4. REMARKS FROM THE CHAIR

a. President's Report

Sadly, K. Hall informed Senate of the passing of George Smyth, philanthropist and collector of Coast Salish art. He noted that George and Christiane Smyth have been incredible donors to UVic, particularly with collections of artworks from emerging and renowned Indigenous artists, endowment of the Smyth Chair in Arts and Engagement, and sponsoring the Visiting Artist Program in Anthropology and Summer Institute in Indigenous Education, and the Salish Weave School Program.

K. Hall announced that the University of Victoria has appointed Tammy Hopper as the inaugural Dean of its new Faculty of Health for a five-year term beginning May 1. Dr. Hopper, a speech-language therapist and professor, is currently Dean of the Faculty of Rehabilitation Medicine at the University of Alberta.

K. Hall reported that January 4th would mark the third annual National Ribbon Skirt Day in Canada; a day dedicated to understanding, respecting, and supporting Indigenous cultures and histories. He asked

members of Senate to take the time to read about the significance of this day to continue honouring and protecting Indigenous cultures while supporting the resilience and strength of Indigenous peoples.

Finally, K. Hall reported on a few awards:

- Shaeleen Mihalynuk, UVic microbiology alumna, was named BC's Rhodes Scholar for 2025. Her research focuses on the fight against antimicrobial resistance and identifying alternatives to antibiotics through the PeptAID project. She is UVic's 13th Rhodes Scholar.
- Michael Prince, Acting Dean, Faculty of Human and Social Development, was appointed to the Order of Canada. Dr. Prince is recognized for his work as a social and public policy expert who has made significant contributions to disability rights in Canada.

b. University Rankings

Alexandra D'Arcy, Associate Vice-President Research, and Dane Berry, Associate Director, Research Intelligence, provided members of Senate an overview of the University of Victoria's position in the ranking nationally and internationally. Highlights of the discussion included UVic's position in various ranking publications such as Times Higher Education, MacLean's, Leiden, and Shanghai. An overview of UVic's strengths in terms of citations per faculty, international faculty ratio, and international student ratio were noted. The presentation also noted weaknesses in academic reputation, employment reputation, and student-faculty ratio.

Senate members asked questions regarding the fluctuating ranking compared to Simon Fraser University, and the need to ensure travel grant cuts did not impact new researchers. Lisa Kalynchuk, Vice-President Research and Innovation, acknowledged travel grant cuts were difficult and that ways to offer travel funds for some faculties were being reviewed.

A member of Senate expressed concern about the fall of UVic's rankings since 2012 and asked what the university was doing to rectify this decline. K. Hall advised the member to look at the various institutional plans to see how the university is moving forward.

5. CORRESPONDENCE

a. Campus Planning Committee

i. Semi-annual Report to Senate on Campus Development

K. Hall introduced the report, advising should members of Senate have specific questions to please email them to Ada Saab, Associate University Secretary, and she would re-direct them to the committee.

Elizabeth Croft, co-chair of the Campus Planning Committee, noted the university's achievement of a platinum rating in the Sustainability Tracking, Assessment and Rating System (STARS) which makes UVic one of 14 post-secondary institutions in the world to achieve this rating.

d. Senate Committee on Planning

i. Proposal to establish a framework to offer professional doctorate degrees at the University of Victoria

E. Adjin-Tetty introduced the proposal.

Robin Hicks, Dean of the Faculty of Graduate Studies, provided members of Senate with an overview of the proposal and noted that Senate was provided an opportunity for feedback on the proposal at a previous meeting. He expressed his appreciation that this proposal was seen by many Senators as a new concept however, he noted many competitive Canadian post-secondary schools already offer professional doctorates. R. Hicks explained the market demand for the Professional Doctorate credential and how this was not in competition with the already existing PhD. He also assured Senators that this was not a way to funnel students into either program as the decision to enter each credential would be chosen upon admission.

In response to a question from a Senator as to whether the expected outcomes would be project-based or through a dissertation, R. Hicks explained that these requirements would be up to the unit offering the credential and the needs of the discipline.

A member of Senate asked about the admission requirements for applicants with, or without, a Master's degree for which R. Hicks responded that the Professional Doctorate was not a lesser degree but simply different than the PhD requirements and would therefore require similar rigour in their admission requirements.

Motion: (R. Hicks/M. Hoorfar)

That Senate approve, and recommend to the Board of Governors that it also approve, the proposal to establish a framework to offer professional doctorate degrees at the University of Victoria, as described in the memorandum dated November 21, 2024.

CARRIED

ii. Proposal to establish a Doctorate in Engineering in Leadership in Engineering Applications and Practice program

E. Adjin-Tetty introduced the proposal.

Mina Hoorfar, Dean of the Faculty of Engineering and Computer Science, spoke to Senate on the exciting opportunity for the faculty, and how the program would be the first of its kind in Canada while addressing a need in industry.

A member of Senate commented on the apparent weakness of the letter of support from the Engineers and Geoscientists of BC (EGBC). Jens Weber, Associate Dean, Professional Programs and Development, explained that the regulatory body would not pass judgement on accreditation issues, but would respond to the question of market demand. A further comment was made on the number of conferences a student would attend and whether there was enough time in the students' schedule. M. Hoorfar noted that networking and group learning was an important part of the program. J. Weber explained how the teachings would be set up in a workshop style with high touch points between peers, instructors, and industry professionals.

Motion: (A. Bhappu/L. Harder)

That Senate approve, and recommend to the Board of Governors that it also approve, the proposal to establish a Doctorate in Engineering in Leadership in Engineering Applications and Practice program, as described in the document "Leadership in Engineering Applications and Practice (LEAP) Program", and that this approval be withdrawn should the program not be offered within five years of the granting of approval. 7. PROPOSALS AND REPORTS FROM FACULTIES

There were none.

8. PROPOSALS AND REPORTS FROM THE VICE-PRESIDENT ACADEMIC AND PROVOST

a. Office of the Vice-President Academic and Provost Update

As noted in K. Hall’s report, Elizabeth Croft, Vice-President Academic and Provost, announced that Dr. Tammy Hopper would be the inaugural Dean of Health, effective May 1, 2025, the same day the Faculty of Health becomes operational. She acknowledged there was still work underway across campus to prepare for the Faculty of Health to become operational and thanked the various groups in ensuring a smooth transition. E. Croft also noted that there was an academic leadership group, led by the Deputy Provost, who continue to meet to support the transition from the Faculties of Human and Social Development, Social Sciences, and Education and will help to ensure Dr. Hopper is well positioned when she arrives. This group includes the directors of the schools that will become part of the Faculty of Health.

E. Croft welcomed Laura Cowen as Acting Dean of Science. She reported that the re-appointment committee for the Dean of Science has recommended Dr. Peter Looock serve another term as Dean, and that recommendation would proceed to the ratification phase next week.

E. Croft reported that before the holiday closure, an email was sent to faculty and instructors outlining strategies and supports for academic accommodations which reflected consultations during the fall term, including through the Listening Tour, Deans’ Council, the Associate Deans Academic Council, and a Chairs and Directors forum. She noted the Deans were working with their teams to create high-level accessibility strategies for their units, with tangible goals and desired outcomes. As part of this process, E. Croft

announced that VPAC would provide limited one-time funding for units to implement sustainable solutions or pilots intended to enhance accessibility, noting how new initiatives that reduce reliance on CAL and OREM would be prioritized. In addition, to support members of the university as we continue to develop and implement strategies, E. Croft noted that VPAC will maintain the central exam supports in the Office of the Registrar and Enrolment Management beyond the end of the academic year, noting that these supports are unsustainable and that there is a need to address the growing reliance on these supports as demand for services grows. E. Croft also noted that VPAC will continue to resource CAL appropriately to ensure they can fulfill their mandate of supporting complex accommodations into the foreseeable future.

E. Croft reported that guidance was shared with faculty and instructors about preparing for winter weather conditions, which is available on the [VPAC website](#).

Finally, E. Croft announced the virtual town hall for the campus community to provide feedback on the proposed changes to the Academic Writing Requirement on January 21, 2025, and this information can be found on the [VPAC website](#).

Senators discussed the ways in which accommodations are needed in different disciplines, how curriculum and academic regulations may need to change, and the resources within the Division of Learning and Teaching Support and Innovation. In response to members of Senate questions on the strategies and support for academic accommodation, E. Croft noted the concerns brought forward.

9. OTHER BUSINESS

a. Senate vacancy

A. Saab announced the resignation of Senate member, Henning Struchtrup, effective July 1, 2025. She reported to Senate that a by-election would be required to fill the remaining term for this member-at-large position and that a call for nominations would be issued on January 13.

There being no other business the meeting was adjourned at 4:53 p.m.
