

**BOARD OF GOVERNORS  
OPERATIONS AND FACILITIES COMMITTEE**

**TERMS OF REFERENCE**

*\* Note: The terms of reference for all Board committees are included in the Procedures of the Board of Governors. The following terms of reference are an excerpt from the Procedures.*

**8. OPERATIONS AND FACILITIES COMMITTEE**

- 8.1 The Committee examines issues and policies which affect students and student services, excluding purely academic issues and policies; policies dealing with personnel (e.g. equity, evolution of faculty staffing), research administration, and administrative procedures, as well as planning.
- 8.2 This Committee will deal with decisions regarding new buildings including the program of requirements, the appointment of the prime consultant, the preliminary design, the working drawings and the tender when within the budget for the building. (Note: Approval of the Finance Committee is required for the use of University funds for major capital projects.)
- 8.3 This Committee considers for approval the appointment, reappointment, and removal of the following officers of the University upon the recommendation of the President: the Vice Presidents, and University Secretary. The Committee shall receive annually reports on staffing that give an overview of all other appointments.
- 8.4 Motions and reports resulting from deliberations of this Committee will be brought forward by the Chair to the Board for further consideration. The Committee shall consider which items on its agenda should be placed on the closed agenda and shall so inform the Secretary.
