Prof. Cassels updated Senate on the Queenswood opening of Ocean Networks Canada on January 10th, 2019. The Hon. ii. Proposal to Discontinue the Diploma in Fine Arts

Dr. Wright introduced the proposal. A question was raised as to what has been done to market the diploma before its discontinuance. Dr. Clarke, Dean of Continuing Studies, replied the courses are still available and are quite popular; however there is no interest in the diploma program. As a result, this motion followed the temporary suspension of the application process due to lack of interest over many years.

Motion:  (M. Garcia-Barrera/S. Lewis)
That Senate approve, and recommend to the Board of Governors that it also approve, the proposal to discontinue the Diploma in Fine Arts, as described in the memorandum dated October 16, 2018.

9. OTHER BUSINESS

i. Revisions to the academic AVP appointment procedures to include the position of Vice-Provost

Prof. Cassels introduced the proposal and provided background on the new leadership position. He explained that this motion was meant to update the search procedures to reflect current procedures and include this new position.

A question was asked why the Senate was not involved in the development of the new Vice-Provost position. Prof. Cassels replied that under the University Act, Senate does not decide on the establishment of new academic and administrative positions, but only the procedures for the search, appointment and reappointment. The creation of the new position was a judgment made after eight months of consultation and deliberation by the president and the motion is to establish the search and appointment procedures for that position.

Motion: (C. Goto-Jones/R. Lipson)
That Senate approve and recommend to the Board of Governors that the Board of Governors also approve the revised policy GV0350 Procedures for the Appointment and Re-appointment of the Vice-Provost and Academic Associate Vice-Presidents, effective February 1, 2019.

CARRIED

ii. Establishment of the Strategic Framework Chairs Program

Prof. Cassels introduced the proposal with an explanation of the program’s two chairs; the University of Victoria Impact Chairs and the University of Victoria President’s Chairs. The President’s Chairs will be for existing faculty members and present Chairs. The Impact Chairs will oversee the four thematic elements of the Strategic Framework and is meant for the recruitment of new faculty.

A comment was made as to the difficulty in recruiting new faculty for a 5-year non-renewable Impact Chair position. Prof. Cassels explained the positions are renewable, but the Chair may not be as the theme would need to remain flexible.

Another question was asked why full professors were excluded from the Impact Chair positions. Prof. Cassels responded that these positions were meant to encourage early career academics and to recognize, reward, and retain these faculty members. The member stated that it would be good to make this clear in the description of the positions. Another member stated that there is a partner to the early career recognition in the ten President’s Chairs positions for full professors.

Motion: (C. Goto-Jones/P. Marck)
That Senate recommend to the Board of Governors that the Board of Governors approve the establishment of the University of Victoria Impact Chairs and the University of Victoria President’s Chairs.

CARRIED
iii. Revised Establishment and Review of Research Centres Policy (and Associated Procedures)

Dr. Castle introduced the proposal. He explained this was part of the regular review of policies. The last review of this policy was completed eight years ago. Revisions were made to reduce redundancies and make approval processes more clear.

A question was asked if the definition of research was extended to creative activities and community engagement. Dr. Castle replied that the definition did include these pursuits and would change the wording to ensure this was understood in the policy document.

Motion: (D. Castle/R. Hancock)
That Senate approve, and recommend to the Board of Governors that it also approve, the revisions to the Establishment, Review and Closure of Research Centres Policy (RH8300) and Associated Procedures.

CARRIED

iv. Revised Procedures for the Appointment and Re-Appointment of Research Centre Directors

Dr. Castle introduced the proposal. There were no questions.

Motion: (D. Castle/R. Hicks)
That the Senate approve, and recommend to the Board of Governors that it also approve, the revisions to the Procedures for the Appointment and Re-appointment of Research Centre Directors (GV0705).

Re: Minimum admission requirement for secondary school mathematics – Peter B. Gustavson School of Business

At its meeting of December 6th, 2018, the Senate Committee on Admission, Re-registration and Transfer (SCART) considered a proposal to establish a minimum grade of 67% on Pre-calculus 12 for students applying to the School of Business.

SCART supported the attached proposal and voted to endorse the academic calendar changes proposed by the Peter B. Gustavson School of Business.

The proposal was then referred to the Senate Committee on Academic Standards (SCAS) for further consultation. SCAS considered the proposal at its meeting of January 7, 2019 and expresses no academic standards concerns.

Recommended Motion:

That Senate approve a minimum final grade of 67% for Pre-Calculus 12 be required for admission to the School of Business effective September 2020, and that this requirement be published in the May 2019 edition of the undergraduate academic calendar.

Re: Request to change minimum admission requirement for secondary school mathematics - BCom

The Gustavson School of Business requests that SCART considers a calendar change related to the secondary school mathematics admission requirement to begin in September 2020 for the 2020-21 admissions cycle.

The proposed change places a minimum percentage of 67% on Pre-calculus 12 for students applying to the School of Business. The goal of instituting a minimum requirement for Math 12 is to ensure students coming into the program are able to succeed once they are here.

Students in year 1 and 2 of the BCom program must maintain an overall GPA of 5.0 (B) in order to progress to the senior level of our program. In addition, students must achieve a minimum grade in each of their required courses which include Math and Statistics. The minimum program requirement for Math 151 and Stats 252 is currently a C+ (65-69%).

Students who do not have the minimum 67% in Pre-calculus 12 may still gain admission to UVic through another faculty and complete Math 151(C+ or higher) during their first year.

The proposed changes impact the admission and registration of students in the BCom program minimally:

In 2016/17, there were 3 students registered with a Math 12 grade below 67%.
In 2017/18, there were 6 students registered with a Math 12 grade below 67%.
In 2018/19, there were 4 students registered with a Math 12 grade below 67%.

Please don’t hesitate to let me know if you require any additional information to consider this request or if you’d like me to attend one of your meetings to discuss.

Thank you for your consideration of the proposed change.

Re: Changes to Admissions GPA for BSW Program – Faculty of Human and Social Development

At its meeting of December 6th, 2018, the Senate Committee on Admission, Re-registration and Transfer (SCART) considered a proposal to adjust the admissions GPA requirement for students applying to the School of Social Work to a 3.5 GPA (from 4.0) on the 9.0 scale.

SCART supported the attached proposal and voted to endorse the academic calendar changes proposed by the Faculty of Human and Social Development.

The proposal was then referred to the Senate Committee on Academic Standards (SCAS) for further consultation. SCAS considered the proposal at its meeting of January 7, 2019 and expresses no academic standards concerns.

Recommended Motion:

That Senate approve the proposed change to the admissions GPA requirement for the Bachelor of Social Work Program effective September 2020 entry point, and that this requirement be published in the May 2019 undergraduate academic calendar.

Re: Change of Admissions GPA for BSW Program  

Please accept our memo request for approval from Senate Committee on Admissions, Re-registration and Transfer (SCART) to change our admissions GPA for our Bachelor of Social Work to 3.5. This request is being put forward for Cycle 2 of the current calendar cycle.  

Admission to the Bachelor of Social Work Program is based on an assessment of GPA, social work experience and a personal statement. In May 2013, the School changed the admissions GPA from 3.5 to 4.0 as the ideology discussed by Faculty council and BSW working group was to credit academic achievement in the assessment process.  

As part of a recent review of BSW admissions, the BSW working group found that some applicants with strong experiences, excellent personal statements illustrate excellent SW criteria, however, these students did not meet the 4.0 GPA therefore, these students were not admitted due to overall quantitative accounts for admission into the BSW as a result of the 4.0 GPA criteria. Faculty Council approved a recommendation indicating that we as a professional school approve the change of GPA from 4.0 to 3.5 which allows us to assess and give more weight to experience summaries and personal statements and recognizes that reverting to a 3.5 GPA would not have a significant impact on student academic achievement. Hence, we are proposing to revert back to a minimum 3.5 GPA for admissions.  

As part of this process, we also want to note that we are proposing that students’ academic performance during their third and fourth year revert back to a sessional GPA of 3.5 from the current 4.0. We are seeking approval from the Senate Committee on Academic Standing on this matter.  

Recommended Motion:  

That the Senate Committee on Admission, Reregistration & Transfer approve and recommend that Senate approve the proposed change to the admissions GPA requirements for Bachelor of Social work Program effective May 2019 calendar for the 2020 admissions cycle with the following change to the School Admissions Requirements (pg. 186) of the undergraduate calendar:  

"Admission to the BSW program requires:
1. Completion of a minimum of the first two years (30 units) of an undergraduate program at UVic, with an overall average of at least 4.0 3.5 (on the UVic 9.0 point scale) or better, or the equivalent at another university or community college on the last 12 units of university-transfer course work at the time of application (up to and including December).

2. Within the required 30 units, completion of SOCW 200A and 200B or their equivalents. 24 units should be completed from within general education subject areas. It is highly recommended that SOCW 200A and SOCW 200B or equivalents are completed prior to submitting a BSW application. Both courses MUST be completed by the September BSW start."

Re: Minimum GPA for Students to Remain in the Bachelor of Social Work Program

Please accept our memo request for approval from Senate Committee on Academic Standing (SCAS). Currently, our minimum GPA for students to remain in Bachelor of Social Work Program is 4.0; our Faculty Council approved the recommendation from BSW working group to change the minimum GPA from 4.0 to 3.5. This request is consistent with a concurrent request to the Senate Committee on Admissions, Re-registration and Transfer (SCART) to change our minimum GPA for admissions from 4.0 to 3.5. These requests are submitted for Cycle 2 in the current calendar cycle.

Admission to the Bachelor of Social Work Program is based on assessment of GPA, social work experience and a personal statement. In May 2013, the School changed admissions criteria of GPA from 3.5 to 4.0 to give value to academic achievement in the assessment process. In May 2015 the School also changed its minimum GPA to stay in the program to 4.0 in order to ensure consistency between our admission practices and our practices on academic performance.

In our recent review and analysis of student admissions into the Bachelor of Social Work Program, Faculty Council and BSW working group found that some applicants with strong experiences, excellent personal statements illustrate excellent SW criteria, however, these students did not meet the 4.0 GPA therefore, were not admitted due to overall quantitative accounts for admission into the BSW as a result of the 4.0 GPA criteria. Faculty Council approved the recommendation that we as a professional school approve the change of GPA from 4.0 to 3.5 which allows us to assess and give more weight to experience summaries and personal statements. We have, therefore, proposed to revert back to a minimum 3.5 GPA for admissions and to be consistent, we also wish to revert back to a 3.5 GPA for academic performance for students in the program.
At its meeting on January 7, 2019, the Senate Committee on Academic Standards reviewed and approved the attached revision to the Honours requirements for the Faculty of Social Sciences’ Psychology program.

**Recommended Motion**

_That Senate approve the proposed revision to the Honours requirements for the Faculty of Social Sciences’ Psychology program effective May 2019._

RE: Changes of GPA for Admissions to Honours Program in Psychology

**Motion:** That the Senate Committee on Academic Standards approves and recommends that the Senate approve the proposed revision to the Honours requirements for the Faculty of Social Science Psychology program effective May 2019.

**Background Information:** Since at least the 2000-2001 Calendar Year, admission to the Honours Program in Psychology requires a minimum 6.5 GPA in all Psychology courses and a 5.0 GPA in non-Psychology courses taken at post-secondary institutions within the last five years. Furthermore, since 2013, the Honours Program also requires a minimum grade of B+ in both PSYC 300A and PSYC 300B (Statistical Methods I & II).

The GPAs and letter grades were based on the Psychology Department’s grading scheme at the time as illustrated below:

<table>
<thead>
<tr>
<th>Percentage</th>
<th>&lt; 50</th>
<th>50-59</th>
<th>60-64</th>
<th>65-69</th>
<th>70-75</th>

<td>1</td>
<td>2</td>
<td>3</td>
<td>4</td>
<td>5</td>
<td>6</td>
<td>7</td>
<td>8</td>
<td>9</td>
</tr>
</tbody>
</table>

The original intent was that students should have an average grade within Psychology in the low – mid 80% range, with a minimum grade of 80% in PSYC 300A/B
**Reason for Change**

In May 2014, the University transitioned to the following standardized grading scale

<table>
<thead>
<tr>
<th>Percentage</th>
<th>&lt; 50</th>
<th>50-59</th>
<th>60-64</th>
<th>65-69</th>
<th>70-72</th>

</tr>
</tbody>
</table>

The new scaling of the B and A grades had the unintended consequence of lowering the admission requirements for the Honours Program in Psychology. Unfortunately, the Psychology Department did not consider this when the original changes to the grading scale were made in 2014. The Department would like to correct this oversight to return to the original intent for admissions to the Honours Program in Psychology, especially with regards to the Psychology courses and PSYC 300A/B. We are not as concerned about the minimum requirements for the non-Psychology courses as the change is not as drastic.

**Proposed Change**

The Psychology Department is proposing to make the following changes to the admission requirements for the Honours Program. We propose to change the minimum GPA for Psychology courses from 6.5 to 7.0 to realign it with a minimum percentage of 80%. We also propose to change the minimum grade in PSYC 300A/B from B+ to A- which realigns it with a minimum percentage of 80%.

Thank you very much for your consideration.

This memorandum recommends the level of student enrolment for the coming year (2019/20). For the year 2018/19, the University of Victoria was funded by the Ministry of Advanced Education, Skills and Training (AEST) to enrol 15,913 FTE students which included the first year of the expansion of student spaces in engineering and computer science programs.

At the time of last year’s Enrolment Projections memorandum, UVic was in discussions with AEST for the approval and funding of the joint degree program in Canadian Common Law and Indigenous Legal Orders (JD/JID). Following the approval of that program, UVic increased its enrolment target by 25 FTE for the first cohort of JD/JID students. In addition, term-funding was provided by AEST to increase graduate Nurse Practitioner (NP) enrolments by 5 FTE, bringing our target for 2018/19 to 15,943 FTE students.

For 2019/20, the engineering, computer science and the JD/JID expansions will enter their second year and term funding for NP enrolments will also increase. The following FTE increases are also anticipated: an additional 150 FTE in engineering and computer science, an additional 25 FTE for JD/JID, and an additional 5 FTE for NP bringing the Ministry’s total enrolment target for UVic to 16,123 FTE.

Because international enrolments are not included in the Ministry target, UVic’s total enrolment levels will be higher. The international enrolment plan called for 2,050 international undergraduate FTE in 2018/19. UVic achieved this level and actual enrolments are just over 2,300 FTE. As this enrolment level is expected to persist for at least three years, and Faculties and Departments have been resourced to support that enrolment, UVic is assuming that this international

---

1 Although funding will not be received until 2019/20, we have chosen to reflect funded FTE students starting in 2018/19.
undergraduate enrolment level will be maintained at 2,050 FTE and therefore the overall enrolment recommendation for 2019/20 will be set at 18,173 FTE. The recommended enrolment level for international undergraduates does not necessarily represent UVic’s long-term desired enrolment and will be aligned with our academic, international, and Strategic Enrolment Management plans.

**Background**

Under the *University Act*, the Board of Governors determines the level of student enrolments upon recommendation from Senate. This memorandum recommends a level of enrolment for the coming year, with the enrolment level subject to review throughout the year in light of changing information regarding application rates, summer session enrolments, funding levels, and other factors.

The university’s operating grant from the province is based on a specified enrolment expectation. The enrolment projections and the funded levels set by government are defined in terms of annualized student FTEs (full time equivalent), which are calculated by dividing the total unit course registrations of students by the full-time unit course requirements of the program of their registration. The enrolment level is an annual target that is met through counting FTEs in the summer session, the winter session, and the TRU/Open Learning courses delivered by UVic. FTEs are closely related to EETs (equivalent enrolments taught), which are calculated by dividing the total unit course registrations of students by 15 – this measure is used for internal enrolment monitoring purposes.

**Report on 2018/19 Targets**

The Fall interim enrolment report to AEST shows that 2018/19 funded enrolment accountabilities (which do not include international students) will all be met. The University of Victoria projects enrolment to be 105% above the overall target, that is 16,763 FTE on a target of 15,943 FTE. UVic has exceeded both undergraduate (103%) and graduate (119%) enrolment targets sets by AEST.

Growing our international undergraduate population has been a strategic priority and that goal has been realized—there has been a 1.8% percent increase in international undergraduate students this year. International students now account for 14% of all undergraduates and 34% of all graduate students. Overall, international students comprise 17% of the student population.

Each Faculty has undergraduate enrolment targets (EETs) and graduate enrolment targets (FTEs) for which they have been resourced. These internal, Faculty-specific targets are reviewed annually and adjustments to the targets and associated resourcing are made based on student demand and approved plans.
Enrolment matters continue to receive attention. Under the leadership of the Provost, a Strategic Enrolment Management initiative has been launched which will ensure our enrolment goals, including size, composition and quality, are refined and subject to continual assessment and improvement. While our direction is to remain at our approximate current size, strategic growth and a changing enrolment profile will occur over the next five to ten years. Enhancing retention, and therefore student success, will continue to be a key enrolment management strategy.

From an enrolment perspective, enhancing quality will be achieved by offering competitive entrance scholarship packages, increasing applications and admissions of high calibre undergraduates, and enhancing retention rates and timely graduation for all students. This will also facilitate achieving the Ministry target associated with domestic undergraduates. Internationalization will be achieved by diversifying enrolments and increasing retention rates of international students, and also by ongoing pathways between the Division of Continuing Studies and our academic programs, and increasing opportunities for international student exchange experiences.

With a substantial growth in post-secondary capacity across the province over the past decade and a declining domestic youth population, the student recruitment environment is increasingly competitive. With the goal of being a university of choice, the recruitment of outstanding students from diverse backgrounds and areas continues to be a high priority. Included in that priority, and congruent with our Strategic Enrolment Management Plan, is our ongoing commitment to increase Indigenous enrolment at both the undergraduate and graduate levels.

**Recommended Enrolment Levels for 2019/20**

The list below shows expected enrolment levels for both Ministry-funded enrolment accountabilities and UVic’s internal enrolment expectations for 2019/20. It is proposed that a recommended enrolment level of **18,173 FTE** be approved, which includes an expansion of 150 undergraduate FTE for computer science and engineering, 25 JD/JID and 5 Nurse Practitioner FTE student spaces. Faculty plans have been developed to accommodate at least this level of enrolment. Admission standards will vary by program, depending upon levels of student interest and demand, but as in past years, will be well above the Senate-approved standards (which are 67% for high school graduates and 60% for college transfers).

**Summary of 2019/20 Enrolment Recommendations:**

I request that Senate approve the following motion:

*THAT Senate approve, and recommend to the Board of Governors that it also approve, a recommended enrolment level of **18,173 FTE** for the 2019/20 academic year, subject to revisions in the event of new information regarding mandated growth, funding levels, and application rates.*
Under its authority for the academic governance of the university, Senate approves the Ten-Year Sessional Calendar at its February meeting, each year adding one more year to the calendar.

A request has been received to revise the sessional calendar to increase the number of business days between the end of examinations in December and the start of classes in January. The Senate Committee on Agenda and Governance is currently assessing the feasibility of this request and the best way of approaching it. Senate will be updated at a future meeting on the status of this process.

In the meantime, this is a request for approval of the attached updated Ten-Year Sessional Calendar.

**Recommended motion:**

*That Senate approve the 2018-2028 Ten-Year Sessional Calendar.*

University Secretary

Re: Academic Year Important Dates

Attached for Senate’s approval is a revised Academic Year Important Dates Calendar for the period May 2020 through December 2020. As you may recall at the October 5, 2018 Senate meeting, the dates to April 2020 were approved. The key dates in the attached calendar are drawn from the Ten-Year Sessional Calendar previously approved by Senate.

Recommended motion:

That Senate approve the Academic Year Important Dates for the period May 2020 through December 2020 for submission to the online academic calendar and for the academic calendar May 2020 publication.

## Year Important Dates

In recognition of the fact that the University of Victoria is a diverse community, the Office of Equity and Human Rights has compiled a list of high holy days available at their website [www.uvic.ca/equity/education/religious/index.php](http://www.uvic.ca/equity/education/religious/index.php). Faculty and staff may wish to refer to this list in responding to requests from members of religious groups for variations in examination schedules due to religious observances.

The timely assembly of a docket containing the agenda, correspondence, proposals and reports requires that all items and materials to be considered at a regular meeting reach the Office of the University Secretary by noon 16 days before the meeting. President and Vice-Chancellor

RE: University Orator

As you know, citations for the honorary graduands for whom the Senate approves degrees are written and read at convocation by the university’s orators. The citations convey to those attending convocation what the individuals have achieved and why we are recognizing them, as well as communicating to the honorands the university’s recognition and appreciation. The terms of reference for orators are attached.

UVic’s orators have been led by Dr. Lynne Van Luven since November 4, 2016, when she was appointed to the role. Dr. Van Luven recently stepped down as University Orator and I’m sure you’ll join me in thanking her for her work in that role.

Dr. Cedric Littlewood has kindly agreed to serve as University Orator should Senate appoint him.

MOTION:
That the Senate appoint Dr. Cedric Littlewood as University Orator for a term from February 1, 2019 until June 30, 2022.

Attachment

c. Dr. Susan Lewis, Chair of the Convocation Committee
The Senate of the University of Victoria recognizes and honours individuals for their outstanding achievements by awarding them honorary degrees. Such degrees are presented at Convocation. Orators play a vital role in recognizing and celebrating the recipients. They research, write and deliver citations that articulate for both a general and an academic audience, the reasons why the honorary degree is being granted.

The University maintains a roster of orators, appointed by the Senate, that includes a University Orator, a Deputy University Orator and other orators.

I University Orator

The University Orator will:

1. research and write citations for honorary graduands and read those citations at Convocation;
2. provide instruction and advice to other orators;
3. assign orators to work on particular citations;
4. edit draft citations; and
5. assist in the recruitment and orientation of new orators.

II Deputy University Orator

The Deputy University Orator will:

1. research and write citations for honorary graduands and read those citations at Convocation; and
2. act for the University Orator when he or she is absent.

III Orators

The Orators will:

1. research and write citations for honorary graduands and read their citations at Convocation.
PROCEDURES

1. The University Orator, Deputy University Orator and other Orators will be appointed by the Senate upon the recommendation of the President. The Chair and Vice-Chair of the Convocation Committee will advise the President on such appointments.

2. The Chair and Vice-Chair of the Convocation Committee will seek to appoint as orators members of the university community who:

   - are excellent public speakers;
   - are able to shape biographical materials into a portrait which explains the achievements and qualities of the recipient of the honorary degree (ie: not a mere c.v.);
   - are available at the times of Convocation (spring, fall); and
   - enjoy seeing students convocate and participating in Convocation.

2. The term of appointment will normally be three years, renewable, from July 1 to June 30.

NOTES

1. Service as an orator is deemed to be service to the university under the Collective Agreement (Joint Committee on the Administration of the Framework Agreement Annual Report 2006).

2. An individual who has not yet been appointed as an orator by the Senate may be invited by the University Orator to prepare and deliver a citation.
