of seating for examinations, asking students to move during examinations, requests to see student identification cards, and other measures as appropriate. Instructors also have available to them a variety of tools and procedures to check for Internet and electronic media-based cheating. In instances of suspected or actual plagiarism or cheating, instructors, following prescribed procedures, are authorized to take steps consistent with the degree of the offence. These measures will range from a zero on the test or assignment or a failing grade for the course, probation within a program to temporary or even permanent suspension from the University.

Rights of Appeal are described in the Policy on Academic Integrity in the University calendar January 2023.

## Prerequisites

Students who remain in courses for which they do not have the prerequisites do so at their own risk. Students who complete courses without prerequisites ARE NOT exempt from having to complete the prerequisite course(s) if such courses are required for the degree program.

## Program Requirements

For more information see the [UVic Calendar](#).

## Registration Status

Students are responsible for verifying their registration status. Registration status may be verified using My Page, View Schedule. Course adds and drops will not be processed after the [deadlines](#) set out in the current UVic Calendar.

Students who do not attend classes must not assume that they have been dropped from a course by an academic unit or an instructor. Courses that are not formally dropped will be given a failing grade, students may be required to withdraw and will be required to pay the tuition fee for the course.

## Request for Academic Concessions: In the Event of Illness, Accident or Family Affliction

Request for Academic Concession form: <http://www.uvic.ca/registrar/assets/docs/record-forms/rac.pdf>

- **What to do if you miss the final exam scheduled during the formal exam period**  
Apply at Records Services for a “Request for Academic Concession”, normally within 10 working days of the date of the exam. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation (for example, a deferred exam). Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record.
- **What to do if you miss an exam other than one scheduled during the formal exam period**  
Do not apply at Records Services for a “Request for Academic Concession”. Instead, contact your course instructor (or designated teaching assistant) to let them know why you missed the exam and include the [in-course extension form](#) if required. Medical documentation is not required.
- **What to do if you require additional time to complete core course requirements**  
Apply at Records Services for a “Request for Academic Concession”, normally within 10 working days of the end of the course. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation. Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record if the missing work has been deemed required. Note, only required course components may be deferred.

## Research Participation Opportunities with the Department of Psychology
