Re: 2019 University Policy Annual Report

Introduction

Policies are core governing documents for the university. Good policies help the university achieve the objectives and strategies set out in the Strategic Framework.

The Policy on University Policies and Procedures ([GV0100](#)) was approved by Senate and the Board of Governors to establish a consistent framework for developing and reviewing university policies and procedures. The goal is to create and maintain user-friendly policies and procedures that are current and relevant to the needs of the university community.

The Policy on University Policies and Procedures states that:

The President will report annually to the Board of Governors and the Senate on University Policies developed and reviewed during the year and the action taken or recommended. (section 20.00)

This report responds to the above requirement, and also identifies university policy priorities for 2020.

The University Secretary's Role

The University Secretary's Office (USEC) supports the offices of the President and the Vice-Presidents (the Designated Executive Officers, DEOs) to develop and maintain policies within their respective portfolios. The USEC Policy Officer carries out policy drafting, research, and benchmarking; coordinates policy development and review with the DEOs; and helps to ensure that policy changes are consistent with the university's policy framework.

Update on the Policy Renewal

USEC supports the ongoing renewal of university policies. University policy renewal is guided by direction from the BC Auditor General in 2015 that emphasized the importance of up-to-date institutional policies for effective governance and risk avoidance.

Several policy renewal milestones were achieved in 2019. 12 outdated policies were renewed and updated, and five obsolete policies were rescinded. The updated policies cover areas such as equity and diversity (Preferential or Limited Hiring [HR6110](#)), human resources (Determination of the Employment Relationship [HR6325](#)), information technology (Audio-visual Services [AD2510](#)), and research centres (Appointment of Research Centre Directors [GV0705](#); Duties and Responsibilities of Research Centre Directors [GV0715](#); and Establishment, Review, and Closure of Research Centres [RH8300](#)).

Work that began in 2018 was concluded in 2019 when the remaining Campus Services policies were brought back to currency. The policies on printing, duplicating, photocopy, and facsimile services were consolidated into the Printing, Duplicating, and Photocopier Policy ([AD2525](#)). Three ancillary services budget policies were reviewed and determined to be obsolete, so they were rescinded.

With the aforementioned renewals completed, more than 50% of university policies are up to date (meaning that they have been reviewed within the last seven years). This is up from 44% at the end of 2018.

Policy Highlights from 2019

Collective bargaining with the Faculty Association presented an opportunity to update policies that were incorporated by reference into the collective agreement. These included such critical policies as Conflicts of Interest in Student-Faculty Relationships ([AC1200](#)), Intellectual Property ([GV0215](#)), and Duties and Responsibilities of Research Centre Directors ([GV0715](#)). These efforts will continue into 2020, when three more policies will be rescinded because their subject matter is now covered in the collective agreement. These policies are: Appointment of Chairs of Departments and Divisions ([GV0700](#)); Chairs of Departments and Directors of Schools ([GV0710](#)), and the Equity Policy for Female Faculty Members ([HR6105](#)).

A joint VPAC, VPFO, and USEC working group consolidated and updated the university's policies on relocation assistance for faculty and senior administrators. The refreshed Relocation Assistance Policy ([HR6405](#)) incorporated and replaced outdated policies on relocation grants, travel assistance, and home loan support.

The new Responsible Investment Policy ([FM5215](#)), which received Board of Governors approval in January 2020, replaced the outdated Social Responsibility and Uvic Investments policy. The Responsible Investment Policy demonstrates Uvic's commitment to environmental stewardship and sustainability through measures that reduce the carbon footprint of the short-term investment portfolio and increase engagement and investment towards addressing climate change. The policy was

developed through extensive consultation with faculty, staff, students, and experts, and close involvement of the Board of Governors.

Several current policies were revised to keep pace with changes at the university. The policy on appointing academic associate vice-presidents ([GV0350](#)) was revised to include the new position of vice-provost. The Calendar Submissions policy ([AC1120](#)) now states that the online calendar is the official version, rather than the print calendar. This change anticipates the university's implementation of the Kuali cloud-based curriculum management and course catalog applications. Thirdly, the Naming of Facilities and Physical Assets policy ([BP3100](#)) was changed to keep pace with BC government rules, as well as to allow naming after a concept, word, value, or place that aligns with and reflects the university's mission and values or the history of the lands on which the university stands.

Looking Ahead

The University Secretary's Office continues to work with DEOs and other units and offices to proactively respond to university policy needs and changing regulatory requirements. Outdated policies are being reviewed according to their institutional significance and the length of time since the policy was last reviewed; the long-term goal is to bring the policy portfolio to 100% currency.

Collaborative efforts are underway to tackle the reviews of several policies with high institutional importance and impact, including the Discrimination and Harassment policy ([GV0205](#)), the Information Security policy ([IM7800](#)), and the policy on Accommodation and Access for Students with Disabilities ([AC1205](#)). The Sexualized Violence Prevention and Response Policy ([GV0245](#)) is also due for its legislated three-year review in 2020.

19 policies will become due for review in 2020, including several executive appointment policies; the Protection of Privacy and Records Management policies; and the policy on Liability Insurance, among others.

Ongoing policy-related initiatives include:

- (a) continue to identify and rescind or relocate university policies and procedures that no longer meet the policy standard;
- (b) continue to analyze and determine where additional new university policies and procedures are required and where related policies can be consolidated; and
- (c) create tools and guides for the university community to improve policy management, development, and review.
