

Hi! My name is Navinder Hundal, but you can call me Nav, and I use the pronouns she/her. I am currently a third-year student in the Faculty of Science studying Biochemistry and Chemistry. I joined UVic in Fall 2019 and have since been elected to serve on Senate in both the 2020/21 and 2021/22 academic years. During my time at UVic, I have also had the privilege to write blogs as part of the MyUVic Life blog team, mentor as part of the Connect Student program, and learn about EDI + help create the Equity Action Plan as part of the Reflection and Challenge Committee. In my spare time, I like to doodle, photograph and experiment with digital art.

In the past year, I have created a UVic Science Discord server where I'm trying to add motions or information from UVic Senate dockets that would interest current students in the Faculty of Science. I hope to see many of you on there! <https://discord.gg/jYXkuZCT8X>

Like always, I aim to listen to students' concerns and make information about what's happening in UVic Senate easily accessible (and understandable) for students.

I hope you will reach out to me if you have any questions or concerns about our university's academic governance. My email address is navinderh@uvic.ca, but you can also reach out to me over Discord.
