COURSE DESCRIPTION & LEARNING OUTCOMES

Welcome to Personality! We all have ways of describing our own and others’ personality. We use language to describe personality (e.g., “outgoing”, “pessimistic”). These are the colloquial ways we use to describe personality. In this course, we will take these things we do in everyday life and look at personality from a more scientific perspective. We will explore what personality is, the basis of it, how it is studied, and how we can see it in everyone around us. Personality theory will be presented from several perspectives including biological, phenomenological, learning/cognitive, and psychoanalytic.

Learning Outcomes

After completing this course, you will be able to:

- **Describe** what personality psychology is and how it is studied.
- **Explain** and evaluate major personality theories and approaches (e.g., traits, psychodynamics, social-cognitive, humanistic, biological).
- **Differentiate** personality assessment techniques and discuss their reliability and validity.
- **Discuss** personality stability and change, situational influences on personality, and the impact of personality on important life outcomes.
- **Examine** of the importance of culture and diversity for all research, including personality psychology.
- **Apply** insights from personality psychology towards better understand yourself and others at work and at play.

PREREQUISITE(S):

- Complete all of:
  - PSYC 201 – Research Methods in Psychology (1.5)
- Complete 1 of:
  - PSYC 231 – Introduction to Social Psychology (1.5)
  - PSYC 260 – Introduction to Mental Health and Well-Being (1.5)
A NOTE ABOUT CONDENSED COURSES:

Due to the condensed nature of the course, there will be no extensions on assignments.

Please note that the course will be intensive, we will be covering the content in about a quarter of the time of full-length terms. As such, we will cover multiple chapters per week, alongside course assignments, exam preparation, and hopefully eating and sleeping. 😊 Please plan your time accordingly. Be prepared to attend class regularly (you MUST be present for the in-person exams) unless you are ill or there are other extenuating circumstances. Resources for support and wellbeing are provided at the end of the syllabus.

REQUIRED MATERIALS & RECOMMENDED PREPARATION / INFORMATION

(a) Textbook (required)

You can purchase a copy of this text through the UVic bookstore at: https://www.uvicbookstore.ca/text/.

Additionally, optional course materials may be uploaded to Brightspace for some topics. Each exam module will include a multiple-choice questions and short answer prompts to aid in exam preparation.

Course Website

All course materials, including summary notes, supplementary materials, quizzes, and assignments will be available through Brightspace (https://bright.uvic.ca). This site will be your guide on what needs to get done each week. The course outline, online quizzes, and other material will be posted on the course website. You can sign into Brightspace using your NetLink ID.

BREAKDOWN OF STUDENT ASSESSMENT

Note: In accordance with the University’s policy on academic concessions, “A student who completes all course requirements is not eligible for an academic concession”. Consequently, students can only request deferrals for the completion of required course components (i.e., the exams) and not for non-essential course components.

Exams (Exam 1 = 15%; Exam 2 = 20%; Exam 3 = 20%) = 55% of final grade
*NOTE: You must complete all three exams; failure to do so means you have not completed a major course requirement and will receive a N mark (failure due to not completing a course requirement) for the course regardless of the cumulative percentage of all other elements in the course. N is a failing grade and factors into GPA as a value of 0.
You will write three exams during this course. Exams are non-cumulative, which means they will only cover material since the previous exam. All course material is testable (lectures, textbook chapters, additional course readings). The format of all three exams will be multiple choice and short answer. Exam 1 will be available ONLINE only; Exams 2 and 3 will be IN PERSON only during class time (Note: there is no exam during the final exam period).

What to do if I miss an exam due to illness?
Contact me (kobelsky@uvic.ca) no later than 3 working days after the exam to arrange for a make-up exam. Students who miss Exam 3 may need to make a request for academic concession (see Course Policy Information).

Personality Vignette Activities = 30% of final grade
*NOTE: You must complete at least one of these activities; failure to do so means you have not completed a major course requirement and will receive a N mark (failure due to not completing a course requirement) for the course regardless of the cumulative percentage of all other elements in the course. N is a failing grade and factors into GPA as a value of 0.
An important part of this course requires you to think critically about the course materials and to integrate information from the course and the textbook in a concise manner. You will be asked to apply personality theory to a provided personality vignette and critically evaluate the perspective. Personality Vignette Activities will be provided through the Discussions feature in Brightspace and will be provided at the beginning of the chapter that they relate to. Please note that no makeup personality vignette activities will be provided. Additional information will be provided in class and on Brightspace. If you prefer, you may create a personality vignette as bonus credit in the course (see below).
Personality Measurement Tools (best 3 of 4) = 15% of final grade

Students will have the opportunity to utilize different personality measurement tools. Personality Measurement Tools will be provided through the Quizzes feature in Brightspace and will be provided at the beginning of the chapter that they relate to. Note that for these activities, students are encouraged to answer the tools by reflecting on their own personality. However, some students may prefer not to share aspects of their personality. In this instance, you are welcome to use one of the provided personality vignettes (from the Personality Vignette Activities) to complete the measurement tool. After completing the measurement tool, students will briefly reflect on what the tool reveal about their personality/vignette. Each measurement tool will take between 20-30 minutes and no makeup activities will be provided. If you miss a Personality Measurement Tool (including due to illness), it will be the lowest grade dropped from your final mark. Additional instructions will be provided in class and on Brightspace.

BONUS Vignette Creation OR Article Review = +2% Bonus

Vignette Creation

Do you play D&D? Are you an aspiring writer? Do you have a character in mind that you’d like to develop? Students in this course may earn up to 2% extra credit toward their final grade by creating their own personality vignette to be used with the Personality Vignette Activities. If you choose to create your own personality vignette, you must complete the required components and submit for grading by Wednesday May 15th at 10pm. Late submissions will not be accepted.

To complete the assignment, you are required to fill in a Big Five inventory from the perspective of your character. Then, write a paragraph that summarizes the essential features and characteristics of your character. The written paragraph should include all the following information:

- notable experiences in childhood
- how the character interacts with others
- the character’s hobbies
- how the character views themself (e.g., values, self-esteem, etc.)
- written from the character’s perspective

**Please note that you are welcome to use GenAI tools to create the paragraph summary of your character. However, you must cite any use of AI sources, including all prompts and include the original output. For more information on how to cite GenAI tools see https://libguides.uvic.ca/AI_Tools/citing_AI_text

An example of a character vignette will be provided in Brightspace. Submit your completed character vignette and Big Five inventory via the Assignments section on Brightspace. As well, please let me know if you give permission for this character to be used in future courses with your submission (all vignettes would include a copyright symbol and your first and last name). Note that this permission is not a requirement to receive bonus credit. If you do not wish to create a character vignette, but still wish to have the opportunity to earn the extra 2%, you may contact me no later than May 17th to arrange for an alternative option involving a written article review (see below).

Article Review

Students are not required to create a personality vignette, and not all students wish to do so. As an alternative, students may instead opt to gain research experience by writing a review (2 pages double spaced) of a journal article reporting original research relevant to the practical
application of personality psychology. **Journal articles must be from 2022 or newer, older articles will not be accepted.** The review will be worth 2% of extra credit and only one review will be accepted. Please email me by May 17th if you wish to choose this option and **include your chosen research article** so that I can approve it. **NOTE:** The same journal article must **NOT** be used for any other assignments in this course. You will **NOT** receive any extra credit if the same article is used for another assignment. To receive credit, you must follow these guidelines:

- Completed reviews must be submitted to me via email (kobelsky@uvic.ca) no later than 8:00pm on the last day of class (June 5th). Late submissions will **NOT** be accepted under ANY circumstances.
- Reviews must be typed and be formatted in APA style.
- Fully identify the title, author(s), source, and year of the article. The article must be included as a stable link in your References section.
- Clearly summarize the psychological concepts in the article, the reported results, and the implications of the results. **Critically evaluate the application or treatment of the concepts in the article.** If you discover something that is incorrect, identify the error and its implications for the validity of the article. You may find, for example, misleading headings, faulty research procedures, alternative explanations that are ignored, failures to distinguish factual findings from opinions, faulty statements of cause-effect relations, errors in reasoning, etc.

**COURSE GUIDELINES & EXPECTATIONS**

Part of my role in this course is ensuring that students are succeeding! If you have questions about the course material, please ask me during class, contact me via email, or arrange for a one-on-one meeting (in person or via Zoom).

**What Students can Expect from Me**

I am available to help: I am available to help via e-mail and during office hours. For e-mail, please include “PSYC 330: [brief description of your email]” in your subject heading and **before you compose your e-mail, check the course syllabus, notes, with your classmates, and on Brightspace for the answer to your question.**

Please attend office hours for your more detailed or complicated questions. I will be available during office hours to discuss your grades, understanding of the material, or discuss more generally your interest in Psychology. **Remember: It is better to contact me earlier in the term rather than later if you are struggling so we can work on an education plan together.**

*NOTE:* Please DO NOT email me through Brightspace, as emails do not always make it to my inbox.

I will upload summary notes/slides and supplementary material on Brightspace. Summary notes and course slides that cover core concepts from the textbook will be uploaded. Supplementary material, which is designed to provide more in-depth examples and information related to core concepts, will also be uploaded. Materials will be released on a per-chapter basis.

**We will give and receive feedback.** The TA and I will provide feedback (typically through grading rubrics) and we are happy to meet with you during office hours to discuss the feedback. We’re also open to receiving constructive feedback about your experiences within the course.
What I Expect from Students

Psychology is a scientific discipline, and as such it requires considerable thought and time to develop an understanding of psychological research and principles. I expect students to complete the assigned readings, to attend and engage in office hours when needed, and to spend time each week working to understand the course material.

**Conduct yourself appropriately.** You should listen to and interact with others in a respectful manner. We are all very diverse and have different values, beliefs, and opinions. Please maintain an open mind to these differences. You may argue with others who hold opinions different from your own, but you must always remain respectful.

**Provide constructive feedback.** We are always looking for ways to improve the course to facilitate learning. You are highly encouraged to provide constructive feedback about your experiences in the course. Please see us in office hours to discuss your concerns or suggestions.

**Course Experience Survey**
I value your feedback on this course. Near the end of term, you will have an opportunity to complete an anonymous survey regarding your learning experience in this class. The CES provides vital information that I will use to improve future courses. The survey will also be used by the Department of Psychology to evaluate my performance as an instructor. I will not receive the results until after I have submitted marks for this course. Responses are anonymous unless you choose to say things in optional open-ended comments that identify you (which I do not recommend). The more students complete the survey, the more meaningful and informative the results. Please ensure that your current email address is listed on MyPage ([http://uvic.ca/mypage](http://uvic.ca/mypage)). You can complete the CES at a time of your choosing during the last two weeks of classes.

**Attend office hours regularly.** Attending office hours regularly will help to increase your understanding of the material will provide you with opportunities to engage with and discuss the material with the instructor and your classmates. Bring your questions and ask for clarification. Or, bring examples that illustrate some of the concepts that were helpful to you (this could be a video, article, or your own knowledge).

**Let us know if there are any special circumstances.** We learn in different ways and with varying degrees of success. If you know of any factors in your life that hinder your ability to learn up to your potential in this course, please contact the Centre for Accessible Learning (formerly RCSD), [https://www.uvic.ca/services/cal/onlineservices/register/index.php](https://www.uvic.ca/services/cal/onlineservices/register/index.php)
The CAL staff are available by appointment to assess specific needs, provide referrals and arrange appropriate accommodations.
SUPPORTING AN EFFECTIVE LEARNING ENVIRONMENT

Please read through the course outline carefully. It contains a lot of useful information and likely answers a lot of questions related to what is expected for this course. If you still have questions or any other concerns about this course, please approach me as soon as possible! I am happy to assist you wherever possible and I want all students in this course to feel supported. For any concerns that are urgent or of a sensitive nature please contact me via email and arrange a meeting which is most comfortable for you (email, audio call, or Zoom conference). If sending an email, remember to please include “PSYC 330” along with other relevant information in the subject line to prevent emails from being accidentally sent to an incorrect folder. I will respond as promptly as possible, if you do not hear from me within 24 hours, please send a gentle reminder email.

RESPECT FOR DIVERSITY

It is my intent that students from all diverse backgrounds and perspectives be well-served by this course, that students’ learning needs be addressed, and that the diversity that students bring to this class be viewed as a resource, strength, and benefit. It is our intent to present materials and activities that are respectful of diversity: gender, sexuality, disability, age, socio-economic status, ethnicity, race, and culture. Your suggestions are encouraged and appreciated. Please let us know ways to improve the effectiveness of the course for you personally or for other students or student groups. In addition, if any of our class meetings conflict with your religious events, please let me know so we can make arrangements for you.

Changes to this syllabus: Every effort has been made to ensure that information in this syllabus is accurate at the time of publication. There may be dates or topics that change based on the needs of the course. If this occurs, the instructor will communicate these changes in a timely manner to students through the appropriate channels (e.g., class announcements, posted to Brightspace).
A note to remind you to take care of yourself. Do your best to maintain a healthy lifestyle this semester by eating well, exercising, getting enough sleep and taking some time to relax. This will help you achieve your goals and cope with stress. All of us benefit from support during times of struggle. You are not alone.

**Social Life, Friends, & Community at UVic:**
Having a social network is an extremely important foundation for positive mental health. There are lots of benefits to joining clubs, course unions, intramurals and teams on campus.

**Counselling Services:**
The Student Wellness Centre can help you make the most of your university experience. They offer free professional, confidential, inclusive support to currently registered UVic students.

**Health Services:**
The Student Wellness Centre also provides a full service primary health clinic for students.

**Centre for Accessible Learning:**
The CAL staff are available by appointment to assess specific needs, provide referrals and arrange appropriate accommodations. https://www.uvic.ca/accessible-learning/index.php. The sooner you let us know your needs, the quicker we can assist you in achieving your learning goals in this course.

**Elders’ Voices:**
The Office of Indigenous Academic and Community Engagement (IACE) has the privilege of assembling a group of Elders from local communities to guide students, staff, faculty and administration in Indigenous ways of knowing and being.

www.uvic.ca/services/indigenous/students/programming/elders/

**Mental Health Supports and Services:**
Mental health supports and services are available to students from all areas of the UVic community.

Sexualized Violence Prevention and Response at UVic

UVic takes sexualized violence seriously, and has raised the bar for what is considered acceptable behaviour. We encourage students to learn more about how the university defines sexualized violence and its overall approach by visiting www.uvic.ca/svp. If you or someone you know has been impacted by sexualized violence and needs information, advice, and/or support please contact the sexualized violence resource office in Equity and Human Rights (EQHR). Whether or not you have been directly impacted, if you want to take part in the important prevention work taking place on campus, you can also reach out:

Where: Office of Equity and Human Rights, Sedgewick Building, Room C115
Phone: 250 721 8021

UNIVERSITY OF VICTORIA
Department of Psychology
Important Course Policy Information
Summer Session 2024

Accessible Learning
The University of Victoria is committed to creating a learning experience that is as accessible as possible. If you are registered with the Centre for Accessible Learning and anticipate or experience any barriers to learning in this course, please feel welcome to discuss your concerns with me. If you are a student with a disability or chronic health condition, you can meet with a CAL advisor to discuss access and accommodations.

Attendance and Absences
Attendance is important. Students are expected to attend all classes in which they are enrolled. Students may be assigned a final grade of N or debarred from writing final examinations if they fail to satisfy a minimum attendance requirement set by the instructor for lectures, laboratories, online course discussions or learning activities, tutorials, or other learning activities set out in the course outline.

Medical documentation for short-term absences is not required (approved by Senate). Students who cannot attend due to illness are asked to notify their instructors immediately. If illness, accident, or family affliction causes a student to miss the final exam or to fail to complete any required assignment/assessment by the end of the term students are required to submit a request for academic concession (see below).

Children and Pets
If you need to bring your children or pet to class, please do not hesitate to do so. It is understood that sometimes this is necessary due to care circumstances. However, please aim to have minimal class disturbance so that student learning is not impacted.

Class Recording and Auto-Captioning Statement
The instructor may record class sessions and those recordings may be made available to all students in the class via Brightspace. If you have questions or concerns regarding class recording and privacy, please contact privacyinfo@uvic.ca

Auto-generated captioning may be enabled in this course. Auto-captioning is highly error-prone, especially for specialized terminology and proper names. Students are asked to refer to the audio feed for clarification of any errors. If you find captioning errors that are offensive, please contact your instructor and/or teaching assistant so that they are aware. If you require captions as part of an academic accommodation, please contact CAL.

Commitment to Inclusivity, Diversity, and Respectful Environments in the Classroom and Online
The University of Victoria is committed to providing a positive and supportive and safe learning and working environment for all its members. All members of the university community have the right to this experience and the responsibility to help create such an environment. The University will not tolerate racism, sexualized violence, or any form of discrimination, bullying, or harassment.

Please be advised that, by logging into UVic’s learning systems or interacting with online resources and course-related communication platforms, you are engaging in a University activity.

All interactions within this environment are subject to the university expectations and policies. Any concerns about student conduct may be reviewed and responded to in accordance with the appropriate university policy.

To report concerns about online student conduct: onlineconduct@uvic.ca
Copyright

All course content and materials are made available by instructors for educational purposes and for the exclusive use of students registered in their class. The material is protected under copyright law, even if not marked with ©. Any further use or distribution of materials to others requires the written permission of the instructor, except under fair dealing or another exception in the Copyright Act. Violations may result in disciplinary action under the Resolution of Non-Academic Misconduct Allegations policy (AC1300) or the Academic Integrity Policy, whichever is more appropriate for the situation.

Course Experience Survey (CES)

I value your feedback on this course. Toward the end of term, you will have the opportunity to complete a confidential course experience survey (CES) regarding your learning experience. The survey is vital to providing feedback to the instructor regarding the course and their teaching, as well as to help the department improve the overall program for students in the future. When it is time for you to complete the survey, you will receive an email inviting you to do so. If you do not receive an email invitation, you can go directly to http://ces.uvic.ca. You will need to use your UVic NetLink ID to access the survey, which can be done on your laptop, tablet or mobile device. You will be reminded nearer the time, but please be thinking about this important activity, especially the following three questions, during the course.

1. What strengths did your instructor demonstrate that helped you learn in this course?
2. Please provide specific suggestions as to how the instructor could have helped you learn more effectively.
3. Please provide specific suggestions as to how this course could be improved.

Disclaimer

The above schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances.

Grading

In classes that are based on a percentage grading scheme, the following Undergraduate Grading Scale is used.

<table>
<thead>
<tr>
<th>Grade</th>

Rounding is only applied to the final grade and is rounded up at the 0.5% level (e.g., 84.49% is round to 84% and 84.50% is rounded to 85%).

Medical Documentation for absences

No medical documentation for short-term absences is required (Approved by Senate).

If you are seeking a Withdrawal Extenuating Circumstances or an Aegrotat grade, medical documentation may be required if relevant.

Ombudsperson and Academic Concerns

From the course calendar...

Depending on the nature of the academic matter of concern to the student, the order in which the student should normally try to resolve the matter is: first, the course instructor; second, the Chair of the department; third, the Dean of the faculty; and finally, the Senate.

If you are having an academic concern or problem that cannot be resolved with your instructor or the Department Associate Chair, you may wish to consult with the Office of the Ombudsperson (https://uvicombudsperson.ca). Current contact information for the office can be found here https://uvicombudsperson.ca/contact/.

1 Syllabi belong to the department through which the course is administered.
Policy on Academic Integrity including Plagiarism and Cheating

The Department of Psychology fully endorses and intends to enforce rigorously the Senate Policy on Academic Integrity. It is of utmost importance that students who do their work honestly be protected from those who do not. Because this policy is in place to ensure that students carry out and benefit from the learning activities assigned in each course, it is expected that students will cooperate in its implementation.

The offences defined by the policy can be summarized briefly as follows:

1. **Plagiarism.** You must make sure that the work you submit is your work and not someone else’s. There are proper procedures for citing the works of others. The student is responsible for being aware of and using these procedures.

2. **Unauthorized Use of an Editor.** The use of an editor is prohibited unless the instructor grants explicit written authorization.

3. **Multiple Submission.** Only under exceptional circumstances may a work submitted to fulfill an academic requirement be used to satisfy another similar requirement. The student is responsible for clarifying this with the instructor(s) involved.

4. **Falsifying Materials Subject to Academic Evaluation.** This includes falsification of data, use of commercially prepared essays, using information from the Internet without proper citation, citing sources from which material is not actually obtained, etc.

5. **Cheating on Assignments, Tests, and Examinations.** You may not copy the work of others in or out of class; you may not give your work to others for the purpose of copying; you may not use unauthorized material or equipment during examinations or tests; and you may not impersonate or allow yourself to be impersonated by another at an examination. The Department of Psychology has a policy of not making old examinations available for study purposes. Therefore, use of old exams without the express written permission of the instructor constitutes cheating by the user, and abetting of cheating by the person who provided the exam.

6. **Aiding Others to Cheat.** It is a violation to help others or attempt to help others to engage in any of the conduct described above.

**The use of a generative artificial intelligence (AI) is strictly prohibited in any submitted work** (unless expressly endorsed by the instructor as part of an assignment). The Department reserves the right to use AI detectors.

Instructors are expected to make every effort to prevent cheating and plagiarism. This may include the assignment of seating for examinations, asking students to move during examinations, requests to see student identification cards, and other measures as appropriate. Instructors also have available to them a variety of tools and procedures to check for Internet and electronic media-based cheating. In instances of suspected or actual plagiarism or cheating, instructors, following prescribed procedures, are authorized to take steps consistent with the degree of the offence. These measures will range from a zero on the test or assignment or a failing grade for the course, probation within a program to temporary or even permanent suspension from the University.

Rights of Appeal are described in the Policy on Academic Integrity in the University calendar Fall 2023.

The definitive source for information on Academic Integrity is the University Calendar.

Other useful resources on Plagiarism and Cheating include:

1. The Ombudsperson’s office: [https://uvicombudsperson.ca/academic-integrity/](https://uvicombudsperson.ca/academic-integrity/)
   The **Office of the Ombudsperson** is an independent and impartial resource to assist with the fair resolution of student issues. A confidential consultation can help you understand your rights and responsibilities. The Ombudsperson can also clarify information, help navigate procedures, assist with problem-solving, facilitate communication, provide feedback on an appeal, investigate and make recommendations. Prerequisites
Students who remain in courses for which they do not have the prerequisites do so at their own risk. Students who complete courses without prerequisites ARE NOT exempt from having to complete the prerequisite course(s) if such courses are required for the degree program.

Program Requirements
For more information see the UVic Calendar.

Registration Status
Students are responsible for verifying their registration status. Registration status may be verified using My Page, View Schedule. Course adds and drops will not be processed after the deadlines set out in the current UVic Calendar.

Students who do not attend classes must not assume that they have been dropped from a course by an academic unit or an instructor. Courses that are not formally dropped will be given a failing grade, students may be required to withdraw and will be required to pay the tuition fee for the course.

Request for Academic Concessions
Students can apply for academic concessions if their course requirements are affected by (i) unexpected and/or unavoidable circumstances (e.g., illness, family affliction, etc.), or (ii) conflicting responsibilities (e.g., service in the armed forces or first responder, representing the university).

- Request an in-course extension
  If you require more time to complete a course requirement or miss a test or midterm exam, then you will need to complete the “In-Course Extension Form” and submit it directly to your course instructor. All course requirements must be completed prior to the submission of final grades.

- What to do if you miss the final exam scheduled during the formal exam period
  Apply at Records Services for a “Request for Academic Concession”, normally within 10 working days of the date of the exam. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation (for example, a deferred exam). Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record.

- What to do if you require additional time to complete course requirements beyond the normal term.
  Apply at Records Services for a “Request for Academic Concession”, normally within 10 working days of the end of the course. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation. Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record if the missing work has been deemed required. Note, only required course components may be deferred.

Research Participation Opportunities with the Department of Psychology
The Department of Psychology offers multiple opportunities to participate in research studies over the year. Students are encouraged to learn more about the field of psychology by volunteering in these studies. Information about studies can often be found posted on notice boards around the Department as well as through our Participant Pool webpage at https://www.uvic.ca/socialsciences/psychology/research/participants/.

Student Support Services
Learn Anywhere is the student support portal for a full range of student academic and support services. Services include: Centre for Academic Communication, Math & Stats Assistance Centre, Counselling Services, Health Services, Library, Ombudsperson, and Computer Help Desk
This classroom is a trans-inclusive space
Please indicate if you have a preferred name and pronoun that you’d like to be used in the classroom. Please e-mail your instructor or your TA if you would like to discuss the climate of this classroom for trans students. Gender neutral bathrooms are available at UVic.

University of Victoria Students’ Society (UVSS)
The UVSS is a social justice based non-profit run by students, for students and is entirely separate from UVic. As an undergrad student, you are already a member! We work on issues affecting students such as affordability, public transit, sexualized violence, sustainability, student employment, and much more. We fund clubs and course unions, and have several advocacy groups. We also have a Food Bank and Free Store, a Peer Support Centre, and run your health and dental plan. We are here to support you, so please reach out to us at uvss.ca!
