

Hi UVic! My name is Emily Hiser and I am running to be one of your members of Senate. I'm a third-year Political Science and Environmental Studies student. I was a lead data organizer on a 2019 federal election campaign and now volunteer on the Electoral District Association. I am currently an active member of Divest UVic and the City of Victoria Youth Council. I volunteer with community teams organizing warm clothing drives, community soup nights, and school green team initiatives. It is important to me to amplify student voices to the best of my ability.

As a newly elected 2020/2021 UVSS Board member, I aim to create a working relationship between the Board and the Senate to increase Undergraduate representation. I believe in holding the University accountable to their commitment to sustainability and social justice.
