**4. REMARKS FROM THE CHAIR**

**a. President's Report**

Dr. Hall recognized the first anniversary of the tragic Ukraine International Airlines Flight 752 crash.

Dr. Hall welcomed Helga Hallgrimsdottir as the new Dean of Human and Social Development and Lois Harder as the incoming Dean of the Faculty of Social Sciences. He thanked Graham Voss for continuing in this role as Acting Dean until Dr. Harder arrives. Dr. Hall also welcomed recently elected Senators Lynne Marks and Reuven Gordon.

The president noted highlights from his listening tour covering topics in support of Equity, Diversity and Inclusion, climate change and sustainability, and the university's response to the pandemic. He thanked everyone for their contribution and mentioned further opportunities for engagement.

Regarding COVID-19, Dr. Hall reported that the province's Public Health Office had extended the province-wide public health orders restricting social gatherings until February 5, 2021. He also reminded the Senate

of the Provost's communication regarding the upcoming Summer Session, and the decision to continue to offer flexible learning options through online, in-person and combined models. Although there are still many unknowns, Dr. Hall acknowledged both faculty and students need to prepare for the upcoming term. He added that the Summer Session timetable will be released in late February and will include course delivery modes.

Dr. Hall announced the Raven Indigenous Impact Fund, a recent university announcement for a \$500,000 investment in Indigenous enterprises for social change and prosperity. He noted this was UVic's first impact investment under its new Responsible Investment Policy.

Regarding regional government, Dr. Hall attended a series of meetings with the three local mayors regarding micro-credentials and economic recovery with the West Shore development proposal. Provincially, Dr. Hall participated in the Globe and Mail BC Thought Leaders virtual event on the university's role in recovering from the COVID crisis.

Finally, Dr. Hall shared the news that John Borrows, Canada Research Chair in Indigenous Law and co-creator of the UVic JD/JID program, was awarded the Order of Canada for his work on Indigenous rights and legal traditions. Dr. Hall also congratulated Kiffer Card's Canadian Institute of Health Research Rising Star award. The Association of Nurses and Nurse Practitioners of BC awarded the university's School of Nursing faculty and students with a variety of Excellence awards. Faculty member Nancy Clark was awarded an Excellence in Advancing Nursing Knowledge & Research, and faculty member Lorelei Newton won the Excellence in Nursing Education award. PhD student Angela Wignall won the Innovation in Nursing award, and Alayna Payne has won the Rising Star award.

**RE:** Temporary Undergraduate and Graduate COVID-19 Transcript Notation

---

At the December 17, 2020 meeting of the Vice-President Academic COVID-19 Advisory Group, consideration was given to a request by undergraduate and graduate students regarding an adjustment to the official student transcripts denoting information as to when courses were completed during the COVID-19 global pandemic. Students expressed concern about the impact of COVID-19 on the general learning environment and their possible resulting academic performance. The request was not to present the COVID-19 grading options previously considered during the Spring 2020 term but an acknowledgement of the COVID-19 influence on all student transcripts to specifically recognize this period of their academic career. The University Secretary's Office and the Office of the Registrar were consulted on the necessary consultation, approval, and technical feasibility for such an implementation. Regarding technical consideration and implementation, it was noted that a term comment, "Disruption of Studies Due to COVID19", had already been added to all transcripts for the second term of the previous Winter Session (January to April 2020). This meant further term comments are possible in a similar fashion, with the assistance of University Systems. As such, the VPAC COVID-19 Advisory Group unanimously supported this request to be presented at the January meeting of the Senate Committee on Academic Standards for their immediate consideration and, if approved, recommendation at the February meeting of Senate.

Therefore, it is suggested that a term comment appear on all student transcripts for the Summer Session 2020, the Winter Session 2020/2021, and the Summer Session 2021. The comment is proposed to be a description of the term in relation to the pandemic and would state: "This term took place during the COVID-19 pandemic". This statement provides only factual information about the learning experience during the pandemic and will have no impact on course grading, as opposed to the student selected grading options implemented for April 2020.

**MOTION:** That the Senate Committee on Academic Standards approve, and recommend that Senate also approve, the temporary transcript notation "This term took place during the COVID-19 pandemic" on all undergraduate and graduate transcripts for the 2020 Summer Session, 2020/21 Winter Session and 2021 Summer Session.

## Appendix

### Terms for New and Revised Awards

Additions are underlined

Deletions are ~~struck through~~

#### **Judy Zhu & James Thom Business & Entrepreneurship Award (New)**

A scholarship of \$1,000 is awarded to an academically outstanding undergraduate student entering the Peter B. Gustavson School of Business directly from a public high school in BC who is the first in their immediate family to attend a post-secondary institution or is an immigrant, and who has an interest in pursuing entrepreneurship as a career. Applicants must submit an essay (maximum 500 words) describing why they are interested in being an entrepreneur.

Approval of the recipient will be made by the Senate Committee on Awards upon the recommendation of the Peter B. Gustavson School of Business.

#### **Faculty of Engineering Equity, Diversity and Inclusion Leadership Award (New)**

One award of \$1,000 is given to a transferring or continuing undergraduate student from an underrepresented minority (including, but not limited to, women, Black, Indigenous or a Person of Colour, different abilities, LGBTQ+) entering second year in one of the following departments in the Faculty of Engineering: Biomedical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering or Mechanical Engineering.

Applicants must submit a letter (maximum 500 words) describing the importance of Equity, Diversity and Inclusion to the Engineering profession, its impact on them personally and the leadership role they have played (or would like to play) to make a difference.

Approval of the recipient will be made by the Senate Committee on Awards upon the recommendation of the Faculty of Engineering.

#### **Alexander and Mary Mackenzie Entrance Scholarship (Revised)**

A scholarship of ~~\$500~~ 1,500 is awarded annually to an academically outstanding Canadian student entering the first year at the University of Victoria who was involved in a secondary school or community anti-drug and alcohol program. A letter of recommendation from the program director must be included with the application for the scholarship.

#### **Gildardo and Lucia Garcia-Alvarez Award (Revised)**

One award is given to an undergraduate student who competes on the Vikes Men's Varsity Rowing team or the Vikes Women's Varsity Rowing team at the University of Victoria. The award will alternate yearly between the Men's and Women's teams. Eligible students must meet all U SPORTS eligibility requirements.

Award recipients will be selected on the basis of work ethic, commitment and performance criteria by the Director of Athletics and Recreation in consultation with the Varsity Head Coaches and the Associate Director, Sport.

**Nancy Margaret South Memorial Award (New)**

One or more awards are given to women students entering third or fourth year in the Department of Economics who have completed at least one Co-op term.

Approval of the recipient(s) will be made by the Senate Committee on Awards upon the recommendation of the Department of Economics.

**Barkley Sound Field School Student Award (New)**

One or more awards of \$1,000 each are given to undergraduate students in the Department of Anthropology who have completed at least one course in archaeology in the last academic year, are attending the Barkley Sound Field School and have demonstrated financial need.

Approval of the recipient(s) will be made by the Senate Committee on Awards upon the recommendation of the Department of Anthropology.

**Jeto Sangara Award in Nursing\* (New)**

One or more awards are given to undergraduate students in the School of Nursing who have demonstrated financial need. Students registered in at least 4.50 academic units are eligible for this scholarship.

**Morag MacNeil Scholarship\* (New)**

A scholarship is awarded to an academically outstanding undergraduate student entering third or fourth year in the Department of Psychology who has demonstrated financial need. The recipient must be a Canadian citizen or Canadian Permanent Resident.

**Hugh and Lilian Salmond Engineering Scholarship\* (Revised)**

A scholarship of \$1,100 and another of \$900 are awarded annually to individual academically outstanding students entering the third or fourth year of a program in the Faculty of Engineering. Special consideration will be given to candidates who have contributed to an innovative and practical engineering design with special emphasis on solar or other alternative energy sources, or work in low-polluting energy systems.

**Lafarge Canada Scholarship in Civil Engineering (Revised)**

Three awards of \$3,000 each are awarded to academically outstanding undergraduate students registered in the Civil Engineering Program who have completed 3A and are preferably registered in 3B or 4A and have demonstrated an interest in co-op opportunities with Lafarge.

Students will be nominated upon the recommendation of the Manager of Engineering, and Computer Science ~~and Math~~ Co-op and the Dean of the Faculty of Engineering. A minimum of one of three awards will go to a woman student. If no woman student is successful, then there will be only two awards provided.

Approval of the recipients will be made by the Senate Committee on Awards upon the recommendation of the Manager of Engineering and Computer Science Co-op and the Dean of the Faculty of Engineering on behalf of the Faculty of Engineering.

**E. L. Pasin Memorial Scholarship\* (New)**

One or more scholarships are awarded to academically outstanding graduate students in the Department of Psychology who have demonstrated financial need.

Approval of the recipient(s) will be made by the Faculty of Graduate Studies Graduate Awards Committee upon the recommendation of the Department of Psychology.

**Athenic Entrepreneurship Award (New)**

An award of \$5000 is given to an undergraduate or graduate student, or shared between two students working as a team, who won the annual Peter B. Gustavson School of Business Start-up Competition in the same year. Graduating students are eligible for this award.

Approval of the recipient(s) will be made either by the Senate Committee on Awards or the Faculty of Graduate Studies Graduate Awards Committee upon the recommendation of the Peter B. Gustavson School of Business.

**TANSI Scholarship (New)**

One or more scholarships are awarded to academically outstanding entering, transferring or continuing undergraduate Métis students.

**Henry, Annie and Harry Cathcart Award\* (Revised)**

One or more awards are given to entering undergraduate or ~~undergraduate~~ students in the School of Music. ~~Preference will be given to students in descending order of priority:~~

- ~~1. entering undergraduate or graduate students~~
- ~~2. undergraduate or graduate students entering their second or third year of study~~

Approval of the recipients will be made by either the Senate Committee on Awards or the Faculty of Graduate Studies Graduate Awards Committee, upon the recommendation of the School of Music.

**Paul Parizeau Graduate Scholarship\* (New)**

One or more scholarships are awarded to academically outstanding graduate students in the Department of Biology and/or Department of Biochemistry and Microbiology who are conducting research in the fields of animal growth, embryonic development or regeneration.

Approval of the recipient(s) will be made by the Faculty of Graduate Studies Graduate Awards Committee upon the recommendation of the Faculty of Science.

**Carmanah Prize in Eco-Technology\* (Revised)**

One or more prizes are awarded to undergraduate students in the Faculty of Engineering based on their ~~capstone design~~ graduating project in ~~ELEC 499A, CENG 499A, MECH 400, ELEC 499B, CENG 499B, or SENG 499~~. Projects must have a focus on eco-technology and ~~will be selected by the project design judging team in the Faculty of Engineering. This prize may go to graduating students.~~

Approval of the recipient(s) is made by the Senate Committee on Awards upon the recommendation of the Faculty of Engineering.

**Wuitchik Family Marine Sciences Undergraduate Award (New)**

One or more awards of \$2,000 each are given to entering or continuing undergraduate students from underrepresented minorities in the Faculty of Science who have demonstrated an interest in marine sciences through course work, co-op or work experience. Preference will be given to students doing, or planning to do, marine sciences field work.

Students must submit a letter of application (max 300 words) explaining their passion for marine sciences and the opportunities this award would allow them to pursue.

If no applicants meet these criteria, the Award will be given to student(s) from underrepresented minorities in the Faculty of Science. A student may only receive this award once.

Approval of the recipient(s) will be made by the Senate Committee on Awards upon recommendation of the Faculty of Science.

**Wuitchik Family Marine Sciences Graduate Scholarship (New)**

One or more scholarships of \$5,000 each are awarded to graduate students from underrepresented minorities in the Faculty of Science researching marine sciences. Preference will be given to students doing marine sciences field work. Students must submit a letter of application (max 300 words) explaining their passion for marine sciences and the opportunities this award would allow them to pursue.

If no applicants meet these criteria, the Scholarship will be given to student(s) from underrepresented minorities in the Faculty of Science. A student may only receive this award once.

Approval of the recipient(s) will be made by the Faculty of Graduate Studies Graduate Awards Committee upon the recommendation of the Faculty of Science.

**Evelyn Adu-Febiri International Business Scholarship (Revised)**

One or more scholarships are awarded to academically outstanding undergraduate Bachelor of Commerce students entering ~~third~~<sup>3rd</sup> or ~~fourth~~<sup>4th</sup> year who identify as being of Black African ancestry or heritage and are participating in an exchange program with UVic partner schools. ~~Preference will be given to students in descending order of priority:~~

- ~~a) Women students identifying as being Black African ancestry or heritage~~
- ~~b) Men students identifying as being Black African ancestry or heritage~~

If no students meeting the criteria can be found (students are not participating in an international exchange), the scholarships will go to any year Bachelor of Commerce students identifying as being of Black African ancestry or heritage.

**Re:** **Proposal to establish an Undergraduate Certificate in Gender Studies**

At its meeting on January 5, 2021, the Senate Committee on Planning considered the proposal to establish an Undergraduate Certificate in Gender Studies. An undergraduate certificate would open more pathways for students to receive a credential in Gender Studies.

**The following motion is recommended:**

Motion: That Senate approve and recommend to the Board of Governors that it also approve, the proposal to establish an Undergraduate Certificate in Gender Studies, as described in the document "Gender Studies Undergraduate Certificate", and that this approval be withdrawn if the program should not be offered within five years of the granting of approval.

Respectfully submitted,

#### **B. History and context of the program indicating value and impact of the program change**

Include a description of how the proposed change relates to similar programs in your unit and comparable programs outside UVIC. Provide a rationale for the change and describe the impact on students. How does the proposed change align with unit/Faculty/UVIC strategic plans and priorities?

The Department of Gender Studies currently has Honours, Major, General, and Minor programs. With the addition of an undergraduate certificate, students will have another option for a credential in Gender Studies.

As evidenced by our continued growth in enrollments of students from all over UVic over the last 5-7 years, Gender Studies courses and training are in demand. Our courses typically have high student retention (typically around 88-92% in pre-COVID times). There are currently a significant number of double majors with Social Sciences, Fine Arts, and Humanities and minors, which indicates a clear interest from students in a multitude of disciplines, and demonstrates the complementarity of Gender Studies with many other disciplines. Our courses also count in many interdisciplinary majors, minors and diplomas, including (but not limited to) Indigenous Studies, Social Justice Studies, Global Development Studies, and Intercultural Studies and Practice. We currently have approximately 112 honours, majors and minors.

However, there are some Faculties, such as Business, which do not allow minors outside their Faculty but permit a certificate. As well, UVic does not currently permit double minors. An undergraduate certificate will open more pathways into our program for students and others facing these restrictions. Besides Business, we think the certificate would be attractive to students in Social Work, Child and Youth care, Public Administration, Education, and those pursuing a pre-Med option as we do have students from those programs in our courses. As Gender Studies also attracts a fair amount of transfer students and those seeking transfer credit, this may also be an attractive option for those students who are looking to maximize their transfer credits, but minimize their time to completion of a credential. The unit requirements are structured to give students the flexibility to take lower-level courses if they wish, or instead concentrate on further

courses at the upper-level. The 3-unit cap on courses taken at other institutions is consistent with the Faculty of Humanities' Language and Culture Certificates.

There are currently seven certificate options in Humanities. Six are in foreign languages and culture and one is in Indigenous Language Revitalization. A certificate in Gender Studies would broaden the option for students seeking a certificate in the Faculty of Humanities as it is not language focused. As we offer courses in Indigenous feminisms, global/transnational feminisms, and in other areas of diversity (race, class, gender identity, sexuality, etc.), our mission fully aligns with both the Strategic Plan of the University as well as the Faculty of Humanities.

University of British Columbia, University of British Columbia-Okanagan, Simon Fraser University, Vancouver Island University, University of Northern British Columbia, and Camosun College do not offer a certificate in Gender and Women's Studies. We would be the first post-Secondary institution in BC to offer this credential.

***C. Indicators of labour market and student demand. (not required for requests for program discontinuation)***

Expertise in Gender Studies is increasingly in demand in the private and non-profit sector, and required in the public sector, including the Provincial and Federal governments. In 2017, the Federal Government adopted a Gender Based Analysis+ (GBA+) framework for policy development and analysis. It has made Feminist Foreign Policy the center of Global Affairs Canada, and all foreign aid programs must have a gender equality focus. Increasingly, the Federal Government has also made moves to further gender equality domestically through the adoption of the Gender Budget and other policies. This means that Federal Government requires employees with this specialized knowledge in Gender studies research and analysis. So too, does the NGO and non-profit sector, who typically work closely with Federal Government. The BC provincial government has followed suit. In recent years, our graduates and co-op students have gone on to work in many different federal and provincial government ministries, local government, and non-profit organizations, since gender equality is a cross-cutting policy issue. Our graduates and co-op students also work in many other areas of the labor market, including journalism, communications, visual and dramatic arts, education, and law.

Due to our excellent reputation, we have also placed students in top graduate programs in Gender and Women's Studies, Law, Public Policy and Administration, Geography, Communications, International Development, Public Health, Urban Planning and Community Development, Indigenous Studies, Political Science, History, Environmental Studies, and Medicine (just to name a few).

--

***D. Areas of research & teaching specialization and evidence of adequate faculty complement.***

- **Dr. Sikata Banerjee:** masculinities, nationalism, war, empire, and Indian politics
- **Dr. Thea Cacchioni:** Medicalization, Healthicization, Big Pharma, the social construction of sexuality
- **Dr. Annalee Lepp:** migration, Canadian family & legal history, trafficking in persons & human rights, food studies
- **Dr. Laura Parisi:** gender, globalization/international political economy, international development and human rights
- **Dr. Chase Joynt:** Cinema and Media, Art and Aesthetics, Practice-Based Research, Transgender Studies
- **Dr. Georgia Sitara:** race/racism/antiracism, colonialism and decolonization, sexuality, youth, animal rights, social justice
- **Dr. waaseyaa'sin Christine Sy:** Anishinaabe knowledges, Indigenous land-based practices, gender and decolonization
- **Dr. Heather Tapley:** Queer Theory/Queer Materialism, Feminist Theory, Cultural Studies, Monster Theory
- **New Hire** (anticipated start date - July 1, 2021): antiracist, intersectional, and decolonial feminisms

***E. Does the proposed change have an impact on current policies (admissions, student evaluation, supervision, oral examinations)? If yes, provide details.***

No.

***F. Curriculum design (Include draft curriculum as Appendix) (not required for requests for program discontinuation)***

Indicate the requirements and design, including core and elective courses and total program units. Identify which courses already exist at UVic and any new courses required.

1. Unit requirements are structured to give students the flexibility to take lower-level courses if they wish, or instead concentrate on further courses at the upper-level.
2. The 3-unit cap on courses taken at other institutions is consistent with the Faculty's Language and Culture Certificates.

**All of the courses listed below already exist at UVic and no new courses are required. (see Appendix A)**

**Requirements:**

- GNDR 100: 1.5 units
- GNDR 301-350, GNDR 450-490: 4.5 units
- Electives from GNDR 200-219, GNDR 301-350, GNDR 450-490: 4.5 units

**Total units for certificate:** 10.5 units

**Transfer credit cap:** 3 units

Does the program change include opportunities for experiential learning or other forms of community engagement or research-enriched learning?

- Describe use and anticipated outcomes of practica, Co-op, work terms, or other forms of experiential learning and the unit's plans and support to develop placement opportunities. Obtain line authority signature for any resource commitments.
- Opportunities for community engaged and research-enriched learning

*In response to both questions above, Certificate students are permitted, but not required, to take the following courses:*

- **GNDR 375: International Research Experience**
- **GNDR 450: Practicing Feminism in the Field (Practicum course)**
- **GNDR 474: Field School in Gender Studies**
- **GNDR 480: Advanced Seminar in Gender Studies**
- **GNDR 490: Directed Readings**

With regard to anticipated outcomes of these options, they are all highly individual and specific to the student, so the learning outcomes would vary. The University's more general anticipated outcomes of experiential learning and community engaged research and research-enriched learning apply. Certificate students are welcome to participate co-op if they qualify and will be invited to department events that promote co-op.

Does the program design include plans for distance education delivery? If yes, provide details.

- Not specifically, but prior to COVID we were offering the required GNDR 100 online during the summer. The first time we offered it, the course was capped at 25 and had a 50 person waitlist. We offered 3 sections of it (each capped at 60) and one 200 level course in Summer 2020 (all on-line). All courses were very well enrolled. We plan to offer at least one section of GNDR 100, a 200 level, and a 300 level course in Summer 2021 (all on-line).

Identify the program learning outcomes.

- Students who complete a program in Gender Studies at UVic should be:

1. critically engaged, robust, empowered thinkers and actors who understand the relationship between self and systems of power;
2. informed local and global citizens who value and advocate for social, economic and political change;
3. articulate, critical thinkers who question assumptions, understand complex contexts and can make strong, effective arguments in various genres, including written, oral, visual and social media;
4. able to use diverse interdisciplinary and critical approaches to gender/s, to inform, research, understand, question and analyze contemporary issues they encounter;
5. understand the ways gender intersects with race, class, sexualities, abilities, citizenship, ethnicity, sex, identity and environment;
6. equipped and confident that they are prepared to achieve a wide variety of future leadership, career and/or life goals.

Provide anticipated times to completion.

- The certificate can be completed in 2 terms.

Describe any plans for international or indigenous opportunities or perspectives.

- We currently offer 30 classes which count towards the Certificate that focus on international/transnational, decolonial, and/or Indigenous perspectives. **Please see attached Appendix B.**

**G. Anticipated enrolment and student financial support plan (not required for requests for program discontinuation)**

There are currently 330+ students enrolled in the 7 Certificate Programs offered in Humanities. This works out to be an average of 47 per certificate program. But all of the current Humanities Certificate programs are language and culture based, so no comparable Interdisciplinary certificate in Humanities that is not focused on language and culture exists. The Human Dimensions of Climate Change Certificate currently has 22 students declared. While this an interdisciplinary certificate, it is based in a single department as ours will be. Gender Studies has approximately 40 minors, and we aren't sure whether the certificate option will be more or less popular than the minor. Based on the other certificate programs mentioned above, we estimate enrolment to be 20-40 students.

**H. Resource requirements. Indicate any resources required (faculty & staff appointments, space, library)**

No additional resources required. We can offer the certificate with the existing faculty and staff complement.

**I. Indicate related undergraduate programs in other British Columbia post-secondary institutions.**

Below is a list of degree options in Gender and Women's Studies at other BC post-secondary institutions. **None of them offer a certificate program.**

- **Camosun College:** offers a few courses in Gender and Women's Studies but no degree.
- **Simon Fraser University:** Major, Minor, and Extended Minor (requires more units than the Minor) in Gender, Sexuality, and Women's Studies
- **University of British Columbia:** Major and Minor in Gender, Race, Sexuality and Social Justice
- **University of British Columbia-Okanagan:** Major and Minor in Gender and Women's Studies
- **University of Northern British Columbia:** Major and Minor in Women and Gender Studies.
- **Vancouver Island University:** Major and Minor in Studies in Women and Gender.

**Provide evidence of consultation with related programs and UVic Departments/Faculties participating or affected by the program change (emails/letters of support in an appendix).** None – no other departments are affected by this change.

RE: Certificate in Gender Studies

The Faculty of Education fully supports the creation of a Certificate in Gender Studies. We are aware of the quality and depth of the program, and would be delighted to see its accessibility increased in this way.

We are particularly interested in seeing education students continuing to engage with this area of thinking, though due to regulatory requirements there is often limited space for electives in education programs. This is unfortunate, as education, along with other caring professions, is a historically feminized profession, and there is enormous value in preparing educators to act in conscious and critical ways in such an environment.

Education wishes Humanities well with this endeavour, and congratulates the Department for this initiative.

Dear Laura,

On behalf of the Gustavson School I am happy to support your proposed undergraduate certificate in gender studies. It looks like an excellent initiative and opens up additional opportunities for our students.

Happy Holidays,

Saul

Thank you Laura for the opportunity to review the proposal for a Gender Studies Undergraduate Certificate. I agree the undergraduate certificate will open pathways into other programs and would be attractive to students in the Faculty of Human and Social Development, especially the Schools of Social Work, Child and Youth Care, Public Administration.

I strongly support your proposal to create a Gender Studies Undergraduate Certificate. Kindest Regards, Esther

Hi Laura,

Just to add to Esther's comments, I think the proposed undergraduate Certificate is a welcome addition to the programs already on offer. I appreciate the opportunity to read the proposal and how it will potentially a number of HSD students, especially in Social Work and Child and Youth Care.

Thanks and a happy, restful, and healthy holiday to you and yours.

**RE: Enrolment projections for 2021/22**

### Summary

This memo recommends a level of full-time equivalent (FTE) enrolment for the coming year (2021/22). The levels are subject to review throughout the year in light of changing information regarding application rates, summer session enrolments, funding and other factors including the public health outlook and provincial directives related to the COVID-19 pandemic.

For 2020/21, the University of Victoria was funded by the Ministry of Advanced Education, Skills and Training (MAEST) to enrol **16,265 FTE** students, which included the third year of the expansion of student spaces in engineering and computer science and the JD/JID, as well as the second year of the expansion of the nurse practitioner program.

For 2021/22, an additional 125 FTE in engineering and computer science, 25 FTE for the JD/JID, and 10 FTE for nursing are anticipated, bringing **MAEST's total enrolment target for UVic to 16,425 FTE**.

Because international enrolments are not included in the MAEST's target, UVic's total enrolment level will be higher than this target. UVic achieved the planned level of 2,050 international undergraduate FTE in 2020/21, with actual enrolment just over 2,480 FTE. As this level is expected to persist for at least three years, and Faculties and departments have been resourced accordingly, we plan to maintain this international undergraduate enrolment level at 2,050 FTE. Therefore, **the overall enrolment recommendation for 2021/22 will be set at 18,475 FTE**. The recommended enrolment level for international undergraduates does not necessarily represent UVic's long-term desired enrolment and will be aligned with our Strategic Framework, Strategic Enrolment Management (SEM) Plan and International Plan.

### Background

Under the *University Act*, the Board of Governors determines the level of student enrolments upon recommendation from Senate.

The university's operating grant from the province is based on a specified enrolment expectation. The enrolment projections and the funded levels set by government are defined in

terms of annualized FTE students, which are calculated by dividing the total unit course registrations of students by the full-time unit course requirements of the program of their registration. The enrolment level is an annual target met through counting FTEs in the summer and winter sessions. FTEs are closely related to EETs (equivalent enrolments taught), which are calculated by dividing the total unit course registrations of students by 15. This measure is used for internal enrolment monitoring purposes.

### Impact of COVID-19 on enrolment

Despite the challenges of the current pandemic, we expect to achieve both our internal enrolment targets and the targets set by the MAEST for the 2020/21 academic year.

Starting in March 2020 and continuing into the summer and winter sessions, it was necessary to shift to predominantly online learning and services to ensure the health and safety of our community, and so that students had equitable access to education. We were particularly successful in meeting student demand for courses this past summer, and increased overall enrolment by over 10% compared to the previous year.

International enrolments decreased 4% due to challenges related to travel, health and safety but were offset by higher domestic enrolments. At this point, we expect our first-year international enrolment levels to return to pre-pandemic rates as COVID-19 restrictions ease and travel becomes easier for students.

Online learning is a new experience for many of our students, and we have seen a greater incidence of part-time enrolment since transition to predominantly online education. In general, part-time studies have been on a long-term decline. This year however, there is a 20% increase in part-time enrolment, from 4,824 students last fall to 5,785 students this fall. The Senate-approved extension to the deadline to drop courses this fall provided students with additional flexibility in managing their course loads. We saw about a 100 EET (or course FTEs) drop over that additional week—a key contributor to the increase in part-time rates. The majority of our undergraduate students, however, are enrolled in full-time studies: 13,220 out of 19,055.

### Report on 2020/21 targets

Our fall interim enrolment report to MAEST shows that the 2020/21 funded enrolment accountabilities (which do not include international students) will all be met. UVic's projected enrolment is expected to be 102% of the overall target—16,557 FTE on a target of 16,265 FTE. UVic has met the undergraduate (100%) and exceeded the graduate (111%) enrolment targets set by MAEST.

Our ongoing international recruitment tiering strategy, which aligns with our SEM and International Plans, has been successful in diversifying the range of students' countries of origin as well as programs of study, and we will continue to look for further diversification going forward. Overall, international students comprise about 16% of the UVic student population.

Each Faculty has undergraduate enrolment targets (EETs) and graduate enrolment targets (FTEs) for which they have been resourced. These internal, Faculty-specific targets are reviewed with the Provost annually and adjustments to the targets and associated resourcing are made based on student demand and approved plans.

## Strategic enrolment management

The SEM Plan is being implemented under the leadership of the Provost to help ensure UVic's enrolment goals—including size, composition and quality—are refined and subject to continual assessment and improvement. While our direction thus far has been to remain approximately the same size, strategic growth and a changing enrolment profile will occur over the next few years as per the SEM Plan. Enhancing retention and student success will continue to be a key enrolment management strategy.

From an enrolment perspective, enhancing quality will be achieved by offering competitive entrance scholarships, increasing applications and admissions of high-calibre undergraduates, and enhancing retention rates and timely graduation for all students. This will also facilitate meeting MAEST's domestic undergraduate target. Internationalization will be achieved by diversifying enrolments and increasing retention rates of international students, and also by providing ongoing pathways between the Division of Continuing Studies and our academic programs as well as by increasing opportunities for international student exchange experiences.

With a substantial growth in post-secondary capacity across the province over the past decade and a declining domestic youth population, the student recruitment environment continues to be competitive. The recruitment of outstanding students from diverse backgrounds and areas continues to be a high priority, including our ongoing commitment to increase Indigenous enrolment at both the undergraduate and graduate levels.

### Recommended enrolment levels for 2021/22

The list below shows expected enrolment levels for both MAEST-funded enrolment accountabilities and UVic's internal enrolment expectations for 2021/22. It is proposed that a recommended enrolment level of **18,475 FTE** be approved, which includes an expansion of 125 undergraduate FTE for computer science and engineering, 25 for JD/JID and 10 for nurse practitioner student spaces. Faculty plans have been developed to accommodate at least this level of enrolment. Admission standards will vary by program, depending upon levels of student interest and demand but, as in past years, will be well above the Senate-approved standards (which are 67% for high school graduates and 60% for college transfers).

MAEST-funded undergraduate FTE	14,083
MAEST-funded graduate FTE	2,342
<b>Total MAEST-funded FTE for 2021/22</b>	<b>16,425</b>
Planned international enrolments	2,050
<b>Recommended enrolment level for 2021/22</b>	<b>18,475</b>

### Recommendation to Senate

*THAT Senate approve, and recommend to the Board of Governors that it also approve, a recommended enrolment level of **18,475 FTE** for the 2021/22 academic year, subject to revisions in the event of new information regarding mandated growth, funding levels and/or application rates.*
