

Hi! I'm Evan Maher, a second-year engineering student, and I'm running for the Senate to represent your voice.

As a passionate advocate for students, I bring a strong track record of leadership, advocacy, and commitment to making meaningful changes at UVic. My experience and dedication ensure I am ready to continue serving the student community effectively.

Experience:

- **Senate** · Student Senator also serving on the Subcommittee on Academic Standards.
- **UVic Robotics Club** · President of the UVic Robotics Club (2024-2025).
- **Dining Advisory Committee** · Member of the DAC (2023-2025).
- **Engineering and Computer Science Student Society** · A. Vice President, Corporate Relations.

Advocacy:

- Protected CAL students' accommodations on the Senate.
- Improved food safety and affordability on the Dining Advisory Committee, including adding Jamie Cassels' Dining Hall to the Residence Meal Plan.
- Addressed issues like hair in food, spoiled items, and dangerous heavy metals in liquids.

Platform:

- If elected to the Senate, I will:
 - Continue to fight for CAL students' accommodations, as they are continually trying to be undermined.
 - Continue to represent the students and their interests on the Senate, including trying to improve UVic's programs and enhancing its reputation.

I am dedicated to advocating for students and ensuring their voices are heard. By focusing on accessibility, safety, and program quality, I will work to create a more inclusive and supportive environment for everyone at UVic.
