### Course Description and Learning Outcomes

This course will introduce students to the major theoretical models that underly the practice of psychotherapy. The course will begin with an introduction and history of classifying and diagnosing mental disorders. Ethical codes and practices in psychotherapy will be examined. The course will then explore theoretical approaches to psychotherapy. Key figures and their impact on psychotherapy will be explored. Principles/key concepts, techniques, and culture/diversity implications are examined in each approach. The course finishes with an examination of how theory and techniques may be integrated into a broader psychotherapy perspective. Note: completing this course *does not* give you the qualifications to become a psychologist, conduct psychological therapy or assessment, or provide diagnoses. Many years of post-graduate study and supervised practice are required to perform the aforementioned activities.

After completing this course, you will be able to:

1. Describe the theoretical approaches to psychotherapy as presented in the course by outlining key principles of each approach and detailing corresponding therapeutic methods.
2. Identify appropriate therapeutic techniques and methods within the context of individual client differences and diversity perspectives in order to maintain an ethical practice framework.

3. Engage in critical discussion as it pertains to course material by arriving to class prepared and demonstrating respect for fellow classmates and their perspectives.
4. Demonstrate oral presentation skills and collaboration with others through an in-class presentation.
5. Critically analyze various sources of peer-reviewed scholarly therapeutic research by completing a term paper or project.

<b>Course Evaluation and Grades</b>		
Students who have completed the following elements will be considered to have completed the course:		
<b>Quiz 1</b>	<b>15%</b>	The exam will cover all content from weeks 1 to 4 inclusive, including content from lectures and readings. The exam is closed book.
<b>Quiz 2</b>	<b>15%</b>	The exam will cover all content from weeks 5 to 9 inclusive, including content from lectures and readings. The exam is closed book.
<b>Weekly Learning Boosters</b>	<b>15%</b>	Weekly learning boosters will require you engage with course material so as to prepare you for class discussion and reinforce critical thinking about course topics. To receive full marks, you need to complete 10 out of 12 weeks (each worth 1.5%) by Wednesday at 12:00pm during that week. Late submissions will not count toward your mark. You can skip 2 weeks and still receive full marks. Submission is on Brightspace.
<b>Therapy Presentation</b>	<b>20%</b>	In groups of two, you will present a 15-minute in-person presentation on one of the therapies discussed in this course. You will be paired based on mutual interest if possible. Topic should be discussed with Jill prior to finalizing the schedule. Please see the rubric on Brightspace for detailed information.
<b>Audience Assignment</b>	<b>10% (5% each)</b>	You will write two brief 3-page summaries of student presentations that briefly summarize the presentation and also pose two questions to the presenters. Instead of asking the presenters, you will write about your rationale for the questions as well as answer your questions in written form in your assignment by conducting your own research. You must choose one student presentation from Weeks 7-9 and one presentation from Week 10-12. Please see the rubric on Brightspace for detailed information.
<b>Third-Wave Paper or Podcast</b>	<b>25%</b>	You will write a 10-page double-spaced paper or create a 20-minute podcast examining a Third-Wave Therapy approach as a term paper/final project. Please see the rubric on Brightspace for detailed information.

Failure to complete one or more of these elements will result in a grade of “N” regardless of the cumulative percentage of all other elements of the course. N is a failing grade and factors into GPA as a value of 0. In accordance with the University’s policy on academic concessions, “A student who completes all course requirements is not eligible for an academic concession”. Consequently, students can only request deferrals for the completion of required course components and not for non-essential course components.

### Course Schedule

## Expected Student Conduct

**Respectful Behaviour** Throughout the course, students and the instructor may choose to share or disclose personal information. It is important for you to consider what and when you share. There is no way to guarantee confidentiality in an in-person class and as such, please evaluate your self-disclosures carefully. The ability to maintain this stance is necessary to ensure the safety of all individuals. As such, the discussions, self-disclosures, and personal information should not be divulged to any persons outside of the class and will be viewed as a breach of privacy. Further, I support an inclusive classroom experience where diversity and individual differences are understood, respected, appreciated, and recognized to be a source of strength. I expect that students and instructors will show the utmost respect for individual differences. Please let me know if something said or done in the classroom, by either myself or other students, is particularly troubling or causes discomfort or offense. In extending respect, I endeavour to create a positive learning experience by being available to answer questions, discuss materials, and foster your learning experience. I attempt to respond to emails within 3 business days (please resend after this time period).

**Sensitive Content** The university classroom provides an open space for the critical and civil exchange of ideas. Some course content will include topics that some students may find offensive and/or difficult to learn about. Each student is different and as such, I cannot provide a “trigger warning” for all the sensitive topics in this course. Please ensure that you consider the topics to be discussed and determine if you have the emotional capacity and tolerance to engage in this course at the present time. I will not provide alternative assignments or readings as I aim to provide a comprehensive survey of the course topics in order to meet the learning objectives set out for this course and your undergraduate psychology education. Resources for support and wellbeing are provided at the end of the syllabus.

**Attendance** It is expected that you will attend all classes. This course will benefit greatly from peer-to-peer learning and discussion. If, due to unforeseen circumstances, you must miss a class, please obtain the missed material from a classmate. I can provide information on specific questions, but a make-up class or class notes will not be provided.

**Missed Exams/Assignments** You are expected to write the exams and complete assignments on the dates set out in the Course Schedule and during the Final Exam Period. If you miss a deadline/exam for an emergency, due to illness, or accident, please contact me as soon as possible (no later than 10 days after) to schedule a makeup exam or discuss an extension. **For all exam makeups and assignment extensions, you must fill out a Request for In-Course Extension form from the link below or on Brightspace.** Makeup exams and extensions will be granted only in extenuating circumstances. **Travel plans, personal inconveniences (e.g., having more than one assignment due at the same time), and the like will not be accommodated.**

# UNIVERSITY OF VICTORIA

## Department of Psychology Important Course Policy Information Winter Session 2022/23

### **Accessible Learning**

The University of Victoria is committed to creating a learning experience that is as accessible as possible. If you anticipate or experience any barriers to learning in this course, please feel welcome to discuss your concerns with me. If you have a disability or chronic health condition, or think you may have a disability, you may also want to meet with an advisor at the [Centre for Accessible Learning](#) (CAL).

### **Attendance and Absences**

**Attendance is important.** Students are expected to attend all classes in which they are enrolled. Students may be assigned a final grade of N or debarred from writing final examinations if they fail to satisfy a minimum attendance requirement set by the instructor for lectures, laboratories, online course discussions or learning activities, tutorials, or other learning activities set out in the course outline.

Medical documentation for short-term absences is **not required** (approved by Senate). Students who cannot attend due to illness are asked to notify their instructors immediately. If illness, accident, or family affliction causes a student to miss the final exam or to fail to complete any required assignment/assessment by the end of the term students are required to submit a request for academic concession (see below).

### **Children and Pets**

If you need to bring your children or pet to class, please do not hesitate to do so. It is understood that sometimes this is necessary due to care circumstances. However, please aim to have minimal class disturbance so that student learning is not impacted.

### **Class Recording and Auto-Captioning Statement**

The instructor may record class sessions and those recordings may be made available to all students in the class via Brightspace. If you have questions or concerns regarding class recording and privacy please contact [privacyinfo@uvic.ca](mailto:privacyinfo@uvic.ca)

Auto-generated captioning may be enabled in this course. Auto-captioning is highly error-prone, especially for specialized terminology and proper names. Students are asked to refer to the audio feed for clarification of any errors. If you find captioning errors that are offensive, please contact your instructor and/or teaching assistant so that they are aware. If you require captions as part of an academic accommodation, please contact [CAL](#).

### **Commitment to Inclusivity, Diversity, and Respectful Environments in the Classroom and Online**

The University of Victoria is committed to providing a positive and supportive and safe learning and working environment for all its members. All members of the university community have the right to this experience and the responsibility to help *create* such an environment. The University will not tolerate racism, sexualized violence, or any form of discrimination, bullying, or harassment.

Please be advised that, by logging into UVic's learning systems or interacting with online resources and course-related communication platforms, you are engaging in a University activity.

All interactions within this environment are subject to the university expectations and policies. Any concerns about student conduct may be reviewed and responded to in accordance with the appropriate university policy.

To report concerns about online student conduct: [onlineconduct@uvic.ca](mailto:onlineconduct@uvic.ca)

## Copyright

All course content and materials are made available by instructors for educational purposes and for the exclusive use of students registered in their class<sup>1</sup>. The material is protected under copyright law, even if not marked with ©. Any further use or distribution of materials to others requires the written permission of the instructor, except under fair dealing or another exception in the Copyright Act. Violations may result in disciplinary action under the [Resolution of Non-Academic Misconduct Allegations policy \(AC1300\)](#) or the [Academic Integrity Policy](#), whichever is more appropriate for the situation.

## Course Experience Survey (CES)

The instructor values your feedback on this course. Toward the end of term, you will have the opportunity to complete a confidential course experience survey (CES) regarding your learning experience. The survey is vital to providing feedback to the instructor regarding the course and their teaching, as well as to help the department improve the overall program for students in the future. When it is time for you to complete the survey, you will receive an email inviting you to do so. If you do not receive an email invitation, you can go directly to <http://ces.uvic.ca>. You will need to use your UVic NetLink ID to access the survey, which can be done on your laptop, tablet or mobile device. You will be reminded nearer the time, but please be thinking about this important activity, especially the following three questions, during the course.

1. What strengths did your instructor demonstrate that helped you learn in this course?
2. Please provide specific suggestions as to how the instructor could have helped you learn more effectively.
3. Please provide specific suggestions as to how this course could be improved.

## Disclaimer

The above schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances.

## Grading

In classes that are based on a percentage grading scheme, the following [Undergraduate Grading Scale](#) is used

Grade	A+	A	A-	B+	B	B-	C+	C	D	F
Percentage	90-100	85-89	80-84	77-79	73-76	70-72	65-69	60-64	51-59	< 50
GP Value	9	8	7	6	5	4	3	2	1	0

Rounding is only applied to the final grade and is rounded up at the 0.5% level (e.g., 84.49% is round to 84% and 84.50% is rounded to 85%).

## Medical Documentation for absences

No medical documentation for short-term absences is required (Approved by Senate).

If you are seeking a Withdrawal Extenuating Circumstances or an Aegrotat grade, medical documentation may be required if relevant.

## Ombudsperson and Academic Concerns

From the course calendar...

*Depending on the nature of the academic matter of concern to the student, the order in which the student should normally try to resolve the matter is: first, the course instructor; second, the Department Associate Chair; third, the Dean of the faculty; and finally, the Senate.*

If you are having an academic concern or problem that cannot be resolved with your instructor or the Department Associate Chair, you may wish to consult with the Office of the Ombudsperson (<https://uvicombudsperson.ca>). Current contact information for the office can be found here <https://uvicombudsperson.ca/contact/>.

## Policy on Academic Integrity including Plagiarism and Cheating

The Department of Psychology fully endorses and intends to enforce rigorously the [Senate Policy on Academic Integrity](#). It is of utmost importance that students who do their work honestly be protected from those who do not. Because this policy is in place to ensure that students carry out and benefit from the learning activities assigned in each course, it is expected that students will cooperate in its implementation.

The offences defined by the policy can be summarized briefly as follows:

1. **Plagiarism.** You must make sure that the work you submit is your work and not someone else's. There are proper procedures for citing the works of others. The student is responsible for being aware of and using these procedures.
2. **Unauthorized Use of an Editor.** The use of an editor is prohibited unless the instructor grants explicit written authorization.
3. **Multiple Submission.** Only under exceptional circumstances may a work submitted to fulfill an academic requirement be used to satisfy another similar requirement. The student is responsible for clarifying this with the instructor(s) involved.
4. **Falsifying Materials Subject to Academic Evaluation.** This includes falsification of data, use of commercially prepared essays, using information from the Internet without proper citation, citing sources from which material is not actually obtained, etc.
5. **Cheating on Assignments, Tests, and Examinations.** You may not copy the work of others in or out of class; you may not give your work to others for the purpose of copying; you may not use unauthorized material or equipment during examinations or tests; and you may not impersonate or allow yourself to be impersonated by another at an examination. The Department of Psychology has a policy of not making old examinations available for study purposes. Therefore, use of old exams without the express written permission of the instructor constitutes cheating by the user, and abetting of cheating by the person who provided the exam.
6. **Aiding Others to Cheat.** It is a violation to help others or attempt to help others to engage in any of the conduct described above.

Instructors are expected to make every effort to prevent cheating and plagiarism. This may include the assignment of seating for examinations, asking students to move during examinations, requests to see student identification cards, and other measures as appropriate. Instructors also have available to them a variety of tools and procedures to check for Internet and electronic media-based cheating. In instances of suspected or actual plagiarism or cheating, instructors, following prescribed procedures, are authorized to take steps consistent with the degree of the offence. These measures will range from a zero on the test or assignment or a failing grade for the course, probation within a program to temporary or even permanent suspension from the University.

Rights of Appeal are described in the Policy on Academic Integrity in the University calendar January 2023.

## Prerequisites

Students who remain in courses for which they do not have the prerequisites do so at their own risk. Students who complete courses without prerequisites ARE NOT exempt from having to complete the prerequisite course(s) if such courses are required for the degree program.

## Program Requirements

For more information see the [UVic Calendar](#).

## Registration Status

Students are responsible for verifying their registration status. Registration status may be verified using My Page, View Schedule. Course adds and drops will not be processed after the [deadlines](#) set out in the current UVic Calendar.

Students who do not attend classes must not assume that they have been dropped from a course by an academic unit or an instructor. Courses that are not formally dropped will be given a failing grade, students may be required to withdraw and will be required to pay the tuition fee for the course.

## Request for Academic Concessions: In the Event of Illness, Accident or Family Affliction

Request for Academic Concession form: <http://www.uvic.ca/registrar/assets/docs/record-forms/rac.pdf>

- **What to do if you miss the final exam scheduled during the formal exam period**  
Apply at Records Services for a “Request for Academic Concession”, normally within 10 working days of the date of the exam. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation (for example, a deferred exam). Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record.
- **What to do if you miss an exam other than one scheduled during the formal exam period**  
Do not apply at Records Services for a “Request for Academic Concession”. Instead, contact your course instructor (or designated teaching assistant) to let them know why you missed the exam and include the [in-course extension form](#) if required. Medical documentation is not required.
- **What to do if you require additional time to complete core course requirements**  
Apply at Records Services for a “Request for Academic Concession”, normally within 10 working days of the end of the course. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation. Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record if the missing work has been deemed required. Note, only required course components may be deferred.

## Research Participation Opportunities with the Department of Psychology

The Department of Psychology offers multiple opportunities to participate in research studies over the year. Students are encouraged to learn more about the field of psychology by volunteering in these studies. Information about studies can often be found posted on notice boards around the Department as well as through our Participant Pool webpage at <https://www.uvic.ca/socialsciences/psychology/research/participants/>.

## Student Support Services

[Learn Anywhere](#) is the student support portal for a full range of student academic and support services. Services include: [Centre for Academic Communication](#), [Math & Stats Assistance Centre](#), [Counselling Services](#), [Health Services](#), [Library](#), [Ombudsperson](#), and [Computer Help Desk](#)

## This classroom is a trans-inclusive space

Please indicate if you have a preferred name and pronoun that you’d like to be used in the classroom. Please e-mail your instructor or your TA if you would like to discuss the climate of this classroom for trans students. Gender neutral bathrooms are available at UVic.

## **University of Victoria Students' Society (UVSS)**

The [UVSS](#) is a social justice based non-profit run by students, for students and is entirely separate from UVic. As an undergrad student, you are already a member! We work on issues affecting students such as affordability, public transit, sexualized violence, sustainability, student employment, and much more. We fund clubs and course unions, and have several advocacy groups. We also have a Food Bank and Free Store, a Peer Support Centre, and run your health and dental plan. We are here to support you, so please reach out to us at [uvss.ca](http://uvss.ca)!
