

Faculty of Science Grading Policy

Grading in the Faculty of Science will be done in manner consistent with University policies and regulations as articulated in the Academic Calendar ([Undergraduate](#) and [Graduate](#)). Additionally, the Faculty of Science adopts the following policies regarding grading:

1. Each Unit Chair or Director will determine appropriate training and information related to grading policies, regulations, and expectations to be provided to new Instructors in their Unit.
2. Each Unit Chair or Director will, upon request by an Instructor, provide the Instructor with information regarding grading trends for the course they are teaching.
3. Instructors will not provide students with grades on final assessments until course grades have been approved by the Chair or Director.
4. In addition to submitting final course grades, each Instructor will provide their Unit with complete grade data for their course, including student grades on each graded component of the course.
